

RESOLVED:-

THAT ONE LOAF OF BUSTER BROWN BREAD WILL CONVINCE ANYONE OF ITS SUPERIORITY OVER HOME BAKED OR ORDINARY BAKER'S BREAD.

When you buy BUSTER BROWN you buy quality and not quantity. No matter how large a loaf you get in buying bread, if the quality isn't there you're not getting your money's worth. Buster Brown is all quality; that's the reason that you'll buy no other kind after a comparison.

Always Look for the Name "Buster Brown" on the Waxed Paper.

STRIKE DEPENDS ON CONFERENCE RESULT

Bituminous Miners Will Either Strike Or "Suspepd" Operations. Cleveland, Ohio, March 22.—Whether the 200,000 miners in the bituminous coal fields will strike or merely suspend operations after April depends largely upon the deliberations of a subcommittee composed of two miners and two operators each from western Pennsylvania, Ohio, Indiana and Illinois.

POSLAM STOPS ALL ITCHING

Relieves Immediately and Quickly Cures All Skin Diseases. The terrible itching attending eczema and other skin diseases, which entails sleepless nights and robs sufferers of repose, is stopped at once by Poslam. Pleasant stumber comes as a welcome relief from distress. Soon a complete cure is effected, for the healing powers of Poslam are marvelous. Poslam is a perfect antiseptic, kills germ life and contains nothing to injure the most delicate skin.

grant the miners' demands for a 10 percent increase in pay and shorter working hours. Although a shutdown of all bituminous coal mines in the country is said by President White to be certain, both sides declare they are anxious to prevent a strike or even a suspension of long duration.

SAYS MONEY WAS TAKEN. Serapio Svaldo, who lives at the Indiana house, declares that Juarez officials took \$12,750 from him on Tuesday, put him in jail and kept him there until Friday morning, then released him, but refused to give him his money, though he presented a receipt for it. Svaldo says that while he was in jail no food was given him. He says he was arrested and held in jail because he sold El Imparcial, a Mexico City paper.

JORGES MERGENTZ HEALTH AGENCIES

Senate Frowns Upon Removal of 25 Army Posts And Cavalry Regiments

Washington, D. C., March 22.—Consolidation of all federal public health agencies into a "United States public health service," as proposed by the treasury department was proposed in a bill introduced today by senator Smoot, of Utah. The bill would create the position of the office of assistant secretary for public health.

Army Posts to Remain. The senate has frowned on the proposal to abolish about 25 army posts declared by the war department to be of no use, and to consider the army appropriation bill, that and other provisions will be stricken out. The house proposition to cut also be reported adversely. The senate military affairs committee added \$250,000 for equipment of coast artillery companies of the militia.

Married Women's Rights. A bill protecting married women in rights acquired to public lands before marriage, passed the senate. The measure was championed by senator Jones, of Washington. The house passed a resolution calling on the secretary of war for the number of Apache Indians held prisoners of war at Fort Sill, Okla. Representative Palmer, of Pennsylvania, made an unsuccessful attempt in the house to discharge the indian affairs committee from further consideration of his resolution calling for information on the Apache Indians. The house adjourned out of respect to the memory of the death of representative Foster, of Vermont, at 1 o'clock until noon Monday.

Minority Wool Bill Introduced. Republican members of the ways and means committee introduced a minority bill revising the duties on wool of the present tariff law in accordance with their interpretation of the report of the tariff board. The bill would reduce the duties on wool and manufactures of wool about 40 percent. Would Abolish the Senate. The abolition of the United States senate and the office of vice president, with a reduction of the membership of the house to 100, is proposed in a resolution which representative Lindbergh of Minnesota announced today he would introduce next week.

ISLAND FOLKS FORM COOPERATIVE LEAGUE

To Promote Good Roads, Dams And Canals For All.

San Elizario island land owners have organized the El Paso Land owners' association for the mutual benefit of the property owners on the island in the El Paso valley. The association has for its purpose the improvement of island property with roads, canals, wing dams and other improvements. The association has already constructed a wing dam and is now building 1600 feet of levee to protect the land from the river. A canal to run the full length of the island is also being constructed at a cost of \$30,000 and permission has been obtained from the reclamation service for the construction of this water service canal. Work will start on the canal by August 1 and completion has been prepared for presentation to the county commissioners authorizing the construction of the canal. The association will also arrange for marketing the products of the island ranches to the best advantage. Judge A. S. J. Elyar is chairman of the executive committee. A. Goldstein secretary and H. C. Myles treasurer. R. H. Kinshard and E. L. Deshazo are also members of the executive board.

