Rains Fish in Colorado.
Cripple Creek, Colo., Aug. 26.—It actually rained fish here yesterday. During a short shower of rain and hail thousands of fish from one and a half to two inches in length fell in the vicinity of Union Baseball park. More than four bushels of the finny downpour were swept up in and around the yard of John Peters, a carpenter.

Charged With Pistol Toting.
C. C. Rockford was arrested on Friday charged with carrying a pistol.

Some Reasons Why You Should OWN A HOME

First—It is economy to do so. Your landlord makes a profit upon his investment in the rent you pay him. You would divert that profit to yourself.

Second—It is by all means the best and safest investment. Money placed in a home will earn a much higher rate of interest than if loaned.

El Paso property is rising and the home will grow more valuable all the time.

Third—Not the least matter to be considered is the greater comfort one enjoys. You will take a surprisingly increased interest in your home when it is your own.

These are but a few of the reasons. We can give you many more, and we can tell those of small means how they can acquire a home. We are offering

Has Two Cases Now.

Pedro Estrada was arrested on Friday, charged with assault. He had been arrested on the same charge on Thursday, but released on bond. When released, it is said, he remarked that "he would beat up his old woman." He returned to his home at 409 South Oregon street, and it is claimed made so much noise that officer Williams was called to the scene and arrested Estrada.

He now has two assault cases against him.

THE KROGH PUMP ALWAYS GIVES SATISFACTION

Because, the Krogh Pump is a power saver. It is designed and built so as to eliminate losses of power due to friction to the greatest extent. It is compact and strong. All parts are sufficiently heavy to withstand all the strain that they will be subjected to, even under the severest service. Furthermore, the Krogh Pump is accurately balanced against vibration.

Because, the design of the "Krogh" is extremely simple. Any man can understand it. The Automatic Water Balance arrangement, the greatest feature of the Krogh Pump, is absolutely and unconditionally "fool proof." Its parts cannot be disarranged or moved and there is no position in which it could be set that would cause it to fail to work.

Forty Girls Get Wise

As soon as they found out through the free lessons by mail how easy it is to learn Gregg shorthand, they quit their \$6.00 a week positions and prepare themselves to earn \$20.00 a week by taking a course at the International Business College.

Some of the girls feel that they cannot afford to give up the \$6.00 position just yet, so they are still holding their old places and learning Gregg shorthand in the night school at the International Business College.

Gregg shorthand writers win the speed contest at Washington, D. C., and break the world's record for accuracy in transcription.

Don't drop your money in the school of promises "where Jack went"—or be wheedled into signing a contract, from which many a victim would now like to be loose.

Try our work and be convinced before you pay. That's the kind of guarantee that counts.
