**INTEREST ON STATE
 LAND PAYMENTS**

Letter From Land Commissioner Answers Many Urgent Inquiries.

Many inquiries have been made of The Herald as to the policy to be followed by the state land commissioner in enforcing the payment of November 1 interest on pain of forfeiture. The commissioner sends a copy of a letter recently addressed to W. D. Riser, editor of the Roundup, Upland, Texas, which answers these queries. The letter which is dated September 10, is in part as follows:

"I am glad you wrote me as it offers an opportunity to correct what seems to be some erroneous impressions that have gained circulation throughout the west, relative to the power or authority of the commissioner of the general land office with reference to the law of residence upon school land and the payment of interest.

"In the first place I, as land commissioner, have no power or authority to grant permission to any one to leave his land for any purpose, nor under any circumstances. In the second place I, as land commissioner, have no power or authority to say to any purchaser that the interest on school land need not be paid on November 1st of each year.

"Each of the foregoing propositions is regulated by laws enacted by the legislature and I have no power or authority to suspend those laws.

"Many letters have come to me asking that permission be given to move off the land and also that payment of interest be postponed.

"To all I have written frankly the substance of the above observations. But I have told those desiring to move away temporarily on account of drought that while I could give no permission yet my sympathy for them is so great

that if they should leave and their residence be attacked I would notify them; give them a full hearing and then if their absence seemed to have merit in it I would exercise all the discretion I could in favor of letting them keep their homes.

"With reference to the payment of interest, I have written many that those who could pay ought to do so promptly, but that those who could not pay would not take any chances on having their land forfeited by me before late next and summer, say about August, 1911, and if at that time conditions were such that it would seem best by reason of crop prospects, to forego a forfeiture until crops could be gathered, marketed and two payments could be made on November 1, 1911, that I would be willing to exercise the discretion I have in this matter and not forfeit until later. This discretion will apply especially to those good people in the west who are actually making their home on the land and by so doing trying to develop the country, rather than to the speculator who is either just using the land to trade on or simply holding it for an advance in price.

"You may say to your readers that I know by personal experience all about the hardships incident to crop failures. That my sincere sympathies go out to them and that I will use every discretion I possess toward protecting them, and that each one will be notified before anything is done here which will jeopardize his home."

TO DEMOLISH UN-SANITARY HOUSES

(Continued from page one.)
 ing, states that for one week ending October 29, the total births number 23, and the deaths 19. As to scarlet fever, it is stated that there is but one case in the city. Typhoid fever patients number 5, only one of whom is a resident of the city. Only one new case of tuberculosis is reported.

During the week, meat market inspections totaled 24, and 371 pounds of meat were condemned. Other inspections include dairies, 90; slaughter houses, 30; milk wagons, 30; meat and fish, 216; hogs, 24; sheep, 68; calves, 32; fruit and vegetable wagons and stands, 975; premises inspected, 53; complaints, 51.

That the winter campaign has been started toward preventing smallpox and its spread, in the event the disease is brought into the city, is evident, the total vaccinations performed the last week numbering 200, according to the report.

The report of plumbing inspector Maloney, reporting receipts of \$105.50 for September was approved.

The report of chief of police Jenkins announcing receipts of \$1531.50 during September, was also read and approved.

MEXICAN SMOTHERS TO DEATH IN WELL

Nicolas Tercero Was Working in Well Near Marfa When Overcome

Marfa, Tex., Oct. 20.—Nicolas Tercero was killed while ballasting at the ranch of T. Mead Wilson yesterday. He had been lowered into a well 96 feet deep to send up the loosened rock, when he was overcome by the fumes of the recent explosion.

Tobin Arcade

The Postoffice Is Behind

El Paso's New Thoroughfare in the heart of the business district. Extending from Oregon St. to Mesa Ave. just south of the postoffice and Morgan building. The Elite Confectionery is on the Oregon St. corner of Tobin Arcade and the Buckler Building is on the Mesa Ave. corner.

Trial Package Free
 Quickly Cures Piles At Home

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

When it proves its value to you, get more from your druggist at 50 cents a box, and be sure you get what you ask for. Simply send your name and address to the Pyramid Drug Company, 279 Pyramid Bldg., Marshall, Mich., for a free trial package in plain wrapper.

TEACHER STABBED; SCHOLAR ARRESTED

Principal of Del Rio School Seriously Cut; Student Under Arrest.

Del Rio, Tex., Oct. 20.—Wirt Pauley, principal of the public schools at Juno, Val Verde county, was seriously stabbed in an altercation in the school, and Barney Bradford, a 16-year-old school boy, has been arrested and is now under bond awaiting the action of the grand jury.

From reports it appears that the teacher reprimanded the boy for some misconduct and later on while a class was coming forward to recite the scholar, it is alleged, drew his knife. Pauley made an attempt to take the knife away from Bradford and in the scuffle was stabbed in the right side of the abdomen. Late reports say the teacher has a good chance to recover.

