FAKE LABELS MAY BE USED ON DRUGS

No Violation of the Law to Claim Nostrum As Cure.

Washington, D. C., May 29.—Drugs may be labelled as cures for men and yet be absolutely ineffective for that purpose without violating the national pure food and drugs act, according to a decision today by a majority of the supreme court of the United States in the case of Dr. O. A. Johnson.

Case Starts in Missouri. Johnson was indicted in the federal courts of Missouri in 1909, on a charge of having violated the pure food and drugs act of 1906. It was alleged that Johnson, doing business under the name of a company, shipped from one state to another certain articles designated as "Cancerine tablets," etc., the labels upon which were an advertisement in that they implied that the articles would cure and were effective in bringing about the cure of cancer. It was alleged in the indictment that this statement was untrue and the articles were worthless and ineffective for such purposes.

The indictment was quashed on the ground that the pure food and drugs act was restricted to prevention of misstatements about the ingredients of drugs, and did not include the prevention of misstatements about the curative properties of medicines. The government appealed to the supreme court. It was the first case to come to the court under the drug section of the act.

In the arguments before the supreme court, the government admitted that the construction it put upon the law would probably break up the patent medicine business in this country. On behalf of Dr. Johnson, it was contended that if the government's view prevailed that every physician would become a criminal if he prescribed or made any suggestion as to the efficacy of his prescription. It was stated also that the biggest trust in the United States, the medical trust dominated by the so-called regular physicians, had been delighted if the patent medicine were put out of business by this case.

STEEL STOCKS ON A DOWNWARD TREND

Trading Restricted in Steel and Tobacco and Market Uncertain.

New York, N. Y., May 29.—Heaviness of United States Steel which sold nearly a point, held the stock market in check this morning. The tone became dull and hesitating. Holders of United States Steel were held in check by fears of further unsettlement of the steel and iron trade and by uncertainty as to whether more will be announced in the American Tobacco case today and there was also the usual curtailment of operations preceding a bid off with United States Steel, but there was no sign of weakness elsewhere, prices holding close to Saturday's final figures. Renewal of the upward movement in Canadian Pacific was attributed to the excellent prospects over the border. Bonds were irregular. The market closed irregular.

WHEAT SELLING IS FEATURE OF MARKET

Chicago, Ill., May 29.—There was considerable rush to sell wheat today on account of lower temperature and the widespread rain. Foreign crop conditions were reported improved. July started at 85 1/2 to 85 3/4, a loss of 1/2 to 1 to 1 1/2, but recovered to 89. Later may reached 1.02, a net gain of 2 1/2, due to excited covering by a few shorts. Other options were not affected and instead continued to decline. The close was steady at a net loss of 1/2 to 3/4 for July. Corn dropped on account of general unloading by cash houses. July opened 50 to 50 1/4 off at 52 to 53 1/4, and reacted to 53 1/2. Both longs and shorts threw shorts overboard on account of the breaking of the drought, lower at 35 1/2 to 35 3/4, touched 35 1/2 and fell to 35 1/4. The close in corn was weak at a net loss of 1/4 to 1/2 for July. Provisions were easy. First sales were a shade to 5c down, with July \$14.90 for pork; \$4.20 for lard, and \$7.55 to 7.97 1/2 for ribs.

Cloudcroft Fever High in East Texas. Special Trains to Be Run to the Popular Summer Resort.

Cloudcroft fever is running high in eastern Texas, according to H. L. Haynes, Jr., traveling freight and passenger agent for the Southwestern, who has just returned from that part of the state. The people in the large cities have learned about the summer resort from the circulars Mr. Haynes places, and the interest is so great that special trains are to be run during the summer.

The Houston people especially have taken to Cloudcroft, as the new hotel there is being run by a Houston man, Capt. James Lawler.

A 10 day stopover will be given in El Paso on all the Cloudcroft excursion tickets from eastern Texas, both to and from the summer resort.

A special train which will carry excursionists from Houston, Galveston, San Antonio and all the other cities will pass through El Paso to Cloudcroft June 18. After the first of June daily excursion rates will go into effect from these cities.
