Big Millinery Event Scheduled for Next Friday

THERE is hardly a woman in El Paso who does not remember the big millinery specials that were sold last spring. We propose to carry out this same programme this Fall and from time to time will give millinery values that are really marvelous.

Regular \$5.00 Tailored Hats at \$1.79

On Friday morning we will place on sale 200 stylish tailored hats. Most of these hats are the small toque styles. They are hand blocked shapes and are trimmed in messaline silk ribbon. All the hats in the offer are most desirable and it will be hard to duplicate them for less than \$5.00. They go on sale next Friday morning at, choice for **\$1.79**

\$1.79

As there is naturally choice in this offer, we advise customers to be on hand early Friday morning.

THE WHITE HOUSE
CORRECT DRESS FOR WOMEN

Millinery Department

The present Arcade display of the hats to be sold at \$1.79 is most interesting. Be sure and see it.

NO PROOF; THE PRISONER FREED

(Continued from previous page.)

The consul was asking, alleging that Juarez had committed murder in Juarez, was released Wednesday morning. His 40 days of imprisonment required by the treaty with Mexico in extradition cases had expired. The complaint had been filed by the Mexican consul but he apparently made no attempt to bring forth any proofs to the court to have the man tried.

Last week a similar case came up when David de la Puente, for whom the Mexican consul had asked extradition on a charge of murder, was released because no proof was given to the court.

In the case of Gonzalo Enrile, also, the case was not tried. There are two remaining extradition cases now in the county jail which have been filed against rebels by the Mexican consul. They are against Col. Pascual Orozco, Sr., and Jose Cordova.

SMUGGLED HORSES SEIZED; ARMS FOR SONORA RECRUITS.

Naco, Ariz., Oct. 2.—Sheehey and Overlock, of the customs office, have caught five horses smuggled over by escaping rebels the past week. Two hundred Winchester carbines and 25,000 rounds of ammunition which have been held here for some time, were forwarded on to Cananea

this week under a heavy guard of soldiers. They were billed to the governor of Sonora and destined for recruits to be made among the Yaquis on the Sonora river. The prefect left Cananea today to do the recruiting.

REBEL STRENGTH IS GAINING IN MEXICO.

Mexico City, Mexico, Oct. 2.—A band of rebels, believed to be a part of Gen. Aguilera's force, sacked the station of Boca del Monte, an English property on the Mexican railroad, 17 miles east of Empress, Puebla. Aguilera's uprising is reported to be gaining strength. Zapatistas are reported concentrating about Tenancingo, the surrender of which has been demanded. No news has been received from the north to indicate active operations by Orozco, but apparently he is gaining recruits.

CARSON NOT UNDER ARREST IN MEXICO.

Austin, Tex., Oct. 2.—J. N. Carson, of Kingland, Tex., reported as under sentence of death in Tampico, Mexico, is not even under arrest, according to a message received into Austin today by governor Colquhoun from governor Matias Guerrero, of the state of Tamaulipas, Mexico. Carson, however, according to the same message, is being cared for in a hospital in Tampico.

KANSAS MAN IS KILLED BY REBELS IN MEXICO.

Wichita, Kans., Oct. 2.—Hubert Russell, son of T. A. Russell, of Kingman, Kans., was assassinated by Mexican rebels, 75 miles west of Durango, Sunday, according to a telegram received here. Hubert Russell had been manager of a Mexican ranch since 1907. A widow and two children are now at Kingman, having fled from Mexico at the outbreak of the revolution.

ENRILE GOES TO PARIS TO ASK DIAZ TO RETURN WHERE HE GONZALO ENRILE, OROZCO'S

right bower during the early days of the revolution, who was a prisoner in the county jail here on an extradition charge.

The Los Angeles Times recently printed a cablegram from Paris saying that Ernesto Enrile had arrived there as an ambassador of peace from Orozco in an effort to persuade "the grand old man of Mexico" to return and take up the fight against General Gonzalo Enrile left here when he was released on the extradition warrant and went east to Chicago and New York. Nothing has been heard from him since. It is probable that he is the same "Ernesto" Enrile who is reported to be in Paris.

GEN. AUBERT IS IN COMMAND OF JUAREZ

Reaches Juarez By Way of El Paso and Marfa—Reigning the Railroads Out of Juarez.

Gen. Tracy Aubert, who was in charge of federal troops reinforcing Ojinaga and driving the rebels to the west into Coahuila, arrived Wednesday in Ciudad Juarez. He made the trip from Ojinaga to Juarez by way of Marfa and El Paso. He came on a G. H. train in citizen's clothes and was only accompanied by Lieut. Manuel Flores, a military adviser. Gen. Aubert takes charge of the 600 federal troops in Juarez by virtue of his superior rank over Col. Mansano, left in charge by Gen. Tollez on his departure for the city of Chihuahua. It is said that Aubert's forces will move to the state capital overland from Ojinaga, and perhaps be transferred to Juarez over the Mexico North Western railway. A review of the troops in Juarez in Gen. Aubert's honor is being planned.

