

EL PASO PROMISES GOOD GOVERNMENT

(Continued From Page 12.)

Full hearing and investigation, and that they will run where the voters will do the most good for the most people.

Promises Careful Administration. "If selected to the office of county judge, I can pledge the people of this county, and I know that the delivery can be made, that your funds will all be kept on a cash basis, that your tax rate will be constantly lowered, that there will be no less than \$100,000 of asphalt-macadam road built in this valley every year on the present road and bridge tax, built without regard to temporary political expediency, but for permanent good of the county, and I can further promise all questions concerning El Paso's future welfare will receive that patient and public investigation that their importance may demand."

Standish Is Heard. L. Standish, who is making the race for constable, as an independent candidate, granted permission to address the audience. The independent candidate had a good word to say about Senator Hudson and proclaimed him the friend of the laboring people.

YOUNG DEMOCRATS HAVE ORGANIZED

Prepare to Get a Banner and Secure Quarters, Etc.

Just prior to the opening of the ring meeting in the 24th district court room Friday night, the young men met in the stenographer's room and formed a permanent organization of the Young Men's American Democratic club.

Ballard Coldwell was selected permanent chairman and Edwin Miller permanent secretary, and the young men met in the stenographer's room and formed a permanent organization of the Young Men's American Democratic club.

A banner will be strung across the street there and accommodations made for the young men of the city.

Mason Pollard and Leon Ross were appointed a committee on entertainment; M. R. Sweeney and Bobt. L. Holliday, a committee on preparing the quarters; and C. A. Hunt and D. P. Sullivan, a committee to prepare the banner with a suitable slogan.

Members of the club will be limited to men under the age of 35 years.

In its reasons for organization of the club adopted the following resolution: "We organize not for a day, nor a week, but for all time and we shall so conduct the affairs of our organization as to prove that a political organization can and does have the welfare of a city at heart."

CLAIM LAW IS STILL VIOLATED

Central Labor Union Men Say They Are Going to Do Something.

Officials of the Central Labor union claim that the report of a committee of 10 members of the enforcement of the eight hour law, held in Union hall last night, was a violation of the law in being violated in the construction of the city's warehouse near the street car barn.

One of the members of this committee said: "At the regular meeting of the Central Labor Union held last Monday night, the old committee was discharged and a new committee consisting of delegates B. A. Wilson, C. H. E. Cooper, Harry Cooper, J. R. Werner, W. C. Tesague, Geo. Peckham, A. D. Mitchell, J. C. Sanchez, J. C. Hunt and H. J. Walker were chosen to act in this matter. The committee was given full power to act."

"This committee will hold another meeting next Tuesday night and if the law is not complied with by that time on all public works, it is determined to take action that will cause its enforcement. The committee has no quarrel with the city officials, but it is determined that the county officials must their duty, so far they have failed."

MAKES DASH FOR LIBERTY; IS CAUGHT

Pistol Shots and Marathon Attend the Arrest of Fred Gilbert.

A marathon and two pistol shots played an important part in the attempted escape of Fred Gilbert Friday afternoon, after he had been brought to the police station in the patrol wagon.

Gilbert had been arrested by a city detective on Broadway and the wagon was telephoned for. When the wagon reached the station and was being let out of the station, it is claimed he showed an inclination to make a run for it. Officer York, who was letting the prisoner out of the wagon, told him that if he tried to run he would shoot him. Notwithstanding the warning, Gilbert made a dash for liberty. York fired two shots at the ground. That was the signal for the firemen at the central station to join in the chase. Gilbert passed through the hands of several of the firemen. He was finally caught by George Cook, who holds the firemen's sprinting record. Gilbert still showed a desire for flight, and an attempt resulted in his being struck over the head with a revolver.

AMUSEMENTS

PRIZES IN MOOSE BENEFIT. The Moose benefit will be given by the local Moose Dramatic club at the Ardmore theater on Monday and Tuesday nights, July 15 and 16. "A Gilded Moose" is the name of the play, which is being offered the public.

The cast and chorus consists entirely and exclusively of local Moose. The leading woman and soubrette are the wife and niece of Moose members. Part of the chorus will be disguised as girls, and professionals have been employed to make them up and a great surprise is promised to the audience. The six foot chorus will be on the job. With the girl chorus they have had the professional training of one of the finest artists in the country in that line. The chorus will no doubt be one of the strong features of the show and, while some of them may suffer from "stage fright," it is not expected that any of them will fall down more than once.

DOLLENESS MARKS THE STOCK MARKET

St. Paul Reaches the Below Par Point, Recovering Later in the Day.

New York, N. Y., July 12.—Small dealings and irregular price changes marked the opening of the stock market today. The noteworthy feature was a further decline in St. Paul to below par.

Pressure was more general in the first hour, with especial weakness in the grangers on St. Paul's further decline. That stock soon rallied to a level well above last night's closing, with improvement elsewhere.

The market ended as it began, with the usual midsummer characteristics of extreme dullness and absence of any special feature.

COOL WEATHER BENEFITS WHEAT

Rally Very Slight, and Other Cereals Weak in Sympathy.

Chicago, Ill., July 12.—Cool weather in the northwest, supposed to be amicable to the spread of rust, tended today to ease off the wheat price after early firmness in sympathy with a Liverpool advance.

The close was at \$1.00 1/2 for September, a net loss of 1/2 to 5/8. Although excessive heat in Kansas caused the corn market to climb at the outset, wheat weakness led to a decline. A commission house switched to the selling side. September opened 3/4 to 5/8 higher at 62 1/2 to 70c, and reacted to 62 1/2.

The close was steady, 5/8 net lower, for September, at 62 1/2.

Unsteadiness by July shorts brought a bulge in oats, but the depression of other cereals nullified the advance. September started a shade to 1/2 to 3/4 up, at 25 1/2 to 25 1/4, and dropped back to 25 1/4 to 25 1/2.

Unloading by holders led provisions fall. A slow trade at the yards seemed to take the edge off the market. First transactions varied from last night's level to 1/2 down, with September delivery \$1.25 for pork, \$10.75 for lard and \$10.47 1/2 for ribs.

ANOTHER ANTI-TRUST RULING IN TEXAS

Foreign Corporation Can't Come In and Buy Life Insurance Stock.

Austin, Tex., July 12.—Commissioner of insurance and banking Gill today ruled that any foreign trust company chartered under the laws of another state for the purpose of exchanging or buying the stock of Texas life insurance companies would be in violation of the anti-trust law and such action would subject such company to prosecution.

In this connection he calls attention to one \$5,000,000 concern that recently obtained a permit in Texas for the purpose, it is reported, of thus acquiring the stock of Texas life insurance companies.
