**MINISTERS DECLARE THE LAWS OF THE CITY ARE NOT BEING ENFORCED**

**The City Council Says They Must Be—Street Paving Ordered and Bids Opened For Storm Sewer.**

The laws of the city and state will be enforced in El Paso, the city council declared in a formal resolution at Thursday morning's session.

The resolution followed the reading of a petition from the Protestant ministers of the city. In the petition, complaints are registered against the operation of places of amusement on Sunday; against the construction of buildings, which the petition recites "is to the disturbance of Sabbath-observing citizens," and against the holding open of grocery stores, markets and other places after 9 a. m. Sunday. Complaint is also made that the law governing the closing of saloons on Sunday is not being rigidly enforced.

The petition is signed by Rev. Henry Easter, Rev. Chas. L. Overstreet, Rev. C. S. Wright, Rev. H. Marvin Law, Rev. E. H. Combs, Rev. R. T. Hanks, Rev. Frank W. Otto, Rev. Perry J. Rice, Rev. Kenneth Brown, Rev. Edw. E. Hearn, Rev. Robert Bruce Smith and Rev. E. W. Merrill.

The resolution adopted by the council following the reading of the ordinance, recites:

"That it is the sense of this body that all ordinances of the city and all laws of the state be enforced to the end that the city be preserved and the rights of her citizens be protected."

Discussing the proposition, alderman Clayton stated that the city has no ordinance prohibiting the operation of moving picture shows, peanut stands, confectionery stores and drug stores on Sunday.

**Street Paving.**  
West Missouri street is to be paved from North Oregon to Fisher street, and Gladstone street, the continuation of Missouri, is to be paved from Fisher to Putnam, according to a resolution adopted at the Thursday morning meeting of the city council. A resolution which authorized the city clerk to advertise for bids, which are to be opened in 30 days, was also read and adopted.

Consideration to other streets in the city was accorded as a result of the appearance before the council of J. J. Brady, who protested against the grade already established on North Campbell street. Mr. Mundy asked for a chance, but was advised to prepare a petition for the council's consideration. It was explained that the grade could not be changed without striking a hardship on one of the property owners who has already erected a house.

**Storm Sewer Bids.**  
Bids for the construction of the Main street storm sewer were opened. The bidders included N. E. Carter and T. J. Shea. The bids, accompanied by certified checks, were referred to the street and grade committee, which may report Thursday afternoon.

**Objection to Warehouse.**  
Petitions read at the meeting include that of the Mine and Smelter Supply company and others for the removal of the large frame iron clad warehouse at 119-114 South Durango street, which was referred to the fire and water committee.

The petition of H. G. Shrimp to maintain his news stand on Mills street at the north door of the postoffice was referred to the street and grade committee.

The petition of John Cargoes to conduct a flower stand at the Rio Grande Valley bank was allowed.

**Electric Signs.**  
The petition asking for permission to erect an electric sign at the Grand Central hotel was approved. The petition of F. R. Tobin to erect electric signs at the entrance on Mesa avenue and Oregon street of the alley running south of the postoffice building was also granted.

The petition of the property owners in block 8, Golden Hill addition, for a sewer extension in the alley between the two blocks was referred to the sanitary committee.

**City Cash Is Low.**  
The city bank balance on Sept. 30, last, was lower than on June 30, but a substantial amount is still on credit, according to the report of L. M. Turner, city treasurer, which was read and adopted at the council meeting.

The report states the balance on June 30, 1910, amounted to \$490,349.81; receipts to September 30, 1910, \$242,435.15; disbursements June 30 to Sept. 30, \$238,057.99; balance Sept. 30, \$46,726.97.

**City's Health.**  
The report of W. H. Anderson, city health officer, recited that 29 births and 18 deaths occurred the past week. One case of chickenpox is reported and one smallpox suspect remains. No new cases of tuberculosis were reported.

Inspections during the week include meat markets 217, meat condemned 72 pounds; dairies 90; slaughter houses 30; milk wagons 25; meat wagons 3; cattle 244; hogs 28; sheep 90; calves 132; fruit and vegetable wagons 1045; condemned 35 pounds; premises inspected 41.

**Building Inspector Reports.**  
Other reports adopted at the council meeting include those of S. B. Haggart, building inspector, whose collections during October amounted to \$125. The report of J. W. Hadlock, sewer commissioner, states that 200 feet of sewer

was laid in block 66, East El Paso, the past week.

The council meeting was attended by mayor C. E. Kelly, aldermen Clayton, Hewitt and Blumenthal and city clerk Fassett. Alderman McGhee is ill.
