BISBEE CONSTABLE FALLS INTO WELL AND FINDS MAN HE SEEKS

Constable Is Uninjured, but Unexpected Prisoner Is Knocked Unconscious.

Bisbee, Ariz., April 15.—Constable Chas. N. Thomas, while looking for Felix Gomez, who was wanted on a charge of wife beating, fell into a well and landed on the man for whom he was looking. The officer was not injured, but the Mexican was rendered unconscious, but later revived. With the exception of a thorough drenching, the officer was unharmed.

Suicide Killed by Fall. Adolph Anderson, a Swede, fell from a wall 15 feet high and was instantly killed, his head being crushed by striking against a rock at the base of the wall. The wall was 12 feet from Anderson's room at a rooming house. The coroner's jury returned a verdict of accidental death. Anderson leaves three sisters, all residents of the district. Mrs. J. Bland, Clarence Bland, Sid Humphreys and M. E. Newell, of El Paso, passed through Bisbee in an automobile en route to Los Angeles over the borderland route of the transcontinental highway. They stopped only long enough to get the machine well oiled.

Work For County Division. The plans of the county divisionists of Wilcox and the northern end of the county will be placed before the Warren district commercial club next Wednesday night in the hope that the

county may be divided in an amicable manner. A. Y. Smith, of Pecos; H. A. Morgan and Tom Fulghum, of Wilcox, were in the city sounding the sentiment of the district on the matter and left in the afternoon for Douglas on a similar mission. Mr. Fulghum stated that the reason the northern part of the county was advocating county division was that the tax valuation of that part of the county was small compared with the southern end and that their tax rate would be lower if the county were divided. He denied that any of those now advocating the division were seeking political plums.

The proposed removal of the county courthouse from Tombstone is a potential issue in county affairs at present and it has a bearing on the county division proposition. The plan of the divisionists of the north would leave Bisbee, Warren, Tombstone and Douglas in the southern county and their courthouse removal proposition would be made more acute than ever. Tombstone will fight to keep the courthouse, and the three other cities named are after it. The people of the north would have seized the fight and, according to Mr. Fulghum, they want to stand out from under before it comes. The Wilcox man said that if the majority of the people opposed the division, it would be dropped, but Bisbee people do not expect any such laydown, and the fight has been a long time brewing.

United States attorney J. E. Morrison has received a telegram from Judge William Morrow, of San Francisco, the federal bench, telling him that William H. Hunt, a member of the court of commerce at Washington, D. C., and a United States circuit judge, will arrive at Phoenix today and open the first session of the Arizona district federal court.

The case of the Arizona insurance agency against the city of Bisbee, an application for an injunction, has been decided in favor of the plaintiffs, but the city will ask for an arrest of judgment and a new trial, and if that is denied, the case will be appealed to the state supreme court. The Arizona insurance agency and other Bisbee insurance agents, who are plaintiffs in the suit, are being backed by the Pacific board of underwriters. The suit was brought to obtain an injunction to prevent the city from collecting a license from the fire insurance agents.

RESULTS TELL

There Can Be No Doubt About the Results in El Paso.

Results in the election were all that could be desired. All doubt is removed. The testimony of an El Paso citizen can be easily investigated. What better proof can be had? Mrs. L. Griner, of El Paso, Tex., says: "I have used Doan's Kidney Pills in our family whenever we need a kidney medicine. It gives me the greatest pleasure to confirm the public statement I gave in favor of some years ago. I have induced many people to use this preparation and they have all come back to thank me for doing so. I consider it a duty to tell how effective Doan's Kidney Pills had been after doctor had failed. One of my relatives was so that there was no hope for him as he was a victim of kidney complaint. Doan's Kidney Pills, however, saved his life and this person is now healthy." For sale by all dealers. Price 50 cents. Foster-McBury Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

TAG DAY AND MOTHERS' DAY TO BE OBSERVED

Tag day and Mothers' day are coming soon. Mayor Kelly will soon issue a proclamation calling for the observance of these days. The first of them, Y. W. C. A. tag day, will be on May 1. Mothers' day will be observed on Sunday, May 12, according to a proclamation issued by governor O. B. Colquitt. On that day each man will wear the favorite flower of his mother and the governor has also requested that all wear small American flags on their coats.

