THIS IS THE TAFT CHIEF

Representative William P. McKinley, the man who has directed President Taft's campaign for renomination on the Republican presidential ticket of 1912, and who is in charge of the president's forces in the final struggle with the Roosevelt supporters at the national Republican convention.

TAFT MEN READY FOR THE FAY; THE TEMPORARY ROLL WILL STAND

Chicago, Ill., June 17.—At the Taft headquarters representative Marlin E. Olinsted, of Pennsylvania, announced that he would be at the right hand of chairman Roosevelt from the moment the convention opens to keep him straight on parliamentary procedure and the Taft leaders said they would be as well fortified with Roosevelt in the chair as they would be with senator Root, the Taft choice for the temporary chairmanship. It was said the Taft men did not care how early the Roosevelt force started the inevitable conflict.

"The temporary roll of delegates arranged by the national committee will organize the convention," said director McKinley, of the Taft bureau. Representative Olinsted spent the forenoon in consultation with several expert parliamentarians, who, going over the situation, reached the conclusion that the temporary roll as prepared by the national committee must be regarded as inviolable until superseded by a new roll prepared by the convention itself, after action by the committee on

credentials and he will so advise the chair. Among those present were senator Penrose and Dr. Nicholas Murray Butler. Senator Penrose estimates that Mr. Root will have at least 600 votes for temporary chairman.

SENATOR GORE WILL SECOND WILSON'S NOMINATION Washington, D. C., June 17.—Senator Gore, of Oklahoma, who returned today from conferences with Democratic leaders at Baltimore, will second the nomination at the Baltimore convention of governor Woodrow Wilson, of New Jersey, which will be made by John Westcott, of Camden, N. J.

ANTIS WIN PLACE ON TOSS OF COIN Names of Anti-Ring Candidates to Be First on the Tickets. By a toss of the coin the anti-ring organization got first place on the ticket at the county primary election. The Democratic executive committee met Monday afternoon, P. E. Price and W. H. Fryer, rival candidates for county attorney on the ring and anti-ring tickets, tossed the coin and Fryer, the anti-ring candidate, won. This means that the anti-ring will head the list with their candidates, each anti-ring candidate's name appearing before that of his opponent.

This did not apply to the court of appeals chief justice, which was decided by lot later. Because there were three candidates for commissioner of precinct No. 2, C. Cadena won first position, Jose Perez second and Julian Alarcon third place on the ticket. A motion was made and carried that a committee from each precinct be appointed to redistrict that precinct. W. B. Ware presided as county chairman and everything was peaceful as a league tribunal.

AEROPLANE AND FOUR PASSENGERS FALL One Secures Broken Leg; Were on Way to French Aeroplane Race. Angers, France, June 17.—Soon after the start of the Angers-Cholet-Sumur aeroplane race today aviator Allard's machine, carrying four passengers, broke down and fell to the earth. The fall was from a low altitude and the only one injured was Allard's mechanic, who suffered a broken leg. Aviator De Bussy, while flying from Chartres to Angers to start in the race, was hurled to the ground when his aeroplane collapsed, and was seriously injured internally. His passenger, M. Goussin, broke both legs. Sixteen aviators started in the 295 1/2 mile event.

COLORADO RIVER ABANDONING CHANNEL Needles, Calif., June 17.—Abandoning its old channel almost completely, the Colorado river, according to a report received here today, has thrown itself upon a barren stretch of sand dunes at the great bend in the stream in the northern part of Arizona. The change occurred Sunday.

Another break in the levee has resulted in the inundation of cotton lands in Mojave valley from a new point. Telephonic communication with the town of Randalls, below Parker, has been cut off. The last word from that place was that the flood was only a short distance away. Blythe is still under five feet of water.

PRESIDENT VEToes THE ARMY BILL

Gives Reason That It Would Depose Gen. Leonard Wood.

Washington, D. C., June 17.—The president today vetoed the army appropriation bill. He returned the bill to congress with a message indicating his disapproval of the legislative provision which would oust Maj. Gen. Leonard Wood from the office of chief of staff on March 4, next.

President Gives Reasons. In his message the president said: "The army of the United States is far too vital an institution to the people of this country to be made the victim of hasty or imperfect theories of legislation. As was pointed out by the chairman of the senate military committee, it is well known that the war college and the general staff have been for many months engaged upon a comprehensive plan of army reorganization.

"At the present time, therefore, it is especially inappropriate, in my opinion, to force upon the statute books legislation enacted without the usual deliberation and care. I cannot conscientiously surrender the responsibility in shaping such laws with which I am vested under the constitution. I therefore, return to your honorable body without my approval of the said bill."

The president's flat declaration that he was opposed to the enactment of legislation as a rider on an appropriation bill was taken today as an indication of the president's attitude on legislative, judicial and executive bills, which carries an amendment that would abolish the commerce court.

DARK HORSE TALK AMONG DEMOCRATS

Gaynor and Foss Discussed; Clark and Wilson Open Headquarters.