DENIES DESERTIONS OF THE REGULARS

Washington, D. C., March 22.—A private message from Juan Sanchez Azcona, secretary to President Madero, at Mexico City, received today said: "The report from Juarez that groups of federal soldiers in Chihuahua had joined the rebels is a cowardly falsehood. On the contrary, every man applauds the loyalty of our heroic regulars. It is also untrue that there has been any manifestation here against President Madero. A few days ago there was a most enthusiastic demonstration here in his favor in which 20,000 of our best citizens took part and will be repeated over the greater part of the republic Sunday next."

PHOENIX FARMERS WANT DAM ASSESSMENTS TO EXTENDED

Phoenix, Ariz., March 22.—United States senators-elect Henry F. Ashurst and Mark Smith will meet the farmers today for a discussion of irrigation problems. The payment of the cost of the Roosevelt dam and the extension of a matter of \$10,000,000, is a life question with the farmers just now, as the time for commencing assessments is drawing near. The demand for government amount to \$1,000,000 a year and an effort is under way to have the time extended, as it is an insistence upon the original program would mean bankruptcy for many of the farmers.

The election of a president of the Water Users' association, through which the irrigation managers will occur the first week in April. John P. Orme, the present incumbent, and C. B. Wood, one of the candidates from Maricopa county, are candidates.

A 10,000 club has been organized at Peralta, Tex., for the purpose of advertising the city.

INFLAMED KIDNEYS

Medical writers declare it incurable after the sixth month whether albuminous or not. The average man prefers to think of it as "kidney trouble" and lets it go, but the census shows this appalling fact—out of 47,900 deaths from kidney troubles the last census year nine tenths of them (53,000) took the form called "Bright's Disease" although it is quite probable that nine-tenths of these up to the last moment thought of it as and called it "kidney trouble," when as a matter of fact the only possible cause through a specific for Bright's Disease. There never was one until Fulton worked out his renal emollient (Fulton's Renal Compound). Since then inflammation of the kidney, whether albuminous or not or whether called "kidney trouble" or "Bright's Disease" or whether six months or six years old commonly yields. If you have had kidney trouble over six months no matter what you call it, it is the only hope. Efficiency 87 percent where patients do not wait until bedridden, although some of them recover it can be had in El Paso from Kelly & Pollard, wholesale and retail agents. We desire to hear from and advise with patients not noting the usual improvement by the third bottle. Literature mailed free. Write John J. Fulton Co., 645 Battery St., San Francisco, Cal.

CAMPAIGN OF DESTRUCTION WAGED

Mexican Federals Destroying Towns In Efforts To Subdue Rebels. Washington, D. C., March 22.—The government's campaign against Emiliano Zapata and his followers in southern Mexico is progressing satisfactorily, according to advices yesterday from Gen. Juvenal Robles, whose army is operating in Morelos and adjoining states.

Robles is destroying every place of habitation regarded as a rebel refuge, after the women and children are sent to the towns guarded by federals. Villages have been burned by the federal troops all along the line of march. Neither hit nor hacienda is spared. There have been no important encounters. Rio Grande, hacienda Fuerte and Sombretito in the state of Zacatecas have passed into rebel control, according to reports from the state capital. The correspondent says that want of protection for lives or property practically has depopulated the northern part of the state.

VIOLATIONS OF NEUTRALITY CHARGED

Four Arrests Are Made At The River By U. S. Authorities. Four more arrests were made Friday afternoon at the Stanton street bridge for alleged ammunition smuggling into Mexico. Martin Chavez had three cartridges on his person, Candido Moreno had 24 cartridges, a khaki uniform and a pair of shoes; Jose Moreno and Ramon A. Salcido had no ammunition.

All carried papers showing that they were soldiers of the rebel army. They were detained at the Stanton street bridge pending an examination of the cases by the United States government officials. The first thing in town building is to tell the truth. An agreeable "disappointment" will often locate a man in a small town when a disagreeable one will turn him away from a larger and better one. Men succeed best who work with other men for the general good.

ADMITTS BURGLARY OF I. GOODMAN'S STORE

Jose Espinosa, alias Pedro Ortega, admitted Friday morning in the court of justice E. B. McClintock, that he had burglarized the store of I. Goodman, on South El Paso street, near Seventh street, and had secured goods Goodman values at \$150. The burglary occurred on March 15 and Espinosa, Sebastian Minjares, Cruz Juarez and Angel Casias were arrested by the city detectives on March 20. Much stolen property was recovered from the rooms they were occupying in the rear of 708 South El Paso street. Consequently, though Espinosa admitted he had committed the burglary, all four of the defendants were bound over to the grand jury because the stolen goods were found in their possession. Men are valuable just in proportion as they are willing to work in harmony with other men for the good of their city. No man ever did or ever can do a great work alone. All must pull together. Impossible things are simply those which so far have never been done.
