STEEL DEALERS IN THE WHEAT PIT

Industrial Transactions Are Foremost Features; Bonds Are Firm.

New York, N. Y., July 2.—In point of strength, breadth and activity, today's steel market offered a refreshing change from recent conditions. Industrial stocks and transactions were the foremost features at the outset, but later the movement took in most of the standard railways. Steel resumed its leadership, while Brooklyn Transit added substantially to yesterday's gains and sold at the highest price in some years.

Profit taking helped to arrest the advance at midday and some slight shading of prices ensued, but the undertone continued strong, with some disposition towards dullness.
