ber of points in the four meets will receive a gold medal.

In the Intermediate class, Ross Hill is the highest point winner with 14 points. Bruce Struthers has 6 points for second, while Louis Robertson is only one point behind for third. Lee Pickens is fourth with 4 points. This meet will be even more interesting than that of the seniors on account of the points being so evenly distributed.

BASKETBALL.

The basketball circles of the Y. M. C. A. will resume their schedule Wednesday night after the rest during the Christmas holidays. The 1911 season will open up with two games, the Shelton Payne vs. the Bryan Bros and the Walk Company vs. the Internationals.

The teams in the Commercial league are practically on an even basis again, only one game separating the leader from the tailenders. The two leaders play against each other tonight, as do also the tailenders, and the result is being watched with intense interest.

The Internationals have been top-notchers all along, but were pulled down by the last team in the last game, and now will have to work hard to defend their position against the Walk team, who are tied with them for first place.

There will be a double header at the gymnasium Saturday night, the E. P. M. I. will play the first challenge game of the season with the Y. M. C. A., and the Bible club will meet a picked team from the Commercial league.

Much speculation is on foot in regard to this game, as two of the "Y" men of last year, Jones and Snyder, are now playing on the Institute team, and add materially to their strength. Only two of last year's team are with the association this year, but the new men are fast and the game is sure to be full of interest.

BOWLING.

The Cactus club bowling circles have taken another spurt. Tuesday night there were three leagues represented and some good games were played. The best work of the evening was in the Terrazas league, the individual players of that league running the highest games.

Digging Potatoes With a Scoop Shovel

A judicious or economical man will not dig potatoes with a scoop shovel if he can get a bright clean potato fork to dig them.

A wide-awake young man will not spend nine months or a year preparing himself for a stenographic position when with a better system and better instruction he can prepare himself better in from four to six months.

He knows that four months' time saved means four months' salary earned. He knows it is wiser for him to pay fifty dollars for an up-to-date course and first class instruction than to accept a "free scholarship" on the scoop shovel plan. He knows that in the four months saved he can have earned from \$300 to \$400, besides having had the advantage of superior educational training. That is why the wide-awake young men and women attend

FRANK GOTCH BACKS TURK

AS THE CHAMPION WRESTLER Omaha, Neb., Jan. 4.—Frank Gotch last night turned over his honors to Yousef Mahmoud, and a nounced that he would back Mahmoud against Haken Schmidt for \$20,000, part of which was posted last night.

The announcement was made from the ring in which Haken Schmidt and Jess Westgaard were preparing to wrestle, by "Farmer" Burns, who stated that \$1000 had already been deposited by himself on behalf of Gotch, and that remainder will be posted at any time the challenge was accepted. Mahmoud himself and his manager appeared in the ring and the Turk offered to wrestle Haken Schmidt or any other man.

GOOD WEATHER AT TAMPA.
Tampa, Fla., Jan. 4.—Outsiders captured a majority of the events here yesterday. Unusually warm weather again made racing conditions ideal, but the delay in the arrival of the steamer Morgan from Pensacola with 200 horses, left several bad holes in the card. A baby race is a carded feature for today.
