

SENTENCE SERMONS IN PULPITS OF EL PASO

God's measurement of a man is the motive of the man and not the action.—Rev. E. J. Bulgin at First Baptist church.

The man who refuses to surrender his life to Christ, openly accepts the life of a willful sinner.—Rev. A. N. Evans at Highland Park Methodist church.

The church as a whole, not any single individual nor any class in it, is the evangelistic force by means of which the world is to be won to Christ.—Rev. Perry J. Rice at First Christian church.

A great spiritual feast is in store for all El Pasoans: Gods says: "Come, for all things are now ready," and to make excuse in matters of personal religion is ruinous folly.—Rev. C. L. Overstreet, First Presbyterian church.

Malice drives love to the wall, guile witnesses to its death, hypocrisy merely counterfeits its noble deeds, envy and evil speaking show that this most noble virtue has been supplanted by foul hatred.—Dr. H. F. Wright at Houston Square Baptist church.

Man has his origin in time, but before he achieves his true glory or even enters upon his real existence, he must burst through the elements of time which restrained the hearing of his immortal nature, and fly to his great possession at the throne of God, where he shall be a joint heir with the son of God.—Casper S. Wright at Trinity Methodist church.

The Lord's supper was instituted by our savior to be a perpetual memorial of his death and sacrifice for us, and is as binding upon all of his followers as all other of his commandments, and the believer's plea of unfitness or unworthiness is not a good excuse for the breaking of this holy command.—This do in remembrance of me.—Rev. Frank W. Otto at First Methodist church.

In order that God's children may be used effectually in the present evangelistic effort of this city, we must have that beautiful childlike spirit of submission to God, and be strengthened with might by His spirit in the inner man and have Christ permanently abide in the heart by faith and be rooted and grounded in love so that we may be filled at least to some degree with all the fulness of God.—Rev. O. G. Jones, of Big Springs, Tex., at Westminster Presbyterian church.

BULGIN THROWSHOT SHOT INTO THE DEVIL'S CAMP

Big Union Revival of El Paso Churches Opens With Large Attendance.

Bulgin's big meetings opened Sunday evening at the tabernacle with every seat filled and a few standing in the rear of the improvised house of worship on Mills street. It was an auspicious opening for a series of meetings which are expected to establish a record for attendance in El Paso. There were fully 3000 people in the big enclosure and the chorus choir on the choir platform numbered over 200. All denominations were represented by pastors and people, many attending who had no church affiliations. One row of seats on the left side of the big tabernacle, was occupied by a number of Christian churches led by little Mar Wing Kuo, the ex-governor of Chinatown. A few negroes of the old camp meeting school also occupied a bench apart from the main sections and were much interested in the big meeting.

NERVOUS DYSPEPSIA A CURE FOR ALL

Not a Patent Cure-All, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia. In these days of humbug and deception, the manufacturers of patent medicines, as a rule, seem to think their medicine will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are so sure of their nostrum, that they claim that it cures every dyspeptic and he need look no further. In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain. It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, giving refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food. In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these tablets at each meal, thus assisting and resting the stomach, which rapidly regains its proper digestive power, when the Tablets will be no longer required. Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body. Stuart's Dyspepsia tablets are sold by all druggists at 50 cts. per package.

appealing to the audience for a large collection. Dr. Bulgin, hoarse from continued speaking in the open air at similar meetings, made his introductory talk by announcing that the meetings were to make up a campaign of reason and that he did not want any sacred religion to enter into it. He asked for a fair minded attitude and that prejudice be laid aside in considering his work while here. Although so hoarse that it was an effort for him to speak, Dr. Bulgin made himself heard in all parts of the tabernacle and his reasoning and logic was clear out, after the manner of the lawyer, the speaker having been a practicing attorney before entering the ministry. Taking for his subject "The Question of the Age," Dr. Bulgin preached a forceful sermon in defense of the immortality of Christ, using Paul's great teachings as the basis of his logical arguments. His style is as forceful as his thought. He works as hard as a man sawing wood and he gets results in the same proportion. The meeting closed with the singing of the invitational hymn by the chorus choir and the usual request for prayers. Dr. Bulgin's subject for Monday evening is: "The Unreasonable Demands of Unbelief."

