Matrimonial Fees Show the Effect Of High Cost Of Living

El Paso Minister Who Gets a Dollar for Uniting a Couple, Wonders Why the Good Old Days Are No More.

Are bridegrooms becoming stingy or are they taking into consideration the high cost of living? This is the question asked by a local minister who opened an envelope and found therein a dollar bill. It was his fee for performing the ceremony, a small fee in comparison with the good old days when bridegrooms were wont to give as much as \$25 or \$50, very often \$50, when they could little afford so much. The usual fee offered nowadays is from \$10 to \$25, though of course the clergyman never fixes the amount, always leaving it to the groom to pay him whatever he thinks he is able to. Generally the more fashionable weddings are all arranged beforehand and the minister receives his fee nearly always in this case a generous one, before he performs the ceremony. Sometimes Cash is Sky. However, sometimes couples are married and they are a bit short on the long green, so they stand off the minister and promise to pay later. Sometimes they do and sometimes their memories are very poor, or even if they do recall the incident, the bill they send is small. This reminds one of the man who was married and told the minister he would "see him later." He failed to

Feet So Sore Couldn't Walk Down Stairs—TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, calluses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes." No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale by all druggists, 25c per box, or direct, if you wish, from Walter Luth Dodge & Co., Chicago, Ill.; Recommended and sold by Knoblauch Drug Co., Inc.

The Story Of a Brick

A Sandy Narrative of El Paso Growth. By C. A. Brann.

Fifteen years ago I was but a million large grains of sand in the bed of what is now the Rio Grande. One day a man came and dug me up together with others, put me in a wagon and hauled me far away to a place where he poured water upon me and placed me in a mould from which I emerged in the shape that he desired. Then he placed me in a furnace furnace and I went through another process, coming forth a red brick of uncertain proportions and none too delicate lines. From the kiln I was taken and stored on a sidetrack for many days and then I was loaded into a wagon with a number of my fellows and hauled to Texas street. There I was dumped into the muddy street, for they had no asphalt streets in those days. From the mud I went to find a resting place in the bottom of a large wall. They patted me on top and bottom with white mortar. This substance stuck to me and for years I held my position as a part of that small building where many made their homes. My sides were plastered and I stuck to my place doing my duty as I should, standing on my head in the sidewalk of the building and many sights have I seen. Years passed on and the street was changed. New buildings sprung up about me and my russet color showed in contrast with the handsomer product of the present day. The muddy thoroughfare on which I was wont to gaze with longing eyes, changed; they tore it up, hauled away the mud, placed to make bricks of it and instead placed asphalt on the foundation that

BEAVERS MAY NOT OPERATE BUFFET

The new order of Beavers, which has just formed, will probably have some trouble establishing its clubhouse if it attempts to operate a buffet. The state of Texas, or rather the officials who are administering the law, are just at present opposed to such things and they are not allowing any new clubs to get charters for dispensing liquor. Only this week, the Amarillo lodge of Elks wrote to J. R. Bowman, private secretary to the governor, asking whether or not under their charter they might establish a buffet in connection with their lodge. In taking out their charter they made affidavit that they would not take out a government liquor license, and chief clerk Little of the department of state called the attention of Mr. Bowman to this. He answered the letter accordingly. There is some doubt existing at present as to whether or not any new lodge under the new system of the secretary of state can now establish a buffet. The secretary of state is receiving all such clubs an affidavit similar to that signed by the Amarillo lodge in obtaining its charter some time ago, and would probably make an effort to require the same kind of an affidavit from any new lodge. The question as to the right to do so would at once arise. Within a very short time it seems the exact rights of clubs operating buffets will be thrashed out in the higher courts, as the power are considerably clouded at present.