EL TIGRE BULLION HAS BEEN RECOVERED

Is Shipped to San Francisco to the Mint; Band of Rebels Cross Through Pass Near El Tigre Camp.

Douglas, Ariz., Oct. 2.—Twenty-six bars of bullion, consigned to the San Francisco mint, were recovered through Douglas today, including several bars of bullion stolen during the recent raid of Salazar on El Tigre mining camp. All has been recovered now. It was found within a radius of a few miles of the camp.

MEXICO ASKING ZAPATA TO QUIT

Washington, D. C., Oct. 2.—The Mexican government is apparently making no secret of the fact it is negotiating with Zapata for peace, already in reports to the state department. The strong representations made to the Mexican government by ambassador Calero at the instance of president Taft are said to be having a powerful effect on the Madero government. It is believed that if pending peace negotiations are not speedily successful, the government will renew the war on the rebels on a scale far more formidable and extensive.

SENATOR SMITH FAILS TO ARRIVE WHEN EXPECTED

Senator William Alden Smith did not arrive Wednesday afternoon from Los Angeles. He was expected to come here for a conference with senator A. B. Fall and to resume the hearing of Mexican revolutionary affairs. Senator Fall telegraphed to senator Smith Tuesday and the hotel Sheldon was notified that senator Smith's party would reach here on the Golden State limited Wednesday, but he didn't come.

CHIEF DANGEROUSLY STABBED

Douglas, Ariz., Oct. 2.—Francisco Arvizu, chief of police at Agua Prieta, was dangerously, and Juan Garcia, a citizen, probably fatally stabbed last night in a saloon in Agua Prieta by an unidentified man. Garcia was first stabbed. Arvizu was called in to arrest his assailant. In a struggle for the knife a deep wound was inflicted in the chief's neck. The assailant was arrested and is now held incommunicado.

Perfect cleaning, quick service. Wright.

ALLEGED DYNAMITE CONSPIRATORS PLACED ON TRIAL IN INDIANAPOLIS

Work of Selecting Jury Is Now Going Forward—Difficulty in Getting Men.

Indianapolis, Ind., Oct. 2.—Questions whether they feared for their personal safety if they served as jurors were asked veniremen today in the selection of a jury for the trial of the accused "dynamite plotters."

These questions developed a dispute between district attorney Charles W. Miller and United States senator John W. Kern, counsel for the defense.

"We have been shown here that one man didn't want to go on the jury because he feared for his personal safety," said Mr. Miller.

Bert E. Haynes, owner of a store at Linton, Ind., said he did not care to serve on the jury.

"Are you afraid it would hurt your business?" asked Mr. Miller.

"If he is such a coward as that, he may stay aside," said Mr. Miller.

The Labor Union Question. In one instance Mr. Miller said: "Labor unions are not on trial here."

"Labor unions are not on trial, but individuals are," said Judge Anderson.

"It is competent to question a prospective juror as to his relations with unions, because the relation of the defendants with labor unions is likely to cut a big figure in this case."

"Have you any prejudice against union labor?" was the chief question asked today.

J. M. Hatfield, a farmer and country school teacher, was excused because he said he had an opinion that the dynamite plotters were guilty.

As a former banker, John Burgess, of Newcastle, Ind., was asked whether William J. Burns, who arrested McManigal and McNamara, was at present employed by the American Bankers' association. Burgess said he did not know.

One man was excused because he had sons who were members of labor unions.

Already Convinced of Guilt. "Did you ever read McManigal's confession in which he implicates these defendants as associated with him in carrying dynamite and nitroglycerine about the country?" Charles W. Johnson, a farmer, was asked.

"Yes, I read it and together with the fact that the grand jury found in their verdict that these men are guilty," he answered.

James H. Hurst, another farmer, said he had no opinion as to whether to introduce any evidence to convince these men are guilty. I am convinced already.

Neither party had indicated its acceptance as a juror any of the first ten men examined.

Witnesses. A staff of government agents scattered from Boston to Los Angeles, it was learned, already had begun the work of seeking the witnesses who are to appear for the prosecution in the trial of the men accused of complicity in the "dynamite conspiracy."

One by one, when once the trial begins, a multifarious crowd is to be seen in the witness box. Trial conductors and station checkmen, who were reported to have handled baggage containing explosives; boarding house keepers in various localities who rented rooms in which plots were said to have been laid for blowing up bridges, viaducts and buildings; renters of barns and empty houses where nitroglycerin and dynamite were hidden; stone quarrymen who sold fuses and explosives; jewelers who sold alarm clocks and watches; and a great body of witnesses by whom the government expects to prove a conspiracy in which at least 45 men other than the McNamara brothers were guilty.

The fragments of evidence of all these people, the government contends, will fit in a complete story.

PLAN TO ARBITRATE UTAH MINE STRIKE

Bingham Business Men Will Ask Salt Lake Commercial Club to Help Settle Trouble.