CHIPS FROM BULGIN'S AX

I am going to hew pretty close to the line. If the chips hit you in the face, get your face right. Every man in El Paso is a lost man until he gets a personal belief in God. Kesley gives you a rebellious stomach. Jesus Christ gives you a rebellious soul. Both save men. I do not believe in deathbed conversions. Many men try to use religion as a fire escape to get out of hell and into heaven. Every man should be a Christian because it is right. Christianity is character and character cannot be developed on a deathbed. If the disciples did not really see Christ, they must have had pickles, sauerkraut and cheese for supper, and had the visions in their sleep. Paul gave up a salary of \$17,864 to follow the teachings of Christ. Yet they said he had a sunstroke that caused him to do it. If it was a sunstroke, for heaven's sake let El Paso get one tomorrow. If Jesus Christ was only human, why have you not evolved another like Him in 20 centuries of development and advancement? To say that He is a mere man is ridiculous. To deny that Christ lived and worked is like the woman who said that she knew that Homer did not write the Iliad. She said another man by the same name wrote it. Christ is the motor, the mainspring of human endeavor. I never read Blackstone to criticize but to get all out of it I could. Read your Bible the same way. If I could find Jesus Christ guilty of a mistake I would burn my Bible at once. The hub of the wheel of this revival is to be Christ Jesus redeemed from the dead. God made Adam late Saturday night and made him rest with Him on the next day. El Paso is a good city. You can judge it by the show windows. The merchants advertise in your newspapers. Not to advertise is like the young fellow throwing his girl a kiss in the dark. He knows what he is doing but no one else does. Infidelity is destruction without one element of construction.

CHURCHES ALL JOIN REVIVAL

No Evening Services Until Big Tabernacle Meeting Is Over. None of the Protestant churches in the city will hold services during the evening for three weeks all meetings having been postponed on account of the union revival services being conducted by Rev. Dr. Bulgin in the tabernacle at the corner of Mills and Kansas streets. First Presbyterian—The Women's Missionary society will meet at the church Tuesday afternoon at 3 o'clock. First Christian—The aid society will meet Thursday afternoon at 3 o'clock in the church parlors. First Methodist—Mrs. Parsons, sec-

retary of the missionary board in Alaska will tell the missionary society Tuesday afternoon at 3 o'clock, of the home in El Paso. Houston Square Baptist—Rev. J. J. Bullen, who has been pastor of the Nicetown, Philadelphia, Pa. Baptist church, will arrive in El Paso on November 20 and will preach his first sermon at this church on Sunday, December 2.

The aid society meets in the church parlors Tuesday afternoon at 3 o'clock. Calvary Baptist—Rev. R. T. Hanks, the pastor, is in Houston attending the convention of Baptists, Rev. W. Hatchell, of Juarez, filled the pulpit Sunday morning. First Baptist—Rev. L. R. Millican, pastor of the First Baptist church in 1894 to 1897, has been engaged by the church officials as temporary pastor pending the calling of a permanent pastor. Mr. Millican will preach his first sermon next Sunday morning.

WATER SUPPLY OF SAN LUIS VALLEY

Geological Report on Colorado Region Now Fighting El Paso.

Washington, D. C., Nov. 14.—The United States geological survey has just published a report on the geology and water resources of the San Luis Valley in central Colorado, the valley where the Coloradans are attempting to get permission to dam the Rio Grande and take the water that has been reserved to fill the Elephant Butte lake. The report is by G. E. Siebenhall, geologist. In this valley, which is nearly as large as the state of Connecticut, large crops of hay, grain, and other products are raised by irrigation.

The report, which is published as Water-Supply Paper 240, discusses in detail the underground water as it is exhibited in artesian wells and springs. The artesian wells number between 2000 and 4000 and range in depth from 100 feet to more than 1000 feet. Over a large part of the west side of the valley it is possible to obtain a good flow of pure cold water at a depth of less than 200 feet and at a cost of about \$50.