Man Adrift in Balloon. Cossony, Switzerland, April 15.—The Swiss Aero club's balloon, St. Gothard, is somewhere above the clouds with a man aboard who is totally ignorant of handling the aerial craft. The balloon was returning from a flight with a pilot and three passengers. During an attempt to land the balloon was blown away from a rock by a wind gust and the pilot and two of the passengers thrown out.

LAS CRUCES HOTEL IS TO COST \$35,000

Will Be Built Soon and Is to Have 40 Guest Rooms.

The office of The Herald for Las Cruces is in the Robinson Drug Store, "The Quality Store." This firm will deliver The Herald each night at the regular rate of 60 cents a month.

Las Cruces, N. M., April 15.—A modern hotel to cost \$35,000 is to be built on Acquia street. It will have a frontage of 130 feet, will contain 40 rooms and will be in mission style. Many of the rooms will have baths attached and a portion of the first floor will be occupied by stores. R. H. Sims of the local land office has been confined to his home for some days with an attack of grip.

Senator Holt has returned to Santa Fe to attend the legislature, which convened Monday. Instead of the location decided upon, about 100 feet south of Bowman street, for the erection of the new store building for the Smith-James Mercantile company, it is learned that Frank Amador had awarded a contract to erect a building where his former building stood, which was destroyed by fire, and the walls will be used. The building will extend back 100 feet, with modern store front, with plate glass.

It is reported that a 20 ton ice plant is to be erected at the tracks near the station, from which all Santa Fe cars will be fed for the run from El Paso to San Marcial. It also will be used as a cold storage for linensy products. It is understood Albuquerque capital is back of this project, but just when work on the plant will be commenced is not known.

The churches of the town, owing to the inclement weather of Easter Sunday, deferred their special services until yesterday, when the sun shone bright and clear. The Presbyterian church, in addition to the regular church service in the morning, held a special song service in the evening at 7:30 o'clock, which was largely attended. The other churches also provided special Easter music at both services, morning and evening.

New arrivals in the valley with view to making it their home, are Mr. and Mrs. L. B. Keyes, of Sarcoxie, Mo., and daughter.

Gus Trost is up from El Paso on a brief business trip.

Albert L. Chavez and family are newcomers in the valley, which they will make their home, pending the settlement of Mexican troubles.

Guy Watt, of Alamogordo, is over for the day in the valley.

Mr. and Mrs. Royal Jackman are lower valley visitors here today.

W. T. Black, whose home is Titusville, Pa., arrived in town Saturday to look over conditions in the valley, with a view to remaining if pleased.

The case of the state vs. the proprietors of the saloons known as "Sam Bean's," "Blue Ribbon" and "Ruhle's" was called Saturday and continued until this morning.

The suit is to determine whether or not an injunction shall be issued to close the saloons. It is alleged in the complaint that they are within the prescribed radius of 100 feet from a church building, being less than that distance from the cathedral in the center of the city on Main street.

The saloon men say they have much at stake, as their present locations are among the best in town for any business, and the outcome of the suit is awaited with a great deal of interest by the entire community.

TWO INJURED IN AN AUTO WRECK

Fogg Ruins Own Car to Prevent Striking Women in an Electric Car.

E. H. Duffy sustained a broken collarbone and Miss Nellie Wright was cut about the chest and sustained a severe injury to her spine, when Howard Fogg's E. M. F. automobile turned over on the county road near the ostrich farm Sunday afternoon.

Mr. Fogg, who was driving, and Ben Baker, who was also in the car at the time, were uninjured.

The accident was due to the soft earth beside the paved roadway.