Bingham, Utah, Oct. 2.—Local officials of the Western Federation of Miners expressed satisfaction this morning over the response to the strike order at Ely, Nev., which occurred this morning.

Business men of Bingham expect to get together today to consider the appointment of a committee from the Bingham Commercial club to wait upon the Commercial club of Salt Lake City with a view to arbitrating the labor trouble here.

Ynaci Terzieh, member of the executive board of the federation, who returned to Bingham this morning, said: "It will have the effect of forcing the Copper company to comply with the demands of the union. The future will tell."

R. C. Gemmill, assistant general manager of the Utah Copper company, who spent the night at Bingham, said he did not know what effect the Ely strike would have on conditions here.

MINERS AT ELY ORDERED TO STRIKE

Ely, Nev., Oct. 2.—A strike of all miners employed in the copper mines in this district was ordered last night by the Lane union of the Western Federation of Miners. The strike order called for the men to leave their work at 7 o'clock this morning. There are about 3500 miners affected by the walkout.

The principal company affected by the strike is the Nevada Consolidated Mining company, which is controlled and operated under the same management as the Utah Copper company at Bingham, Utah. The Giroux Consolidated Mining company is favorable to the union, but will be forced to close down, as the strike is handled by the Nevada Consolidated smelters at McGill.

COURT TO APPOINT ATTORNEYS FOR MANY

Jose Mesa, E. L. Charpentier, Robert McDonald, D. J. Mahoney, Floyd Stiller, John D. Dickson and a number of Mexican prisoners, charged with violating the neutrality laws, were brought into federal court Wednesday afternoon. Jose Mesa made a tentative plea of guilty, but because he and the others had no attorneys, they were all told to appear Thursday morning when attorneys would be supplied.

DE PALMA WINS VANDERBILT CUP RACE; TETZLAFF FORGED TO GIVE UP LEAD

Milwaukee, Wis., Oct. 2.—Ralph De Palma, driving a Mercedes car, won the race for the Vanderbilt cup on the Wauwatosa track today. He covered the 200 miles, 2,764 feet in four hours, 20 minutes and 31.14 seconds.

At 230 miles De Palma led Hughie Hughes by only one minute, 30 seconds. Wishart was in third place, two minutes back of Hughes. De Palma's average speed for that distance was 69 miles an hour.

At 250 miles De Palma led Hughes by 48 seconds, with 49 miles yet to go to finish the race.

De Palma continued to lead Hughes at the end of 285 miles with only 14 miles to go. Hughes was 38 seconds behind De Palma.

Tetzlaff Forced to Quit. Teddy Tetzlaff, after leading for more than 200 miles in the race for the Vanderbilt cup, burned out the engines in his big Fiat car in the 26th lap and was forced to withdraw from the race. De Palma then took the lead, closely pressed by Hughes.

Eight Enter Contest. Eight drivers with their mechanics and cars lined up on the new Wauwatosa road race course today for the start at 11 o'clock.

The drivers were scheduled to race approximately 290 miles, or 38 times around the 7.88 mile course, for fame, a trophy and \$500 in cash prizes.

The field of drivers included Ralph Mulford, winner of last year's Vanderbilt event at Savannah; Teddy Tetzlaff, the Californian, who set new road records over the Santa Monica course; and Ralph de Palma, winner of this year's National and first for all races.

De Palma First Off. Mulford was at the wheel of a Knox car. Tetzlaff drove a Fiat and De Palma a Mercedes. The killing of De Palma by Bruce Brown, of New York, during yesterday's tuning up trials, has retarded hostilities toward the course, which had dropped back to third place through tire trouble.

Several of the drivers insisted that the road was not sufficiently "matured" and that it held unexpected soft spots.

Ralph de Palma, with a Mercedes, was the first driver sent away when starter Wagner started the race at 11 o'clock. De Palma was followed closely by Hughie Hughes, Mercer Special. Then Ralph Mulford, Guy Nelson, Spencer Wishart, G. H. Anderson, George Clark and Teddy Tetzlaff were sent away at 30 second intervals in the order named.

De Palma made the first lap, 7.88 miles from a standing start in six minutes 57 seconds.

Tetzlaff drove the first lap in six minutes 27 seconds. For all races, Tetzlaff was in the lead at the end of 25 miles, driving at an average of 57 miles an hour. He was two minutes,

36 seconds ahead of De Palma. Spencer Wishart was third.

At the end of 100 miles or a little more than a third of the entire distance, Tetzlaff was leading De Palma by five minutes, 31 seconds. Tetzlaff had driven the 100 miles at an average speed of 57.3-5 miles an hour. Wishart had dropped back to third place through tire trouble.

At 230 miles De Palma led Hughie Hughes by only one minute, 30 seconds. Wishart was in third place, two minutes back of Hughes. De Palma's average speed for that distance was 69 miles an hour.

At 250 miles De Palma led Hughes by 48 seconds, with 49 miles yet to go to finish the race.

De Palma continued to lead Hughes at the end of 285 miles with only 14 miles to go. Hughes was 38 seconds behind De Palma.
