

Desert Lands Yield Fortunes

Hitherto valueless lands paying large profits in Fibre production—Made possible by the recent invention of

C. A. STEWART, Pres. and Gen. Mgr.
J. A. LEAHY, Vice-Pres.
J. W. BARKER, Sec. and Treas.

FIBRE PRODUCTION

Commercial Fibre, such as is used in the manufacture of rope, mats, cheap floor covering, hammocks, nets, cheap brushes, hair brushes, tooth brushes, hand brushes, etc., is for the most part produced in Mexico.

Large areas in Mexico are given over to the exploiting of the lechuguilla plant, which produces a large percentage of the fibre exported by that country.

The plains of Southwest Texas abound in the lechuguilla. Thousands and tens of thousands of acres are going to waste annually for the mere lack of initiative in the establishing of a highly profitable industry within our own borders.

The Vaughn Fibre Machine makes possible a pleasing, profitable business. A single machine can produce a net profit of from \$30.00 to \$50.00 per day, and fibre always finds a ready market. The demand exceeds the supply.

THE VAUGHN FIBRE MACHINE

Do Not Fail to See Our Exhibit at The Fair

For Full Information Concerning Fibre Culture and the Vaughn Fibre Machine Call or Address

The Texas Fibre Machine Manufacturing Company

Room 7, Morgan Building, El Paso, Texas

DO YOU KNOW

That the United States imports more than \$30,000,000.00 of fibre annually from Mexico alone?

That one state in Mexico alone can produce more than thirty millionaires, who have made their fortunes in fibre?

That fibre is one of the easiest crops to produce and harvest in the world. In Texas the plant grows wild and merely requires the gathering and cleaning?

That the fibre market is one wherein the demand far exceeds the supply?

That the uses for fibre are increasing nearly every day?

That there is more money in fibre than in fruit or alfalfa?

That the Vaughn Fibre Machine is the only perfect fibre machine on the market today and it is portable?

DOUGLAS LEADS IN BALL SERIES AT THE FAIR

Both El Paso and Douglas Defeat the Cheyenne Indians on Monday.

Douglas held on to first place by defeating the Cheyenne Indians in the fair tournament in the second game of the day, Monday. The score stood 5 to 1. During the first five innings neither side was able to get a man across the plate, but Cheyenne scored one in the sixth. Harris went out, third to first; Whalen made first on a fumble by the third baseman; Galena knocked an easy one to the safe to center; Carlson singled to second, who scored on Hester's single past second.

Douglas scored her first in the seventh. Harper filed out to second, who grabbed it off the sky. Watson filed safe to center; Carlson singled to the same place and Matty took third, Kane singled over second, scoring Matty. In the eighth inning the balloon ascension occurred. Snapp, of Douglas, hit safe to third; Mills beat out a bunt; Powell played the same trick; Harper fanned; Mathewson hit to third, who threw Snapp out at home. Carlson doubled to left, scoring Mills, Howell and Mathewson. Carlson scored on a wild pitch, and Kane filed out to third. Cheyenne could do nothing in the last inning. The score:

Douglas	AB	R	H	PO	A	E
Maag, 2b	4	0	0	3	2	0
Smith, ss	2	0	0	1	2	1
Snapp, 3b	4	0	2	1	8	1

Dan Patch Holds Reception At Fair Grounds Wednesday

Three base hits—Jackson, Flick. Two base hits—Gray, Goult, Brown, Cavet. Left on bases—El Paso 4, Cheyenne 5. Bases on balls—Gray 2, Cavet 2. Struck out—Gray 5, Cavet 6. Hit by pitcher—Cavet (Gray, Flick). Double plays—Flick to Jones to Jackson; Brown to Walker to Hester. Hits—Off Gray, 14 in 8 1/2 innings; off Ables, 0 in 2 3/4 innings. Umpire—Mathews. Time—2 hours.

MAKES NEW RECORD FOR AIR CLIMBING

New York, N. Y., Nov. 1.—A "baby" Wright roadster, with Ralph Johnstone at the wheel, glided gracefully to earth in the twilight at the close of the international aviation meet at Belmont park last evening with the barograph registering a new world's record for altitude. The little machine of only 25 horse power had been up 7,714 feet, exceeding by 528 feet, the height attained in France on October 1 by Henry W. Winnamalon, of Holland.

