A NOTED DOCTOR SAYS,

Everyone should use some little antiseptic powder in the shoes. Containing the feet in shoes, is in itself unwholesome and causes a moist or smarting condition. People of refinement now use daily, Allen's Foot-Powder, the antiseptic powder to be shaken into the shoes, and would as soon go without a dentifice as without the use of Allen's Foot-Powder.

CELEBRATION IS HELD BY PIONEERS

School Election to Be Held at Safford on August 3.

Safford, Ariz., July 27.—The big celebration at Thatcher, in honor of "Pioneer Day" was a complete success in spite of muddy ground.

The parade was unique, among the novel features being a pioneer's prairie schooner, drawn by a cow and a horse. Many floats representing early pioneer life, including log cabins and dugouts, were to be seen, and a band of Indians added a characteristic touch. The literary exercises were excellent. The ball game was won by the east end of the valley, the west end, headed by Pima, getting 7 runs to 2. The tug of war was won by the seventies over the elders. The Morris horse won the principal race from the Claridge mare.

An election will be held at the Safford school house August 3 to determine whether the Safford and Layton school districts shall be consolidated or not, a petition asking for their consolidation having been presented to county school superintendent Woods.

The Taylor-Williamson and the Braubens-Owen meat markets will be consolidated and run under one management after August 1.

Joe T. Otella, a watchmaker, and W. Burton and family, of Grand Falls, Tex., arrived in Safford this week and expect to make their home here.

A number of Safford people picnicked on Try Canyon.

Rev. D. Carl Williams will be at the Baptist church Sunday.

Z. C. Pina, mayor of Safford, has returned from an extended visit east, including the Baltimore convention.
