Colorado Springs, Colo., July 12.—A masked man attempted to hold up the night clerk at the Cliff house, a fashionable summer hotel at Hamilton, 12 miles west of here, early today, shot and killed night watchman C. GAMBLING IN CARNIVAL IS BANNED AT CLOVIS

County Peace Officer Orders Suspension of Numerous Chance Concessions for Law Violation

Clovis, N. M., July 12.—Sheriff D. L. Moyer caused quite a stir when he ordered closed seven or eight side concessions of the Southern Amusement company, which he said were in violation of New Mexico's gambling laws.

An appeal was made to the office of the district attorney by the carnival people, but the matter has been left largely in the hands of the sheriff, and Moyer says the games can't go in Clovis.

The carnival had a week's stand in both Carlsbad and Roswell, and they claim their games were unopposed. The institutions under the ban are such as ordinarily go with carnivals and shows, including the wheel, drawing lucky numbers from hidden places, shooting, throwing, guessing, etc.

An appeal was made by the local chamber of commerce to the sheriff to allow the shows to run when the company threatened to pull up stakes after the first day in town on the week's stand if the concessions could not be granted, but sheriff Moyer was firm in his stand.

HOTTEST DAY IN FOUR YEARS FELT IN EL PASO

FRIDAY was the hottest day in El Paso for four years. It was 104 degrees Friday at 5 o'clock. At 2 o'clock Friday afternoon the temperature registered 102 on the top of the Southwestern building where the government thermometers are located. The quicksilver slipped up in the tube to 102, then 103, and finally reached its climax of 104 at 5 o'clock.

This was the hottest it has been in El Paso since July 12, 1909, when the weather man battled 105 for that day only. This is also four degrees hotter than it was on July 12, 1912, as the weather reached the century mark but twice during 1912.

After its aviation, the temperature veiled down to 102 at 6 o'clock and glided down to 78 at 6 o'clock Saturday morning.

After a sunset in a hot sky, a breeze blew up from the southwest and cooled the climate considerably Friday evening.

The forecast for Saturday was fair and warm.

During all of Friday afternoon, a hot "breeze" blew downtown. The air actually burned when it touched the face or skin, something very unusual for El Paso.

BULGARIAN CAPITAL

Troops at Sofia Open Fire on the Rioters, Killing Many People.

ALL BELLIGERENTS FAVOR MEDIATION

LONDON, England, July 12.—Reports of tumults at Sofia, Bulgaria, are telegraphed by the Vienna correspondent of the Central News agency, who reports that a mob stormed the government offices and came into contact with the troops, who fired 2 volleys, killing many people. It is also rumored that the royal palace is surrounded.

All the belligerents in the Balkan war have given Russia full power to find a way to bring hostilities to an end.

Bulgars Anxious for Peace

Having talked in her hazardous coup, Bulgaria is now showing herself anxious for peace. No formal armistice has yet been arranged, but it is believed hostilities are virtually ended. It is feared, however, that the settlement of peace conditions will prove a long task, many new elements having entered to complicate matters.

Bulgaria's decision not to oppose Rumania's occupation of Silistria and the strip of territory she desires, removes one difficulty. But other developments, such as the Greek occupation of Kavala, to which Bulgaria is expected to offer bitter resistance, are calculated to lead to troublesome negotiations, especially as both Greece and Greece, on the outcome of their campaign, will be certain to demand possession of territory occupied by the Rumanians.

Russia is already taking steps in the Balkan capitals to arrange for a cessation of hostilities.

Rumania Demands Land.

A Bucharest correspondent learns that Rumania will now insist that the Turkish-Balkan line shall be drawn as to leave Dobrich and its plains to Rumania. It is added that Rumania has intimate Bulgarian her complete sympathy with Rumania and will allow free passage of materials of war for the Rumanian army through Austria-Hungary.

Rumors are current in Bucharest of a revolution in Sofia and an attempt on premier Danailoff's life.

The Servian minister at London has submitted to the British foreign office a photographic reproduction of a document found on the body of a Bulgarian officer which is alleged to have been the Bulgarians began the hostilities. The document contains instructions to cooperate in operations against the Greeks and Servians.

BULGARS SUPPRESS DEFEAT OF TROOPS

Vienna, Austria, July 12.—A message from Sofia says that the populace of the Bulgarian capital is in ignorance of the actual military and political situation in the Balkans. The government has suspended the newspapers so as to prevent unfavorable news from spreading, while the war office continues to issue reports of successes of the Bulgarian armies in the field.

Until last evening the inhabitants of Sofia knew nothing of the action taken by Rumania, whose troops had crossed the Bulgarian frontier and occupied considerable territory.

