May Amend Seal Treaty.

Washington, D. C., Dec. 21.—Unless the agreement reached with Japan and Great Britain for protection of seal herds in the north Pacific is to fall of realization and the seal treaty perhaps itself be lost, it will be necessary for congress during the present session to amend the seal act so as to remove the five year restriction upon the killing of

male seals on the Pribilof Islands. This is the view of the administration, based on several urgent communications to the United States received from Japan.

QUEEN WILL BREAK RULES BY VISITING ANCIENT MONASTRIES.

Vienna, Austria, Dec. 21.—The Neues Tagblatt's Athens correspondent says Queen Olga, of Greece, intends to visit the 21 monasteries on Mount Athos, 80 miles southeast of Saloniki, thus breaking the rule prohibiting women visiting the sacred mountain observed for 1500 years.

The monks on the mountain, "have refused to permit royal ladies to visit them, always excusing themselves on the legend that the Virgin Mary with her infant Christ visited the mountain and that no woman had been allowed to do so since. But now that the Greeks have conquered the territory and the king and queen proposed a visit to the mountain, the monks summoned their council and decided to rescind the rule."

MILLIONS INVOLVED IN OIL LAND SUIT

Government Seeks to Recover California Oil Lands Valued at \$750,000,000 From Southern Pacific Railroad.

Los Angeles, Calif., Dec. 21.—The complaint in the long expected suit by the federal government against the Southern Pacific railroad, involving claims to \$750,000,000 worth of supposed mineral bearing land in Fresno county, has been filed in the United States district court for the southern district of California. Other suits are to follow, in which the government will contest the ownership of a total of \$750,000,000 worth of lands, according to the act of congress passed July 27, 1866, requiring the department of the interior to exempt mineral lands in issuing patents to railroads. The government will contend that of 400,000 acres of land on the main line of the Southern Pacific railroad in California, 150,750 acres are mineral bearing and must revert to the public domain.

The complaint contains a long list of co-defendants, alleged by the govern-

ment to be lessees of the Southern Pacific land and participants in the profits from their mineral yield.

CLUB WOMEN MAKE PROFIT OF 2 1-2 CENTS A DOZEN ON EGGS

Chicago, Ill., Dec. 21.—Women who started out to reduce the price of eggs here to 24 cents a dozen as a treatment to retailers, sold more than 700,000 at the 30 stations. Incidentally the Chicago Clean Food club, which engineered the egg campaign, made a profit of 2 1-2 cents a dozen on the eggs. The sum will be used in the club's further campaign to clean food and fair prices.
