HIGH SCHOOL BOYS ARE SUSPENDED TWO DAYS

True love's course never ran more unevenly than that of the Sam Houston Debating society, see the Lincoln Debating society, of this school. Last year just as its most eloquent member was orating to the night air, on the great social problem of whether the dish rag or broom is the most important adjunct of a household along came some unsympathetic, not to say scoffing, doubters and proceeded to break up the meeting and a section of the fence which surrounded the school grounds. The result was the immediate suspension of some of the members and the changing of the name from the Lincoln to the Sam Houston society, for the development of oratorical and pyrotechnical ability on the part of the young high school hopefuls. But that is ancient history.

Friday night, while the society was deeply engrossed in its discussion of a topic of equal importance, along came some of the same or equally scoffing doubters, and raised a ruckus in a rough house with the society's peace of mind, the members say. The brand new picket fence, which is the pride of the school was ruthlessly deprived of a pair of its front posts which would make a noise like a suffragette convention.

Monday morning, six boys were excused from recitations temporarily until they could arrange the previous Friday evening's proceedings with the principal. In cold, plain, English they were "canned."

DEMON'S MANAGER TO QUIT DOUGLAS

Daniel A. O'Donovan, manager of the Douglas Street Railway company and also of the Douglas baseball club, has resigned and will return to Cincinnati as soon after the first of October as he can arrange his business affairs in the smelter city. O'Donovan's resignation becomes effective October 1 and he will be succeeded by R. G. Arthur, manager of the street railway. A meeting of the baseball supporters will be held to select a successor to manager O'Donovan as the head of the baseball affairs.

O'Donovan is perhaps the best known baseball manager in the southwest. He is well known in El Paso, having brought the Douglas club to this city for a great number of games during the time he has been in charge of the team.

CHURCHES ARRANGE FOR THE REVIVAL

At a luncheon which was held at the Angelus Wednesday, the committees which will have charge of the union services to be held by the Protestant churches of the city were elected. The executive committee is to be headed by Rev. C. S. Wright, of the Trinity Methodist church, with Rev. C. L. Overstreet, of the First Presbyterian church, as vice chairman.

Rev. Mr. Overstreet will also have charge of the advertising for the big meetings as chairman of the advertising committee. James A. Dick will be chairman of the music committee, Dr. Robert Bruce Smith of the location committee, Rev. C. S. Wright of the building committee, and Howard B. Durkee of the devotional committee.

T. J. Jones will be in charge of the ushers for the big tabernacle, assisted by two representative men from each church. L. J. Ayers and the treasurers of the Protestant churches will compose the finance committee.

FIRE INSURANCE KEY RATE REDUCED

Advice was received from Dallas insurance agents this afternoon that the fire insurance key rate, has been decreased from 50 cents to 44 cents.

In order to get the benefit of the single exposure clause it would be necessary to have the rate reduced to 40 cents.

Joe Guinane, chief clerk of the Pullman company, has returned from a business trip to Chihuahua.

Now, the Fall Season Is Begun

WITH the opening display of last night and today we enter upon the fall season with a feeling of confidence that our preparations have been rightly made. SOME CHANGES IN WATER PLANT

Will Race Will Probably Be Manager; May Necessitate Other Changes.

When the city takes over the International water plant on Friday, there will be several changes made in the management. It is reported from the

inner circles that Will E. Race, at present general bookkeeper, will be superintendent of the plant. F. H. Todd, at present city engineer will also assume charge of the engineering work on the water plant, though it is possible that his chief assistant in the engineering office, W. G. Russell will be promoted to the head of the latter department.

Low Gasser, now mechanical superintendent of the company and a candidate for sheriff on the Republican ticket, will remain in his present position. Jack F. Dawson will continue as office manager.

Mayor Kelly Wednesday morning said: "While neither the council nor I have decided on the personnel of the new management, it is probable that F. H. Todd, if he be named engineer of the plant, will continue as city engineer, as the work can probably be handled in the one office. However, no definite action will be taken until after the return of aldermen Clayton and Hewitt, who are in Pueblo, attending the irrigation congress. We expect to take over the plant on September 30."

PACKERY ORDINANCE TO HAVE READING

Morris Petition Will Be Presented to Council at Thursday Meeting.

Morris & company's packing plant ordinance will have its first reading in the city council Thursday morning and will be carried over for a final reading on the following Thursday. W. N. Pence, western manager for the Morris & company's interests in Mexico and the southwest, will remain here until after Thursday in order to be present at the council meeting and answer any questions the aldermen may wish to ask regarding the proposed packing plant.

No site has yet been selected by the Morris representative for the location of the plant. This will be done after the city council has passed the franchise ordinance granting them permission to erect the plant.

GIRL IS ACQUITTED ON CHARGE OF TAKING RING

Judge Harper instructs Jury to Return Verdict for Plaintiff Attorney Deales Jurisdiction.

Alexandra Gutierrez, a Mexican girl charged with theft, was declared not guilty on instructions from Judge Harper in the 34th district court, Wednesday morning. The girl was charged with taking a diamond ring belonging to R. S. Hill, now residing at 203 East Boulevard, but who lived at 708 North Oregon, when the ring was missed. The girl was employed as housemaid at 708 North Oregon.

After her arrest the ring was found at the home of her father, according to the testimony introduced at the trial Wednesday, but it could not be proved that the girl, who was confined in jail at the time wrote the note that led to the finding of the ring. On the ground that it was a second hand diamond