BULGARIANS MASSACRE 200 GREEKS AT SERES

Saloniki, European Turkey, July 12.—The Greek troops have fully occupied the town of Seres, recently in the hands of the Bulgarians, and martial law has been proclaimed there.

The number of Greek residents massacred by the Bulgarians before they left Seres was 200, including most of the prominent citizens.

CUBAN LAWMAKERS WILL SUPPORT ACCUSED GOVERNOR

Havana, Cuba, July 12.—Senators and representatives affiliated with the Ascher faction, held a secret meeting at the Julian Botancourt club, which recently was closed by the police on account of gambling, but the use of which was permitted for the session. After the meeting, a statement was issued that the conference was perfectly satisfied with Gen. Rivera's innocence of the killing of Gen. Riva and will continue to maintain the closest affiliations and loyalty to him.

Ascher, now in the main prison, is receiving his friends and hundreds of letters and telegrams pleading support.

President Menocal has expressed his intention to "proceed at all hazards with the prosecution of the accused. The president's attitude has been strengthened by the receipt of a note from secretary Bryan at Washington expressing assurance of support in his efforts to uphold the law.

TITLED WOMAN SEEKS DIVORCE IN LONDON

London, Eng., July 12.—The Pall Mall Gazette says today that a petition for divorce by Mrs. George Cornwallis-West, formerly lady Randolph Spencer Churchill, who is a daughter of the late Leonard Jerome of New York, is to be heard by the divorce court in a few days.

On March 3, she was granted a decree against her husband for the restitution of conjugal rights.

SENATE INQUIRY KEEPS MARTIN MULHALL AWAY FROM THE HOUSE COMMITTEE.

REVEALS ACTIVITY TO DEFEAT LEGISLATION

WASHINGTON, D. C., July 12.—

Under subpoena to appear at the same hour before the two separate congressional committees in session here, Martin M. Mulhall, who is testifying as to the alleged "lobbying" activities of the National Association of Manufacturers, today faced a puzzling situation. The tangle was the result of a clash of authority between the senate and house investigators.

Both committees met at 3 o'clock, but Mulhall and J. McCormack, who appeared at the senate committee room and were placed under guard of an assistant sergeant-at-arms.

Senate Keeps Witness

Mulhall finally resumed the stand and took up the identification of his letters.

Chairman Overman of the senate committee sent a formal notice to chairman Garrett of the house committee at 10:30 o'clock that the senate committee would insist on keeping Mulhall as a witness until it had finished with him.

Chairman Overman assured the house committee that the senate investigators would release Mulhall later, subject to a house subpoena and make available to the house committee's order "any and all papers now or which may come into our possession in connection with this matter."

Guardia Surround Mulhall.

Surrounded by guards to ward off subpoena servers from the house, Mulhall continued his story before the senate committee, reciting details of the fight he alleged manufacturers planned to beat representative Hughes, of New Jersey, now a senator, to reelect Nelson W. Aldrich as senator from Rhode Island, and reelect former representative Edmond C. Byrne, of Maryland, who he alleged was taking part from the Manufacturers' association when it was alleged that McCormack because of his eight hour labor bills, Mulhall's testimony may cover several days.

Fight Labor Legislation

A letter to senator Foraker, September 15, 1904, referred to a suggestion that Mulhall go to Rhode Island to help senator Aldrich in his campaign. He testified he went later at the request of Aldrich.

"He asked me to get in touch with labor men there to get their support."

Kurten, former introduction for Harry C. Kurten, given by the committee on the building trades of Philadelphia, was offered in evidence. It was signed by Kurten, as secretary. Kurten was engaged, Mulhall testified, in the fight against William Hughes, then a representative and now a senator from New Jersey.

"Were you sent to help beat Hughes by the National Association of Manufacturers?" asked Mr. Reed.

"Yes, sir."

Hughes Held Union Card

"Why did they want to beat Hughes?" "On account of holding a union card, being affiliated with the American Federation of Labor and his activity on the floor of the house and with the labor leaders in Washington."

Kurten was given credentials, Mulhall said, so he could get into union labor meetings to oppose Hughes.

"The work of this kind was always secret," said Mulhall. "It was done under cover."

"Did you pose as a friend of the labor organizations and thus work against these organizations from the inside?" asked senator Cummins.

"Not at that time."

Refers to President Taft

A reference to president Taft came in connection with questions on the names of the Mulhall envelopes. The following names and addresses were given: Columbus Buggy company; Col. H. Morgan, Alliance, O.; John N. Taylor East Liverpool, O.; J. Sinclair Steubenville, P. M. Hanna, Cleveland.

