

Advance Fall Styles

OUR plans for the present Fall Season are on a bigger scale than we have ever before conceived. Our Advance Fall Display--outlined below--is almost as large as we usually have when the season is fully in. It is not out of place for us to bring out the fact that next spring will see us in the new quarters. See illustration of building on page five, section six in today's Herald.

This new store is the result of consistent merchandising and supplying at all times absolutely correct styles and selling superior garments to those found in a general store. Then too, this is the one store in El Paso that maintains a one-price system and guarantees a perfect fit. Notes of our advance display of Fall Styles follow. Read these--then come next week and see the garments themselves.

Tailored Suits—In connection with our Advance Fall Styles in Suits we want to tell you that it is our purpose to go through this season with quality and values so interesting and so impressive that every woman who buys a suit here will remember The White House as a store different from the ordinary, striving for betterness in distinctive styles, representative fashions and workmanship that has that indefinable custom-made finish that every well dressed woman desires.

Every suit shown next week is correct according to authoritative designers. Foreign fabrics as well as the best weaves and patterns from domestic mills enter into the suits now shown. The materials are broadcloth, French serge, worsteds, two-tone diagonals, velour cloths and corduroys. Colors shown are golden brown, grey, coronation purple, amethyst and black. The materials, shades, trimming and modes, as expressed in the new fall suits we show, are distinctive and authoritative to the greatest degree. Prices range \$18.75, \$19.50, \$22.50, and up to \$75.

Suits at \$25—When it comes to selling the best suit offered in El Paso for \$25.00, we feel there is no argument. Our leadership in \$25 suits will gain strength again this season, judging

from suits at this price that have already arrived. In fit, quality and workmanship, the suits we feature at \$25 are equal to those usually offered elsewhere at \$30 and even more. Next week you are offered a wide variety of choice and if \$25 is the price you care to pay for the new fall suit, select it here.

The Latest in Dresses—The new season's Dress styles are most attractive, and in our advance display you will see a very complete showing of the best selections. Several large shipments have been added to our previous showing. Some of the features are **Silk Dresses**—New Silk Dresses in quite a range of selections, solid color and hairline stripes—most popular Fall tones.

Silk Dresses—Entirely new models in Messaline, Crepe de Chine and Eolienne Dresses—representing the latest style departures. **Wool Dresses**—The most complete advance showing we have ever made. These are in Voiles, French Serges and Broadcloths—all appropriately trimmed. Empire models prevail. Prices range from \$7.50 to \$50.

Imported Dresses—We have already received an import shipment of Parisian Dresses selected personally by Mr. Gaston Coblenz while in Paris this summer. Details of these dresses will be given later.

White Corduroy Dresses—The New York rage is White Corduroy Dresses. Next week we will make a display of these in plain white, also white with colored trimmings. Prices are \$15.50, \$16.50, \$17.50 and \$19.50.

New Waists—Beautiful Fall shades and models in messalines, satins, and embroidered chiffon waists will be displayed next week. We feature a new Fall model chiffon waist at \$2.95.

New Fall Skirts—Corduroy Skirts stand out prominently as the real new thing in skirts this season. These we show in black, white and colors. There is also a full line of Panamas, Serges and Voiles in a large variety of new styles. Prices range up to \$25.00.

New Coats—The latter part of next week we will show all the new ideas in Fall coats.

New Corsets—New models in Lily of France, Modart—the improved front laced, Redfern, Royal Worcester, Warner's Rust Proof and Bon Ton are ready for your selection.

Accessories—Beaded Bags as shown by us are about the most striking dress accessory the season has brought out. In addition to Bags, daily arrivals in all other Accessories make this section one of great interest.

A Word About Styles and Colors

The gorgeous coronation purple, the color of royalty, predominates. Black and white, greens, blues and browns are also in great favor. Among the many striking styles we call attention to the new fringe effects—Astrologer's shapes and the jaunty Quarter Latin Caps.
