BEACH TELLS HIS STORY OF ASSAULT

New York Millionaire Says He Ran From House When He Heard Wife Screaming; Says Negro Dared Start Him.

Albion, N. C., Feb. 6.—Frederick O. Beach, a New York millionaire, took the witness stand this morning in the case in which Beach is charged with assaulting his wife with murderous intent.

Beach, upon taking the stand, said he was 57 years old, that he was a property owner at Alken and had been spending the winters here for 17 years. Beach said that on February 26, after Miss Hollins, who was their guest, had retired, he returned to his room at 3 o'clock, he and Mrs. Beach continued reading.

Heard Wife Scream. "Suddenly we heard a scream. My wife exclaimed, 'My, what's that.' 'It is he,' she said. 'I saw some negroes quarreling. Then we heard another from the direction of the Lyons place. Two or three minutes later, my wife said she thought she would go to bed, but that she would put the dogs out first. She went out to the porch, closing the sliding room door behind her. A minute later, I heard her scream. I ran out the front door and saw my wife leaning against the post at the corner of the porch. I started for her and had got about a quarter of the way on the porch when a negro dashed by me, across the bushes and out the front gate.

Carried Wife Into House. "When I reached my wife she exclaimed: 'He has done something dreadful to me.' I carried her on to the porch, opened the screen door and laid her down inside. Then I saw the cut in her throat and realized for the first time what had happened. I rushed up stairs, obtained my gun and went out to the porch. I saw the negro who assaulted me. I returned in a short time and found the door had slammed to. I knocked vigorously and Miss Hollins came to the door and asked who was there before opening it. 'I replied, 'It's me, Beach. Let me in.'"

Held Mrs. Beach's Hand. Beach said he left the house soon to telephone Dr. Hall. He met the two Wyman doctors, who live across the street coming in the telephone Dr. Hall from the Alken club and then returned to his wife's side. When Dr. Hall arrived and began sewing up the wound in her throat, he said he held her hand because it was "very painful and she held on to me."

Brands Statement as False. Only once during the entire examination did he show any signs of disturbance. That was when the prosecutor asked him if he had not asked Dr. H. Morris to that effect, on Pearl Hamilton's brother, "once when he thought they were alone in the mayor's office."

"That is absolutely false," exclaimed Beach, rising in his seat. Mrs. Beach followed her husband on the stand and corroborated his story.

NEW COURT TO BE EXCLUSIVELY CIVIL

El Paso Attorneys Wish Proposed 71st District Court to Have Only District Court Jurisdiction.

El Paso lawyers want the 71st district court, which is to be the name of the new court, in the event the bill creating it is passed by the legislature, to be an ordinary district court, with that court's attendant jurisdiction. That was the unanimous vote of the members of the bar association Thursday morning, in adopting a resolution presented by Judge F. H. Morris to that effect.

The present bill, which is to be presented to the legislature by the representatives from El Paso, contemplates giving the new district court jurisdiction over the civil business of the county court, also allowing appeals from the justice courts in civil cases when the judgment of those courts appealed from exceeded \$20, exclusive of costs.

The representatives asked an expression of opinion from the local attorneys on such a court. W. B. Ware, who presided at the meeting Thursday morning, was instructed to wire the El Paso representatives of the action taken by the bar association.

It is contended that the third district court of El Paso will be by common consent, as is the case with the 41st district court, an exclusive civil court. But like the latter court, the new court will have the power to revoke the grand jury composed of that county and the 34th district court.

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Sanitarium at Buffalo, N. Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Golden Medical Discovery, Buffalo, N. Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alternative extract—no thousands have testified.