Mr. Siebenhall's sketch of the geologic history of the valley, though brief, is interesting. The center of the valley was once occupied by a large lake from whose waters were deposited a loose body of sands and clays that now make up one of the geologic formations from which an artesian flow is derived. The existence of this lake was inferred nearly 30 years ago by Jacob Fowler, who explored the valley in 1822. In his journal Mr. Fowler writes: "Monday 18th Feby. 1822. We set out early up the river and at about 12 miles from the mouth of the High Rocks, the River does not move in a very gentle manner as it appears much impeded by Rocks and is forced forward dashing from one Rock over others in holes and through the mountains. Which from what I can learn is about seventy miles. When it appears below in an open country. I have no doubt but the River from the head of those Rocks up for about one Hundred miles has once been a lake of about four to fifty miles wide and about two hundred feet deep—and that the running and dashing of the Water has worn a Way through the Soils to form the present channel."

The report contains an excellent map of the valley and is also illustrated by numerous diagrams and half-tone views. It may be obtained without charge by applying to the director of the survey at Washington.

THIRTY-SIX DONATE SPACE FOR MEETING

Big Booster Gathering Will Be Advertised by El Paso Merchants.

Secretary C. A. Kinne, of the chamber of commerce, has received 36 favorable responses to the request mailed out to El Paso merchants asking that they donate space for advertising space in the newspapers for one day for the purpose of boosting the big mass meeting to be held Thanksgiving night. One hundred and nine such requests were made. The following merchants and business men have donated their ad space for boost purposes: William Moeller, Bob Moore, Draughon's Business college, Elite Confectionery, Smith Ice Cream company, Thurston & Longnecker, Harry Swartz, El Paso Brick company, Odum's Transfer company, Shelton-Payne Arms company, Ellis Bros. Loomis Bros., Anderson-Filler Realty company, El Paso Piano company, Jackson Grocery company, Western Transfer company, Newman Investment company, Henry & Hughes, Government Hill company, Tuttle Paint and Glass company, First National bank, Rio Grande Valley Bank and Trust company, Guarante Banks and Trust company, El Paso Repair Shop, R. C. Lightbody, Silberberg Bros., George A. Mansfield and company, J. B. Watson, Fred J. Feldman, El Paso Trunk factory, Popular Dry Goods company, El Paso Gas and Electric company, W. G. Dunn and company, International Book and Stationery company, D. W. Reckhart and W. G. Walz.

ELEPHANT BUTTE AWARD ACCEPTED

The Victoria Land and Cattle company has decided to make no further contest over the award for the Elephant Butte dam, but will accept the amount given it by the board of commissioners, according to the Santa Fe New Mexican. Friday last the New Mexican said under a Socorro date line: "The Victoria Land and Cattle company, one of the defendants in the case United States of America vs. Victoria Land and Cattle company and Gregorio Gonzales, have abandoned their appeal to the supreme court of the territory of New Mexico and accepted the award of the commissioners, viz: \$199,097.25. Gregorio Gonzales did not appear from the judgment of the court."

EVERY GOAT SHOWN AT THE FAIR SOLD

Most of Them Go to Mexico, to Improve the Breeds.

El Paso has done much to encourage the Angora goat industry. Every goat exhibited at the fair was sold. Most of them went to Mexico, and this indicates that an effort is to be made to improve the grade raised in that country.

Millions of goat skins are shipped from Mexico to the United States and from to European countries each year, but owing to the duty on mohair but little effort has been made in the past to grow Angoras and there are very few pure Bred ones in the country. Many of the crosses can be found in several sections of the republic, but little attention is paid to raising good breeds. Now it will be different and all this as a result of the National Mohair Growers' association meeting in El Paso during the fair.

SHERIFF WILL PUT BAN ON GUN TOTING

Gun toting and the promiscuous wearing of deputy sheriff's badges will cease after the first of December, sheriff elect Peyton J. Edwards says. The newly elected sheriff will take office about December first and the first thing he will do after appointing his working deputies will be to revise the list of deputy sheriffs who will maintain the peace and dignity of the state in El Paso county. No one will carry a gun but a deputy sheriff on duty, the new sheriff declares emphatically. Neither will anyone wear a deputy sheriff's badge but these same working and office men. No more street car deputies will be allowed in order that the street car company may be prevented from collecting the usual title per round trip. Sheriff elect Edwards says he has not decided upon his appointments for the new deputy sheriffs, but will announce the list before taking office.