NEW RECORD IS MADE IN BICYCLE RACE

Boston, Mass., Nov. 1.—A new American record for a tenlap track in a six day bicycle race, 10 hours a day, was made at the conclusion of the first 10 hours of the six days bicycle race at the Boston arena last night. Eight teams tied at 222 miles one lap. The old mark of 222 miles 3 laps was made at the Park Square track in this city in 1908.

A bad spill late in the day reduced the number of teams from 12 to 10, while Iver Lawson, of Salt Lake, will be laid up for some time with a broken collar bone. Fred West of San Francisco, of the West-Mitten team, was also obliged to withdraw, while Lawson of the Lawson-Walker team, was out with a broken collar bone. Gordon Walker, of Australia, and Worth Mitten, of Davenport, Iowa, made a new team and went into the race with a handicap of one lap against them.

NELSON FIGHTS A DRAW; SHOWS HE CAN'T COME BACK

San Francisco, Cal., Nov. 1.—Batting Nelson and Antone LaGrave, of this city, fought a 15 round draw last night before the Broadway Athletic club. While Nelson displayed all of his old time boricin tactics and kept after LaGrave from the start, he clearly demonstrated that he is to be classed with the fighters who cannot come back. Several times he had the local worried but the dane could not gather the force to send home a knockout punch. LaGrave was nervous at first and for three or four rounds it looked as though the old champion was going to have an easy time of it.

FIGHTER'S ASPIRATIONS ARE KNOCKED INTO COCKED HAT

Utica, N. Y., Nov. 1.—Con. O'Kelly, who has aspirations to meet Jack Johnson, was out generated by Hank Griffin, of California, here last night in a 10 round go. Griffin knocked O'Kelly down in the third round and opened a deep gash over his right eye, to receive a moment later a savage jab. Griffin proved the better fighter but O'Kelly's extra weight enabled him to stay until the finish.

NEW MEXICO GETS PUBLIC LAND MONEY

Santa Fe, N. M., Nov. 1.—Land commissioner R. P. Ervien has received \$29,382 from the United States treasury, being 5 percent of the net proceeds of the sale of public lands during the past fiscal year. This swells the total received from that source for the permanent school fund to \$94,475, which is invested to bear 4 1/2 percent interest. The mounted police declared after investigation that Pablo Gallegos, who was found at Anton Chico, Guadalupe county, with a bullet hole in his head, and his revolver in his feet, committed suicide, and had not been murdered, as his wife alleged.

The New Mexico College of Agriculture and Mechanic Arts has announced the result of its analysis of New Mexico waters, showing the water of the Santa Fe is the purest of the waters analyzed, containing only six particles of solids in 100,000 particles of water, while the Rio Puerco had the highest solid contents, 412 in 100,000; the Lucero, Chama, Pueblo, Red, Vermejo, Fernandez, San Juan, Gila, Cameron, Rio Grande, Las Animas and La Plata ranging in the order named.

F. B. Scotland and wife, of Metcalf, Ariz., are here for the week and will stay until the last day has closed. Mr. Scotland is superintendent of the Arizona mine at Metcalf.

THREE WOMEN ARE HURT IN AN AUTO Collision of Two Cars on the County Road Going to the Horse Show.

Without serious injury, five persons were badly jolted in automobiles, which collided shortly before 8 o'clock Monday night on Alameda avenue near Luna street. A seven passenger car, driven by W. Bob Hilgartner, containing three young women hurrying to the horse show at the fair grounds, collided with a five passenger car, unoccupied except by the driver, Fred Swatzel.

Although both cars were damaged, the smaller machine almost demolished, none of the riders were thrown from their seats. Miss May Harris was painfully bruised, and is confined to her home, 2218 St. Louis street; Miss Lillian Fash was slightly bruised, and her clothing torn, but Miss Helie Andressen was unhurt. Both drivers kept their seats and were uninjured.