WOMEN OF JUAREZ PLAN IMPROVEMENT

To Give Entertainment for Purpose of Raising Funds to Improve Church.

Civic improvements in Ciudad Juarez are about to approach the very grounds of the old Guadalupe mission, which for centuries has withstood the advance of things modern. It is proposed to build cement sidewalks about the timeworn church, replacing gravel paths.

To raise funds for this work, the society women of the Mexican city will entertain Oct. 30 at a fair and festival. It is planned to have the function about the base of the new monument of Benito Juarez.

PROHIBITIONISTS WILL WAIT AWHILE

Proposition Framed But Is Withheld From Convention at Phoenix.

Phoenix, Ariz., Oct. 20.—The temperance forces have framed a proposition for the constitutional prohibition, but have withheld its introduction for the present. It is understood a poll of the delegates indicates a majority in favor of the submission of the question, which would be a surprise to the wet forces.

The major portion of the work is now being done in committees. The taxation committee is working on a proposition for making some changes in methods of taxation of the present system.

The legislative committee will make a report on the initiative and referendum early next week. It probably will recommend no permit.

The taxation committee of the convention will from now on not wait for individual members to introduce propositions but will proceed with framing and introduction of proposals covering subjects that must be dealt with in the constitution. This will expedite the work, and was brought about by a resolution offered by Cuniff of Yavapai.

May Enforce Time Limit.

After Oct. 31 it is probable that no propositions will be introduced except by committees, the time limit to be placed in order to hurry up delegates who have pet ideas of their own. Two weeks longer is deemed sufficient time.

A railroad commission or corporation commission will be created by the convention. One proposition provides that the commission shall have three members, elected for six, four and three years. Another proposition provides that the commission shall have four members, elected for three, two and one year for all three. Jones of Maricopa, chairman of the committee on railroads, will favor making the powers of the commission broad enough to cover other corporations, including telegraph, express and public service utilities.

Blow at Incorporation.
 A proposition that will bring no joy to the companies doing an incorporation business in Arizona, is that introduced by Ellinwood. Under the present law companies may be incorporated on payment of a fee of \$20 to the territorial treasury. The total amount of fees amounts to \$600,000 annually to Arizona. Ellinwood's proposition provides that the general assembly shall pass a law fixing a franchise tax based on the capital stock of all corporations organized under the laws of Arizona. As it is likely the legislature will make it higher than \$20, the aim of the proposal is to restrict the incorporation business, and make the laws less lax. Some think it would mean a net loss to the state and drive the business to other states with more liberal provisions.

County Division.
 Propositions for the division of Maricopa into two counties, cutting off Tempe and Mesa, and for the division of Yuma, making a county of north Yuma and southern Mohave, are slated to be come before this convention. The latter proposition has considerable support on account of the distance people of the A and C section must travel to reach the county seat. What is known as the "southern" section, that all of Maricopa county south and east of the Salt river, seems in a measure to favor making a new county with Mesa as the county seat. The result of such division would be to make one Democratic county and one Democratic county was before.

Commission Government.
 Commission government or home rule is destined to pass the convention. Chairman Sims of Cochise of the committee on counties and cities reports that a poll of delegates shows them favorable. The proposition which he has introduced is practically the same as the California law, which makes it applicable to towns of 3500 or more in population. Phoenix, Tucson and Douglas will probably be among the Arizona cities to adopt the commission plan.

Submission Possible.
 Prohibition and "southern" is understood, will attempt to force the delegates into the open on submission of state wide prohibition if a public hearing is granted. Prohibs believe they have a fighting chance to get the matter before the people.

Let Me Send You A Treatment of My Catarrh Cure Free

I Will Take Any Case of Catarrh, No Matter How Chronic, or What Stage It is In, and Prove ENTIRELY AT MY OWN EXPENSE, That It Can Be Cured.

Curing Catarrh has been my business for years, and during this time over one million people have come to me from all over the land for treatment and advice. My method is original. I cure the disease by first curing the cause. Thus my combined treatment cures where all else fails. I can demonstrate to you in just a few days' time that my method is quick, sure and complete, because it rids the system of the poisonous germs that cause catarrh. Send your name and address at once to C. E. Gauss, and he will send you the treatment referred to. Fill out the coupon below.

FREE
 This coupon is good for a package of GAUSS' COMBINED CATARRH CURE sent free by mail. Simply fill in name and address on dotted lines below, and mail to C. E. Gauss, 8774 Main St., Marshall, Mich.

Chicago Girl Soon To Leave Seclusion

Chicago, Ill., Oct. 20.—Miss Marguerite Sherlock, the 20 year old daughter of J. F. Sherlock, president of the Illinois Nail company, of Chicago, has been kept in strict seclusion all her life, never being allowed on the

street save in the company of a chaperone, and never being permitted to talk to a member of the opposite sex. Society in Chicago is looking forward with keen interest to her coming out party, and her friends are wondering how she will act when thrown into the company of young men.