PLAZA BLOCK MAY GET BIG BUILDING

Offers Made for Property by Parties Eager to Build. A new concrete department store may be erected on the site of the present plaza block and between the Anson Mills building and The Herald building. The owners of the Plaza block and site have received a number of offers to sell the valuable site and also to build a modern department store building. One out of town firm is asking for figures on a building to be erected on the Pioneer place property for use as a modern department store building. Should this building be erected it will be at least five stories high and of concrete, fireproof construction. The property is owned by Felix Martinez and others. A theater company is also contemplating the erection of a modern theater building in the rear of the plaza block with an entrance through the Anson Mills building arcade.

TO PREPARE FOR ENLARGED OUTPUT

For the first time since it started to producing barrels of cement, the big Southwestern Portland Cement company plant on the smelter road will be silent after Thursday. The plant closed down Wednesday evening for 30 days to allow the machinery to be inspected, repaired and put in condition for the overtime run for supplying the Elephant. But the dam project is secured by the El Paso company. The shutdown was not expected until Monday, but the supply of coal on hand ran out Thursday and the plant was closed. The plant has 100,000 barrels of cement in storage at the plant from which the supply will be obtained with which to fill the orders until the plant starts up again.

DAILY RECORD.

Building Permits. To Gaspar Cue to build porch, 2518-2520 Pera street; estimated cost, \$35. To E. E. Kogelmeier, to build concrete building, lot 1, block 22, Highland Park; estimated cost, \$500. Cowen, a Los Angeles police detective, who arrested Wilcox in Hutchinson, Kans. The prisoner was placed in the police jail Wednesday in order to allow Mr. Cowen to obtain a short rest. Wilcox is charged with appropriating the funds of a carpenter's union in Los Angeles. Mr. and Mrs. S. E. Haggar have moved from 706 to 716 Myrtle avenue.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder. A sound stomach makes for good citizenship as well as for health and happiness. Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It builds up the body with sound flesh and solid muscle. The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address: World's Dispensary, Medicinal Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

CITY HAS TWO BIG SEWER JOBS GOING

Construction of the Main street storm sewer has been started by the city under the direction of E. L. Martin, a cement plant mechanic. The sewer, which will be 63 feet, is to be extended 660 feet west along the north line of Main street, and is to be a continuation of the North Oregon street storm sewer. A force of Mexicans is now engaged in excavating for the sewer trench. The cement work will be commenced at an early date. The laying of the deep sewer from the Mills building to San Antonio street is progressing under the supervision of J. W. Haddock, city sewer commissioner. Owing to danger from a cave-in, the work is not being done as fast as it would otherwise be possible. The workmen are protected by board walls placed on either side of the ditch.

MARRIED WOMEN

No married woman's happiness is complete without children; she yearns with the deeper longings of her nature for the joys of motherhood. But women who bear children should prepare for the coming of baby by properly caring for their physical systems. Mother's Friend is the expectant mother's greatest help. It is a remedy which prepares the muscles and tendons for the unusual strain, renders the ligaments supple and elastic, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. It is especially valuable where the breasts are troublesome from swelling and congestion, and its regular use will lessen the pain and danger when the little one comes. Women who use Mother's Friend are assured of passing the crisis with safety. It is for sale at drug stores. Write for free book for expectant mothers. BRADFIELD REGULATOR CO., Atlanta, Ga. MOTHER'S FRIEND

BOYS PEEK AS A NEGRESS DRESSES

Eva Crawford, one of the members of a negro school comprising part of the carnival on West San Antonio street, was acquitted in police court Wednesday afternoon of all charges in connection with the mutilated appearance of a Mexican youngster. Eva, according to her story, was in her dressing room when she happened to hear a snicker. She was not long in discovering, she said, several pairs of eyes looking at her through a hole in one side of the dressing room. She warned the boys to leave, she says, and also wadded a skirt in the hole. The boys pushed the skirt back in the room and again snickered. That was too much even for Eva. Grabbing a water bottle, weighing some 10 or 11 pounds, full of water, she ran out of the room intending to drown the youngsters. In some way, she says, the bottle slipped, and the Mexican youth, who "had just arrived and was listening to the music by the band," was hit on the head. He was taken to the police station for treatment.