Baltimore, Md., June 17.—Two "dark horse" booms for the Democratic presidential nomination were informally discussed here today by the national committee. The booms were for Mayor Gaynor of New York and governor Eugene N. Foss of Massachusetts. Whether the movement in behalf of Mayor Gaynor is being encouraged by Charles F. Murphy, leader of Tammany Hall, could not be learned here.

The movement for governor Foss was launched by Frank Hendrick of New York, who said that the governor's name might not be taken up until the end of the month. Secretary Woodson received word today that some contents would be filed from the island. The notification gave no details. Headquarters for speaker Champ Clark and governor Wilson were opened today.

GEN. ANTONIO ROJAS, COMMANDING THE REBEL VANGUARD AT CONCHO, SENT A MESSAGE TO COL. PASQUAL OROZCO MONDAY AFTERNOON SAYING THAT THE REBELS HAD MET THE FEDERALS AT 12 O'CLOCK (MIDNIGHT) SUNDAY AND THAT THE ENEMY HAD BEEN REPAIRED WITH HEAVY LOSS OF MEN.

The attacking force numbered 1500 men and two machine guns, the message said. The effort was made to flank the rebel forces at Concho, Gen. Rojas says, and the effort was unsuccessful. The federalists retreated into the mountains of Sancho and Nalco. The rebels had three dead and six wounded. The federalists suffered a great loss as shown by the ground, which was inspected by the rebel vanguard Monday morning. The rebels were in command of Reyes Sanchez, Terrazas and Salazar; the federalists were established an extensive defence in the vicinity of Concho. A squad was sent out to inspect the federal camp and learn the exact number of dead and wounded, the message said.

GONZALES HAS JOINED THE FEDERAL FORCES

Whereabouts of Former Chihuahua Governor Are Now Known.

Abram Gonzales, the governor of Chihuahua, who has been in hiding since the rebel outbreak in that state, has joined the federalists at Santa Rosalia, Mexican consul E. C. Lorente says. He was in conference with the federal commanders at Santa Rosalia Sunday night, the consul says, and the arrival of Gonzales was reported over the wire. The whereabouts of the Chihuahua governor since the outbreak of the revolution has not been made known. The Mexican consul also received the report of the taking of James Saturday and La Ascension Sunday, by the federalists. No details of the engagement were received.

WOULD CHANGE THE NAME OF TOMBSTONE

Movement Started to Make Famous Old Camp a Health Resort.

Tombstone, Ariz., June 17.—There is a strong movement on foot in Tombstone now looking towards the changing of the name of the town and converting it into a health resort. One of the foremost "boosters" in favor of the movement is former county treasurer M. D. Scribner. Mr. Scribner says that he believes that a big resort can be made here and he is heartily in favor of building a large hotel, changing the name of the town and boosting the climate and sex of the old town, which, he says, is second to none in the world. But the name, Tombstone, must go, for people who are looking for a place to recover their health surely will not pick out a town with the gruesome name of Tombstone attached to it. Mr. Scribner's views are endorsed by many progressive and well wishers of the old camp.

Comment of the most favorable kind is to be heard all over Arizona complimenting the excellent news service of The El Paso Herald covering the work of the Arizona legislature. A common remark is that The Herald covered the field better than any Arizona paper. Ex-mayor Antioch Wentworth is in town again and, in speaking of the best in Phoenix, stated that while the legislature no doubt added to the heat of the local situation, yet he never for a moment thought that was intense enough to melt his rubber heels and yet that is what happened, for in a three minute conversation his heels melted and cemented themselves to the concrete pavement, and that is some heat, said the ex-mayor.

The bloodhounds are being trained for Cochise county. County attorney W. G. Gilmore left for the state yesterday on a 20 day leave of absence. Deputy attorney Murray will attend the board meeting on June 18.

There was a sudden shifting in official circles at the county building when Miss May Chamberlain, the official stenographer for the county attorney's office handed in her resignation, which was accepted. Miss Chamberlain will go to take a position in the office of George H. Neale, one of the leading attorneys of the new state. Miss Chamberlain has been succeeded by George Gallon, of Tombstone. Mr. Gallon was formerly an attaché of the county recorder's office.

John W. Brown, court stenographer, was in Ft. Huachuca reporting the proceedings of a court martial wherein a soldier was charged with beating a superior officer.

Postmaster Frank Crable has returned from Phoenix where he has been for the past two months, during which time he was admitted to the practice of law including the supreme court of the state and while away he became a proud parent. He brought Mrs. Crable back with him and the promising new son also.

PACKING COMPANY TO DISSOLVE ITSELF

In view of this action Mr. Wickersham announced that the government would hold in abeyance the civil suit which it proposed to bring against the company to compel its disintegration.

A FAITHFUL STUDENT OF GENESIS FOR MANY YEARS

A faithful student of Genesis for many years insists that Adam's age was not 930 years, but 430 moons, and, counting thirteen moons to the year, he died at a little over seventy-one years. By the same calculation Methuselah (603) says the sage, "they would have required eighteen or twenty sets of teeth during their lifetime." —New York Press.

It was seven feet long and measured ten inches around. The skin of the big reptile was secured as a trophy.