PECOS APPLICATION FOR WATER REFUSED

Santa Fe, N. M., Nov. 14.—The people in the counties tributary to the Pecos river today find themselves in the same predicament as the people of the Rio Grande and tributary valleys north of the Engle project, on account of the territorial engineer rejecting 12 applications that were pending for the appropriation of waters from the Pecos and including the \$3,000,000 Urton Lake project. The rejection was on the ground that the reclamation service had already appropriated twice the normal flow of the Pecos for the Carlsbad project, but settlers declare that waters on the upper Pecos never reach the lower course, being lost by seepage, percolation and evaporation long before they reach the Carlsbad project. This decision will prevent all future development by irrigation projects until the supreme court lifts the embargo on the Pecos.

BANDITS ATTACK A MINE NEAR PARRAL

Parral, Mexico, Nov. 14.—In an effort either to steal bullion or rob the employees of the mine, who had just been paid off, bandits attacked the Santa Gertrudes mine, nine miles from Parral, and were repulsed by the miners. Adolfo Soto, assistant to P. B. Butler, who is working the property under a lease, was shot. The bandits did not get anything. Rurales have arrested two suspects. Bandits have been frequenting this region of late, driving off cattle and robbing ranch houses.

Men Who Have Smoked for Years pronounce RENOWN the one best bet in the cigar case. Take good leaf tobacco, from districts where cigar leaf is grown, use that of one district for flavor, that of another for the body, that of another for the wrapper, and you have a blend that smokes sweetly, burns evenly and brings the smiles of satisfaction that a RENOWN does. We don't ask you to buy a box of RENOWNS. All we ask is that you try a quarter's worth of the best RENOWN you can find. If you smoke for the money, we don't want your money? Fair proposition?

Today, at Any Dealer's "RENOVN" 5¢ PLATTER TOBACCO COMPANY

ALL STOMACH TROUBLE VANISHES AFTER TAKING A LITTLE DIAPEPSIN.

No Indigestion, Gas, Heartburn or Headache five minutes later. If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine. The harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you or lay like a lump on lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your Pharmacist for a 5-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you. These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

LETS CONTRACT FOR TWENTY-FIVE WELLS

Oklahoma Man Buys Interest in 7000 Acre Tract Near Pecos.

Pecos, Tex., Nov. 14.—The Rosenbaum Grain company, through its manager H. C. Mountcastle, of Fort Worth, has contracted for 25 wells, to be drilled on the Barrio tract, about 20 miles south from Pecos, while practically every well drilling outfit available has been pressed into service. Interest in the development of the section surrounded Pecos, in the shallow water belt, by the installation of pumping plants, has been increased by the sale of an interest in a 7000 acre tract to an Oklahoma capitalist, J. H. Uterback, of Oklahoma City, having acquired the interest of M. L. Swinehart, of this city in this tract. A surveying force is now in the field making subdivisions of the entire tract into 40 and 80 farms. One well has already been completed and equipped with necessary pumping apparatus, furnishing 750 gallons of water per minute, sufficient to irrigate 200 acres and the Layne & Coley company, of Houston, Tex., is expected to deliver 2000 gallons per minute.

POSTOFFICE AT MARFA IS ROBBED OF SMALL CHANGE

Marfa, Tex., Nov. 14.—Several attempts at burglary have been made in

Marfa. The thieves have made successful but small raids on the market and grocery stores of George Shannon and the postoffice has been broken into. Only some small change was taken, while the big safe was left undisturbed. Efforts are being made to trace the guilty parties. The soda fountain and other apparatus of the Hamilton cafe have been bought by the Palace Drug store. The Woodmen's Circle held a business meeting. The women of this organization will give a supper and cake sale this week.

TAKES TURKEYS TO MARKET. Alto, N. M., Nov. 14.—Ted Reuter left here yesterday for Carrizozo, N. M., with a wagon load of turkeys.
