LITTLE BOBBIE'S PA By WILLIAM F. KIRK.

BOBBIE, sed Pa to me last nite, wen he was reading the sporting page in the paper, I see that our old pal Matty is booming along in great shape. I always feel kind of sorry for poor old Matty, sed Pa, the poor old fellow never wins any more ball games. It is too bad that men like McGraw and Matty have to go back here like that feeble, after the good work they used to do for New York City.

Wonderful, sed Pa. As I was saying, Bobbie, the Giants were the pennant so near cinched that all they need to do now is to go down to a diamond and get the pennant. I guess I won't cash this year and send a few of my Chicago friends looking for loans in the city. If there is anything I like it is to see Frank Chance & his followers getting the consent took out of three heads.

Didnt I ask you to listen to me a minute & stop that foolish baseball talk? Ma, I havent finished reading to you from this beautiful story. Listen.

Lord Everhope gazed into the flower-like face of the girl who was soon to be his bride. The exquisite contour of her face was wonderful. Her rosy lips were half parted, like the first parting petals of a honeysuckle. Her eyes were blue, sweet as white clover in a June meadow, seemed to sweep his eager face.

Sierra Blanca, Tex., Aug. 8.—Costanza, a Texas & Pacific agent, while switching here, Wednesday, fell from a cut of mine and was run over. The injured man was hurried to El Paso, after Dr. C. M. Mitchell, a city, had temporarily dressed wounds, and Dr. Miller, from came out on T. & P. No. 4 to the injured man. It is thought that he was not fatally injured, although wounds were painful since his shoulder and arm were crushed and broken. He was also hurt in the back and he sustained a cut over the left eye.

The Methodist church at this place has built a picket fence around the parsonage and has also given the parsonage a fresh coat of paint. A. Lickorish, Texas & Pacific agent, has returned with his bride from Bothwell, Ont.

Frank Cammach has returned from a two weeks' visit to Valentine.

Health and Beauty Hints BY MRS. MAE MARTIN.

Mrs. J. L.: Frequent shampoos with cantrox during the summer months insure a fine growth of brilliant, fluffy hair, rich in its natural color and so responsive to the fragrant touch that doing it up is genuine pleasure. A tepid cantrox dissolved in a cup hot water is enough to cure the scalp when this is rubbed up it creates an abundance of white, thick lather that quickly dissolves all dirt, dandruff and excess oil. Rinsing leaves hair and scalp immaculately clean, and the hair grows thick and glossy. The regular use of cantrox gives to the hair that exquisite fluff and massy softness and will insure a lovely growth.

E. A. P.: A delicate paste will remove the hairy growth. Mix enough powdered talcum with water to cover the hairy surface; apply after 2 or 3 minutes remove, wash the skin and the hairs are gone. This treatment is harmless and does not discolor the skin.

Anxious: Cutting the lashes is dangerous. Apply a little pyroxin each night at lash roots with the thumb and forefinger and they will come in long and silk. This eye-water will grow thick and heavy if pyroxin is rubbed on with finger end. Use caution not to get any where hair is not wanted.

Mrs. O. H.: Turkish baths are a severe tax on the system. Try the paroxin treatment for fat-reduction and you sure your weight will soon be where you want it. To prepare, dissolve 4 ounces paroxin in 3 1/2 pints hot water, then take a tablespoonful before each meal. This gradually and surely dissolves the fat and restores the figure's symmetrical lines without possible injury or inconvenience and when your weight is where you want it, you can stop without fear of its returning.

Lydia E.: Large pores and skin roughness can be overcome with the aid of an almond cream-jelly. This is made by stirring 2 teaspoonfuls glycerine into 1 pint cold water, to which is then added 1 ounce almond. Apply generously to the skin each day and it will clear it of all lower matter. This cream-jelly is fine for beautifying the arms, neck and face, as well as for banishing sallowness and tawny, greasy condition, and it can also be used with good effect for rounding out hollows and dispelling fine lines of crow's feet as well as for discouraging hairy growth.

Mrs. H.: Impure blood is the cause of much sickness, and I would advise you to begin at once a garden treatment. This is an old-fashioned blood-cleanser and body-builder, and is made by putting 1 ounce karden into a pint alcohol, then adding 1/2 cupful sugar and 1/2 cupful water. Take 1 tablespoonful before each meal, and it will gently expel poisons from the blood and tone up the entire system. This will give you renewed strength and energy and make you feel good. It is especially good at a summer tonic, and its use frequently prevents serious sickness.

Mrs. T.: Unhealthy scalps cause profuse dandruff, excess oiliness and other ills, and these in turn cause the hair to grow lifeless, brittle and fall out. Try the quina-tonic I frequently mention and you can correct all this. Just add 1 ounce quina-tonic to 1 pint alcohol, then pour in 1/2 pint water and your tonic is ready. Frequent applications of this hair-tonic will banish all scalp afflictions, keep it healthy and induce an abundance of brilliant hair, rich in its