DEATHS AND BURIALS.

THOMAS C. SHEARER.
 The body of Thomas C. Shearer, who died Wednesday from burns received at the Southwestern Portland Cement company, will be shipped tonight to Galveston, Tex., where interment will be made. A sister living in Dallas was notified of the death, but undertakers Nagley & Kaster have received orders from the collector of customs at Galveston to ship the body there.

JONG JUNG.
 The body of Jong Jung, a proprietor of the Green Light restaurant, who died Monday, will be shipped to China. Instructions came from friends in San Francisco. Jong was 50 years of age, and had lived many years in El Paso.

KINGMAN INDIAN CHILDREN PLAY HOOKEY AND MARRY

Kingman, Ariz., Oct. 20.—An Indian boy and girl arrested for playing hookey from school at Truxton, eluded the vigilance of the Indian policeman, went before the probate judge and were married. When the policeman heard it, he submitted as gracefully as possible. The couple left school for a good home at Chloride.

HIGHLAND PARK METHODISTS.

The board of trustees and stewards of the Highland Park Methodist church will meet this evening at 7:30 for the purpose of formulating plans for the work of the ensuing year.

COMMITTEES WIND UP THEIR WORK AT SANTA FE

The Legislative Committee Passes Initiative Question Up to the Convention.

Santa Fe, N. M., Oct. 20.—The committee on legislative department has completed its work for the constitutional convention, except that it could not reach an agreement on any of the many initiative and referendum propositions submitted to it and will pass the subject up to the convention, which will refuse to adopt any provision of that nature. The report of the committee provides for a bi-cameral system of 24 senators to be presided over by the lieutenant governor and 49 house members, each to serve four years and to receive \$5 a day for actual attendance besides 10 cents a mile for traveling to and from the capital. The legislature is to meet every two years, not to exceed 90 days the first time and 60 days at the second session. It may be called in 30 days special session by the governor. Heavy penalty is provided for bribery, and special and local legislation are prohibited. The number of the legislative employees is limited, who are enumerated, and these are to receive from \$2 to \$5 a day.

No Changing or Losing Bills.
 Changing any bill or causing it to disappear while it is pending in the legislature, is declared a felony punishable with penitentiary sentence. No legislator shall be appointed to any state office, or to any county office, he has helped to create or whose emoluments were increased by the legislation in which he served. No appropriations are to be made for institutions not entirely controlled by the state, no donation shall go to any railroad or other private enterprise. Corporations and individuals shall be given no exemptions or immunities that do not fall to every citizen alike.

Executive Committee Reports.
 The committee on executive of the constitutional convention today completed its report providing for the election of governor, state secretary, treasurer, auditor and superintendent of public instruction, the term to be four years and salaries liberal. Reselection is prohibited, although a fight was waged to exclude the superintendent of public instruction from that rule. An effort to create the office of secretary of state failed.

WHAT'S THE USE To Keep a "Coffee Complexion?"
 A lady says: "Postum has helped my complexion so much that my friends say I am growing young again. My complexion used to be coffee colored, muddied and yellow but it is now clear and rosy as when I was a girl. I was induced to try Postum by a friend who had suffered just as I had suffered from terrible indigestion, palpitation of the heart and sinking spells. After I had used Postum a week I was so much better that I was afraid it would not last. But now two years have passed and I am a well woman, I owe it all to leaving off coffee and drinking Postum in its place. I had drunk coffee all my life. I suspected that it was the cause of my trouble, but it was not until I actually quit coffee and started to try Postum that I became certain that then all my troubles ceased and I am now well and strong again. There's a reason." Look in pkgs. for the famous little book, "The Road to Wellville." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

retary of internal affairs to have charge of labor, mining, agriculture, horticulture and lands failed.

Mrs. Edwin Fowler, wife of deputy county clerk Edwin Fowler, is seriously ill at her home with pneumonia. Mr. and Mrs. Fowler intended leaving Monday for a three weeks' vacation to be spent in Dallas and St. Louis. They may take the trip following her recovery.

A Skin of Beauty is a Joy forever.
 D. T. Felix Goursaud's Oriental Cream or Magical Beautifier.

Remove Tan, Pimples, Freckles, Minors, Rash, and Skin Diseases, and every blemish on beauty, and skin detection. It has stood the test of 50 years, and is so harmless we can use it on the most delicate skin. It is properly made. Accept no counterfeit. It is the best of its kind. I recommend it to all who desire a skin of beauty. Dr. L. J. Knobel, of New York, writes: "I have used D. T. Felix Goursaud's Oriental Cream as the best of all the skin preparations. For sale by all druggists and Europe. Good Dealers in the United States, Canada and Europe. F. E. T. HOPKINS, Prop., 37 Great Jones Street, New York."

SKIN AFFECTIONS
