ONLY MESA WATER NOW BEING USED

Through the bringing in of new wells on the mesa, only mesa well water will be turned into the city mains from this time on. Hereafter the mesa wells have been furnishing about two-thirds of the supply, the remainder being secured from the Waste wells in the river bottom. These wells will now be closed as there is a sufficient supply of the mesa water.

SEVENTH GRADE TRANSFER MADE Pupils at Vilas School Are Brought to the Sunset Building

The Seventh grade has been abolished at the Vilas school and the children who have been attending that grade there will in future attend the Sunset school.

At the Vilas school there has been one room used for the students of the two divisions of the seventh grade and there have been but 20 students attending the two divisions; by the abolition of this grade at Vilas, and the transfer of the students to Sunset, we save one teacher, who will be employed at some other school.

Deafness Cannot Be Cured By head applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear or it is stuffed and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, and cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