Following the collision, the young women were removed to the nearby residence of James N. Bradt, 333 1/2 Alameda street, and later taken to their homes. Swatzel's car was badly damaged and rendered useless by a broken rear axle, while the larger machine received a broken fender. Physicians attended the passengers before their removal to their homes, but only Miss Harris suffered very much. She sustained bruises on the left side. There was general fright among the other passengers.

The collision occurred near the center of the thoroughfare. Hilgartner was making a circuit to avoid a horse vehicle traveling in the same direction, while Swatzel, who had delivered his passengers at the park, was returning to the city. The two cars came together sideways.

HALLOWE'EN PRANKS BY SMALL BOYS

Hallowe'en, the 'een on which nothing is hallow to small boys, went off with a rattle of 'tick tacks' and a bang of front gates in El Paso, Friday night. The eve of All Saints' day was celebrated with its usual juvenile lawlessness, and grownup pranks in home parties and at church social.

There were parties without end in Sunday school rooms, lodges, clubs and residences. The Y. M. C. A. and the Y. W. C. A. held elaborate social affairs, and the symbol of the event, the booby booby pumpkin lantern, reigned full sway. There were spook sessions and old fashioned games.

Hallowe'en, which has lost most of its religious significance, represents the "holy eve" before All Saints' day, which today is being celebrated in Roman Catholic and Episcopal churches. All Souls' day immediately follows on Wednesday, with recognition only in the Roman Catholic churches.

J. E. RHEIN

The Republican convention that nominated and placed before the people the present splendid ticket are in no sense politicians; but earnest and busy business men who are interested only in the good government of El Paso county. The office of district clerk is one of the most important in the county, and they selected as their candidate Mr. J. E. Rhein to make the race against the present incumbent, Ike Alderete. Mr. Rhein has never held or sought political office and therefore is not known as a politician but has many loyal friends and staunch supporters who know him as a hustler and are giving him their support.

NEW PASTOR IN CHARGE OF TULAROSA UNION CHURCH

Tularosa, N. M., Nov. 1.—Rev. B. W. Allen of Maria, Tex., has arrived. He will have charge of the union church pulpit hereafter, preaching every first and third Sundays.

Rev. Berryman of Alamogordo has made arrangements to preach here once a month for the Baptist congregation. Mike McDonald, who has been seriously ill for some time, is dead. Interment was made Tuesday at the city cemetery.

RIGHTS OF JUDGE IN JURY TRIALS

Supreme Courts Rules on Important Matters in Admitting Evidence.

Washington, D. C., Nov. 1.—A man's constitutional rights are not necessarily violated because jurymen try him on a charge of murder or are allowed to separate to read newspapers during the trial, it is held by the supreme court of the United States.

The court held similarly in regard to the refusal of a judge to send the jury out of the courtroom during arguments on the admission of evidence.

Furthermore the court laid down the rule that the act of requiring the accused to put on a coat, alleged to have been worn when the crime charged was committed did not amount to "requiring the prisoner to testify against himself."

These points were made in the decision of the court in refusing to interfere with the sentence of life imprisonment imposed by the federal circuit court of western Washington upon James H. Holt on a charge of having murdered

Henry E. Johnson in Fort Worden barracks, Washington.

In announcing the opinion of the court, justice Holmes says that the trial judge had gone to the limit in the exercise of his discretion in the trial, but that he had committed no reversible error.

"No doubt the more conservative course," said justice Holmes, "is to exclude the jury during the consideration of the admissibility of confessions, but there is force in the judge's view that if the juries are fit to play the part assigned to them by our law, they will be able to do what a judge has to do every time he tries a case on the facts without them, and we cannot say that he was wrong in thinking that the men before him were competent for their task."

In regard to the jury separating during the trial, justice Holmes said that if the mere opportunity for prejudice and corruption was to raise a presumption that they exist, it would be hard to maintain jury trials.

As to the coat incident, the justice made the remark that the principle underlying this objection would forbid a jury even to look at a prisoner and compare his features with a photograph.

OLD MILL CIGARETTES

Pedigree is everything—here it is. Cigarettes blended of pure Virginia and Carolina tobaccos—leaf that traces its ancestry back to the origin of the smoker's pleasure. Mellow and mild, wrapped in the Wheat Straw paper you have always used to roll your own cigarettes.