"I was driving at about 15 miles an hour," said Fogg this morning, "when I saw an electric car ahead of me in the center of the road, going in my direction, and a wagon on the left side of the road coming towards me. There was ample room for me to pass the electric car, but I did not do so, and I turned to the right, turning directly in front of me. To prevent striking the electric car, my machine skidded and turned over on its side, into the ditch."

Notwithstanding that the accident wrenched the tire from one front wheel of Fogg's car and broke several spokes, also smashed the windshield, the radiator bonnet and one side of the car, the owner was able to come back to El Paso under his own power, after the machine had been righted.

En route to the city he met a party of automobilists and one of the women asked seriously: "Have you had an accident?"

Fogg replied: "No, madam, the rebels dynamited a bridge while ago while I was on it." The woman thought it such a terrible outrage that she wanted the American troops to cross right over the bridge.

Another inquisitive person whom Fogg met on the way in and who asked the same foolish question—"Have you had an accident?"—got the following answer: "I was only climbing a tree after my mistake, when the car lost its footing and fell."

Local Order Plans a \$90,000 Structure in El Paso.

The El Paso lodge of the Loyal Order of Moose proposes to commence work soon on a \$90,000 home in this city, adding another handsome structure to the lodge homes in this city. For the purpose of constructing the new building, \$50,000 has been promised by the national organization, provided the membership, which now approaches 900, is increased by 200 before the end of the present week. It is claimed that this will be done and that three local members have pledged \$14,000 toward the new building if this is done. The balance required for the construction of the new home will be borrowed in local circles.

CANALS AT SAFFORD ARE RUNNING FULL

Five Hundred People Hear Socialist Woman Lecture; Boy Injured.

Safford, Ariz., April 15.—Canals are running full again and the farmers are all busy irrigating, although the cold, backward spring will undoubtedly delay the planting of alfalfa at least two weeks, which will be a dead loss, as five or six crops are generally cut every year, and the last one about Thanksgiving. The alfalfa and wheat and a total loss of thousands of dollars in this section alone must occur.

CENSUS FIGURES ON EL PASO COUNTY

Farm Valuations, Acreages and Other Data Gathered by Government.

Washington, D. C., April 13.—The federal census bureau has recently issued its final report on agriculture in Texas, by counties. The report shows in many ways that El Paso county has made rapid progress in developing its vast agricultural resources during the past decade.

A statement relating to the more significant facts along this line of industry follows: The population of El Paso county is 22,599, an increase of 27,712 or 111.3 percent over 1900. The state as a whole has gained 37.1 percent, therefore El Paso county made nearly five times as great a gain as the entire state during the past decade.

The total land area in El Paso county is 5,971,840 acres, 2,240,829 acres of which are in farm lands. During the past 10 years, 18,492 acres of land have been improved, making the total improved farm lands 16,772 acres, an increase of 34.3 percent. There are in all 569 farms in the county, ranging from three to 1,000 acres and over, of which 235 are in the latter class.

The total value of all farm property in the county is \$12,115,948, an increase of \$1,367,049, or 12.1 percent over 1900, subdivided as follows: Land \$10,062,918; Buildings \$1,474,725; Improvements and machinery \$18,937; Domestic animals \$248,358.

The average value of land per acre is \$2,042.69, or \$16.1 percent over 1900. There are 567 farms stocked with domestic animals, the value of which is \$2,444,558, classified as follows: Kind. Head. Value. Cattle \$1,173,358 \$1,980,475; Horses \$11,823 \$36,375; Mules \$1,440 \$8,825; Asses and burros \$48 \$278; Hogs \$2,744 \$7,200; Sheep \$1,824 \$7,541; Goats \$257 \$250.

Total \$2,444,558. There are 505 farms operated by tenants, 451 operated by managers and 12 are operated by managers. Two hundred and fifty farms are without mortgage debt, 284 are with mortgage debt, and one farm has no mortgage report.

The color and nativity of the farmers in the county are as follows: Native white, 335; foreign born white, 130; negro, 4.

The acreage and principal crops are as follows: Alfalfa \$3,198 acres; Hay \$6,457 acres; Prairie grass \$277 acres.