"These five names were submitted to me by senator Foraker, of Ohio, and handed to president Taft, of an interview with him at his summer residence in 1910," Mulhall testified. The committee did not develop the point further.

Support for Republicans

Senator Reed asked if the National Association of Manufacturers "went generally in politics," and supported out the country, whom it supported. Mulhall said it generally supported the Republican ticket and particularly opposed Democratism who were actively opposed to its position on labor questions.

Mulhall Refuses a Bribe

Mulhall subscribed to the oath before the senate committee with a smile on his face. Senator Reed, designated by chairman Overman to examine the witness, began by placing in evidence a list of the officers of the National association of Manufacturers in 1907 and a list of the members of the association. Mulhall said he was born in 1860 and had lived in Baltimore more than 12 years. He said before he went with the National association of Manufacturers he was "principally in politics" and was connected with the Republican national committee.

"I refused a bribe of \$5000 and a life pension in the naval service in 1902," said Mulhall. "That year I had charge of the Republican campaign in Albany and Rensselaer counties, New York. Before that time Mulhall said he had ranged for a conference between governor Stone and three labor leaders in an effort to settle the strike."

Controlled Workmen's Order.

Mulhall declared that Cushing had agreed with him to aid and build up the Workmen's Protective association, which Mulhall virtually controlled. It had run down about 500 members and with Cushing's aid, Mulhall declared, it was worked up to 1200 members. For this Cushing, as secretary

Tries to Settle Strike

Senator Reed asked him about his relations with labor. He said the senator, Quincy, of Pennsylvania, sent him to confer with John Mitchell, who led the anthracite strike in Pennsylvania in 1902 to get the inside story. During that time Mulhall said he had ranged for a conference between governor Stone and three labor leaders in an effort to settle the strike.

TO BLOW UP AMERICAN EMBASSY

Mexicans Follow Anti-American Demonstration With Threat of Dynamite.

THEN SHOW THEIR LOVE FOR A JAP

MEXICO CITY, Mex., July 12.—An anonymous letter was received by ambassador Henry Lane Wilson today threatening to blow up the American embassy, and was immediately referred to the Mexican foreign office for investigation.

Mexicans Want to Fight.

An indication of the fever of patriotism that has been aroused in Mexico the department of the interior announced today the registration of 20,000 workmen had appealed to the government for military instruction in order that they might be ready to fight for the national existence.

Anti-American Parade

The students of the federal capital are organizing a demonstration for Sunday in which they have invited the workmen and all other classes to participate. Although the organizers have cautioned those who will participate to keep order, there is grave fear on the part of conservative Mexicans and also among the American colony that the demonstration will provoke serious trouble.

The American ambassador has protested vigorously to the Mexican government against permitting another anti-American demonstration.

In spite of the protests of ambassador Wilson in regard to the attitude of the newspapers especially of El Pais, the journal devotes its first page to the anti-American movement. Its articles being highly sensational in its editorial columns it carries on from the other side a strong intimation that the time is near when Mexicans must fight the American nation.

To Honor a Jap

Following this show of anti-American sentiment expressed in the press and the public schools of the capital have been posted with a call for all students to meet the train on which the new Japanese minister will arrive. All are requested to carry Japanese flags to show friendship.

"The unequivocal sympathy which is expressed by both people is well known to all good Mexicans," says a call, and we believe the time has arrived when we should make public and solemn testimonials in these moments in which our nationality is tried by the imperialistic ambitions of strong peoples.

Wilson is Insulted

It is quite probable that anti-American sentiment expressed in the press and by the public may become a subject of international discussion. The American ambassador is giving this matter his attention. The embassy has had some difficulty in translating his letter to the state department and recently the ambassador felt it necessary to demand the removal of one official because of what he regarded as his impertinent attitude. Ambassador Wilson has made a full report to Washington on the anti-American articles.

No Charges With E. S.

Washington, D. C., July 12.—No charges were made against the Japanese minister from the Huerta government concerning the Japanese flag incident.

FEDERALS WHIP REBEL BAND NEAR MAPULA

FEDERAL forces from the Chihuahua garrison under Col. Manilla defeated a rebel force between Alberto and Mapula Friday, killing 168 and wounding many more. The rebels were forced to dynamite their troop trains and escape to the hills when they discovered that the federals had previously cut the railroad line in their rear and they were not able to escape to the south.

This information was received in a federal telegram by Col. Juan N. Vasquez, commander of the Juarez garrison, from Gen. Mercado, commander-in-chief of the Chihuahua forces. The message was dated Saturday and said that the fight occurred on Friday and was a complete victory.

Alberto is but eight miles south of Chihuahua and Mapula is 15 miles south of the state capital.
