**JUST LIKE RENT**

We have three new homes near the Alta Vista school on the paved street we can sell you, truly, like rent.

These homes are located on a four foot terrace, have all the walks and fences in, have hardwood floors, enameled bed rooms and bath, base tubs, beautiful electrical fixtures and all the conveniences the modern bungalow offers.

If you want a new home, built by Perry-Kirkpatrick, you now have the opportunity to own one for very few dollars each month more than you are now paying rent for.

**Perry-Kirkpatrick Realty Co.**

"Quality First"

**El Paso Homes of Character**

Home of Mr. A. C. Hobble.

This beautiful bungalow was built by Perry-Kirkpatrick Realty Co. for Mr. A. C. Hobble on Ft. Boulevard, in Grand-View Addition. It is constructed of brick with stucco finish. It is located on four lots and placed 25 feet back from sidewalk, which together with driveway makes a beautiful lawn. This home has five large rooms with bath, sleeping porch, laundry and all the modern conveniences. The living room and dining rooms are finished in mission with mission electrical fixtures to match. Bookcases, beamed ceilings, built in buffet and writing desk are some of the attractive features of this home.

**"Taste"**

Should be exercised in the selection of your builder's hardware. A beautiful home tastily decorated should have hardware in keeping. We maintain a special department which is at your service.

THE FURNACE WITH ALL THE FIRE ON TOP.

**UNDERFEED**

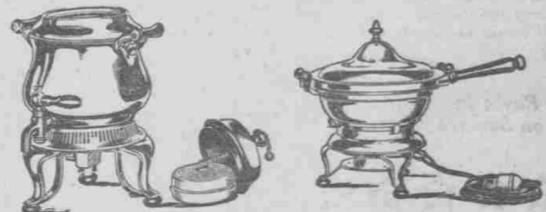

The Peck-Williamson Underfeed Furnace has solved the problem of getting clean, even heat out of cheapest slack. There's no smoke or dirt with an Underfeed and you'll save 1-2 to 2-3 on Coal Bills.

This illustration shows furnace without casing, cut away to show how coal is forced up under fire.

We'd like a chance to show you this Furnace Wonder.

Favorite Underfeed Furnaces, Tanks, Sky-Lights, Gutters, Conductor Pipe, Roofing, Electric Signs.

**ELECTRIC WARE**

For the Housekeeper's Convenience—the Family's Enjoyment

It's a matter of economy, too, you will be surprised at the small amount of current required for making coffee and tea, for chafing dish and grill cooking. It takes so little current because Electric Ware is so made that no heat is ever wasted.

Then think of the safety, cleanliness and convenience these hot days, of Electrical Appliances. They help solve the servant problem.
