AMUSEMENTS.

WIGWAM MATINEES.
From now on the Wigwam will open its doors daily at noon and will run continuously until 11 p. m. The management has hit upon an innovation which ought to be popular with those who bring their lunches and do not go home at noon. The balcony will be open every day at noon for those who wish to eat their lunches there while watching the pictures.

The program for tonight is a good one, consisting of three full length reels. They are "The Totville Eye," an Edison newspaper comedy; "A Battle of Wits," Kalem's drama of the Kentucky mountains; "The Model for St. John," an unusual Vitaphone drama.

The permanent curtain has been installed and the size of the picture has been increased from 12 by 17 feet, the size on the opening night, to 15 by 21 feet. A mercury arc reflector now furnishes the current, making the pictures

Business and Professional Men Who Drink

"Moderately" or Excessively
Need Neal Treatment

"I know," says ex-Senator Bruce, "that there are thousands of high-class business, professional and laboring men in Chicago and elsewhere who would take the Neal three-day treatment within a week if they only knew how easily, quickly and surely it eliminates all the stored up and accumulated poison of alcohol from the system—thus removing the CAUSE as well as the EFFECTS of excessive indulgence. As a sample of the results, one of the greatest and wealthiest of Chicago's business men took the Neal Treatment nearly two years ago, and recently he said to me: 'Senator, I would not take a million dollars for what the treatment did for me.'"

Any man is foolish to go through the ordeal of trying to "sober up" by the old-time methods. Accept our invitation to take the Neal treatment for three days with this agreement that it will not cost you a cent unless you are entirely satisfied at end of the treatment.
