UGH! HOW CHILDREN HATE CASTOR OIL

Delicious "Syrup of Figs" best to cleanse their little clogged bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. The day of harsh physic is over. We don't force the liver and 50 feet of bowels now; we clean them with a pleasant, palatable, and safe medicine. It's the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them. If your child is fretful, peevish, half sick, stomach sour, breath fetid and its little system full of cold, has diarrhoea, sore throat, stomach-ache, doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well smiling child in a few hours. Syrup of Figs being composed entirely of luscious figs, senna and aromatic simply cannot be harmful. It sweetens the tongue, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours the child's undigested, fermenting food and constipated waste matter gently moves on and out of the system without griping. Directions for children of all ages, also for grown-ups, plainly printed on the package. By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Senna" prepared by the California Fig Syrup Co. Accept nothing else.
