MAYOR HOST AT BARBECUE SUPPER

His Friends Organize the Barbecue Club and Will Meet Once a Month to Eat and Get Acquainted.

Several hundred of the leading business men and politicians of El Paso gathered Saturday night at Washington Park, the guests of Mayor C. E. Kelly, at a barbecue supper.

It was decided to make the affair a monthly event and all present enrolled as regular members and organized the El Paso Barbecue Club. Each man will contribute \$1.50 and will pay no more assessments until this amount is used up. The funds will consist in future as they did Saturday night, of barbecued beef, beef stew, pickles, bread, coffee, beer and cigars.

The mayor as host Saturday night saw that all his guests had plenty to eat, drink and smoke, and it was a most enjoyable meeting, the mayor declaring that he had called his friends together so that they could all get better acquainted.

It was decided to make the affair a monthly event and all present enrolled as regular members and organized the El Paso Barbecue Club. Each man will contribute \$1.50 and will pay no more assessments until this amount is used up. The funds will consist in future as they did Saturday night, of barbecued beef, beef stew, pickles, bread, coffee, beer and cigars.

Tom Powers cooked the stew and helped to serve the refreshments.

AUTO TAKEN BY BOY AND GIRL FOR RIDE

Owner Overtakes Them, Both Run, but Girl Is Caught and Her Name of the Boy.

Fred Chesney and a young girl companion Saturday night had an automobile joy ride. Without first securing permission, they borrowed M. Hendricks' automobile, which had been left standing in front of his residence, 601 Eastway street.

The doctor argued with a rifle, jumped into another machine and the race was on. On the county road the machine in which Chesney and his companion were riding sustained a puncture, and the two abandoned it. The doctor jumped out of his car and ran after them. Dr. Hendricks attempted to discharge the rifle, but the cap only exploded. However, it was enough to frighten her, for she stopped. Chesney kept running.

The young woman was taken to the police station, where she was turned over to sergeant W. E. Greer, who had over questioned her for about an hour, she admitted that her companion was Chesney. She was arrested Sunday and placed in jail to await trial.

JAKE MILLER REFUTS PIKER IMPLICATION

Jake Miller, manager of the White House, is nothing if not game, and he is no piker, as he proved Saturday. Miller was a member of the recent El Paso trade excursion into Arizona, and was one of the few who went to the bottom of the Grand canyon. He carried postal cards with him on the excursion and gave them out to the women at the different stopping places.

Friday he got some of the photographs made in the canyon and a little note explaining the same. He is sending the photos to the women who were at the party and the women were at the party and the women were at the party and the women were at the party.

INFANTRY DEFEATS CACTUS CLUB IN BASKETBALL GAME

In the practice games of basketball held at the Y. M. C. A. Saturday night the 22d infantry team defeated the Cactus club team by the score of 45 to 24. The first half was a good exhibition of basketball, with the honors about even, but in the second half it seemed impossible for the guards of the Cactus boys to stop the basket shooting of the two army forwards, Martin and Duff. Downing, who plays a guard for the army team, also has six points to his credit.

Hall and Taylor, for the Cactus, did most of the scoring for their team, scoring 10 and 11 points respectively. Ross, of the same team, getting two, and Snyder scoring one on a foul.

CRUC OF FIRE STARTS PANIC; 20 CHILDREN KILLED

Bibb, Span, and a young girl companion Saturday night had an automobile joy ride. Without first securing permission, they borrowed M. Hendricks' automobile, which had been left standing in front of his residence, 601 Eastway street.

The operator of the machine lost his nerve when a film ignited, and screamed "Fire." He was able to extinguish the flames himself without difficulty, but the effect of his cry upon the spectators was instantaneous.

Frenzied crowds gathered outside the building and the authorities had great trouble in extricating the dead and wounded.

CHARGED WITH DUMPING TRASH

A. J. Carpenter was arrested by the police Sunday on a charge of dumping trash in the city limits.

More Truth Than Poetry

"It was a cough, That carried him off; It was a cough, That carried him off in." The action of the Board of Health, urging citizens to take precautions against the prevailing coughs and colds, brings to mind the old jingle, "Probably most of the deaths in this country to-day are the result of diseases which had their origin in neglected coughs."

There is no better prescription for giving immediate relief to acute coughs and sorely irritating to the throat than that of a famous throat specialist who always advises his patients to shake together two ounces of glycerine, eight ounces of whiskey and half an ounce of Virgin Oil of Pine, and to take a teaspoonful of this simple remedy every four hours.

Any druggist can supply you with genuine Virgin Oil of Pine, which comes only in sealed half-ounce vials in wooden cartons bearing the label of The Leach Chemical Co., Cincinnati, (Adv.)

Clint, Tex., Nov. 25.—Frank Elliott states that the latest power machinery has been ordered for use in the new print shop, which will open in Clint, and it is expected to arrive in time to get out the first publication of the Clint News by the first Friday in December. The Davidson building, in the south part of town, has been rented to use as the printing office.

A new garage and electric light building is being erected on the C. E. Kellough ranch north of Clint. "Shorty" White has charge of the construction, and states that Mr. Kellough is preparing to have a first class lighting plant installed that he may have lights in his residence as well as to furnish power for charging the storage batteries to operate his automobile.

Miss Helen Delaney, a former teacher of the Fort Hancock school, has a position as teacher of the Mexican school of Clint, filling the vacancy caused by the resignation of LeNoir Sanford. Miss Agnes Brownwell, a sister of Mrs. H. M. Adams, of El Paso, is visiting this week with Miss Taylor at the Yarrowbrough home.

Mr. Fowler has been engaged by the Western Union at this place, to take the place of Mr. Ryan on the third truck at the depot, working from midnight until 2 o'clock in the morning. A large car of crushed rock is being unloaded here, and hauled out to the new place of Dr. Turner adjoining the Clint townsite on the southwest. ALWAYS CONQUERS RHEUMATISM

Thousands of persons have been rescued from the tortures of Rheumatism and restored to perfect health by the use of S. S. S. So uniform are the good results from its use that we do not hesitate to say S. S. S. always conquers Rheumatism if given a fair trial. You can never cure this deep-seated disease with external treatment, such as liniments, plasters, blisters, etc. These may furnish temporary relief but they do not reach the blood where the real cause is located. Rheumatism is rooted and grounded in the blood and must be driven from its stronghold there before permanent relief can be had. S. S. S. conquers Rheumatism by driving from the circulation the excess accumulation of uric acid which is responsible for the disease. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour fluid, causing pain and agony throughout the system, it becomes a nourishing stream furnishing health to every portion of the body and relieving every symptom of Rheumatism. If you do not conquer Rheumatism it will conquer you. S. S. S. is the one remedy you can depend upon for good effects. Book on Rheumatism and medical advice free.
