## WILSON'S NOTE

Next Step In Mexican Situation Must Be Taken By Mexican President.

### LIND IS KEEPING PERFECTLY QUIET

WASHINGTON, D. C., Aug. 16.—Administration officials here expect the next move in the Mexican situation to come from the Huerta government.

Official advice that the views of the United States, as set forth in a formal note, had been delivered to the Mexican government and were under consideration by provisional president Huerta and his cabinet, were received here today, with the additional information that the views of the United States had been transmitted at the same time to the diplomatic representatives of foreign governments in Mexico City.

Secretary Bryan remained silent today, even refusing to say whether the note had been presented. President Wilson, after going over the situation, left for the golf links. The Mexican embassy here had no advice whatever from the United States, it had not been revised of its contents by the state department here and embassy officials expected to receive it, if at all, from foreign minister Gamboa in Mexico City.

"Publication of this government's views set out in the note is being withheld at present, at the request of the Huerta government, that it be first permitted to go over the communication. Secretary Bryan's plan is to publish the contents simultaneously in Washington and Mexico City later, probably with the acquiescence of Huerta."

"Constitutionalists" hitherto have declared they would not engage in any election in which the Huerta government exercised control over the election machinery. The possibility of an agreement, however, for a non-partisan commission of Mexicans to conduct the election is being discussed, and should the situation actually progress to that point it may be that informal efforts will be made by Mr. Lind to secure participation by the "constitutionalist" leaders in such a plan.

An indication of the determination that he cannot be criticized for talking too much in official quarters, he yesterday refused to grant an interview to a group of well known politicians, including a number of members of the chamber of deputies, who called on him in Mexico City.

Mr. Lind told them that until his official mission was fulfilled, he did not desire to discuss Mexican politics with other persons, including officials, and that he had no intention, at present, of lifting the embargo on arms, in fact, the president is said to have taken a similar position against it, at least until all peaceful means of settlement have been exhausted.

### SENATE FOREIGN RELATIONS COMMITTEE AGAIN TODAY DISCUSSED PHASES OF THE MEXICAN SITUATION AND THE SCOPE OF THE REPORT BY THE SPECIAL INVESTIGATING COMMITTEE OF WHICH SENATOR SMITH, OF MICHIGAN, WAS CHAIRMAN.

The committee directed that this report, and an individual report by senator Fall, should be laid before the special investigating committee, probably next week, for decision whether they shall be submitted to the senate. None of the pending resolutions on Mexican affairs were acted on.

### BIG BATTLE BEING WAGED IN COAHUILA

Eagle Pass, Tex., Aug. 16.—A pitched battle between rebels and federalists is in progress at Rodriguez, state of Coahuila, according to military bulletins received at C. P. Diaz, "constitutionalist" headquarters. Many federal prisoners were reported to have been taken at Abasco, including three officers, who were summarily executed.

Twelve hundred federalists dispatched from Mexico, are participating in the fighting at Rodriguez, it is said. Henry Allen Tupper, of the international peace forum, conferred last night with Jesus Carranza, who is in command at C. P. Diaz in the absence of Venustiano Carranza, concerning the possibility of adjustment of factional differences in Mexico.

### DIAX DECLINES TO TALK

Biarritz, France, Aug. 16.—"No words shall be spoken by me that will give rise to comment or argument between the armies in Mexico," said Gen. Porfirio Diaz, when asked for an interview. "I wish to keep outside of all controversy, a conflict should break out between Mexico and a foreign state, I could not remain indifferent."

Gen. Diaz has taken up his residence in a magnificent village house here which he has rented for a stay of several months.

### REBELS APPEAR IN THE MEXICAN FEDERAL DISTRICT

Mexico City, Mex., Aug. 16.—There was a sharp fight at night a short distance north of Atzacotalpa, a suburb of this city, between a band of rebels and federal troops. A few persons were killed or wounded. The rebels are believed to be members of bands which during the last 24 hours have appeared at various places in the federal district.

### HELPS ON AMMUNITION CHARGE ON \$500 BONDS

The men had waived preliminary hearing. They were arrested on Florence street, between Mills and Texas streets, on August 12, by deputy United States marshal R. E. Bryant.

## KANSAS PICKS FRONT OF STREAMS

Drought Throughout State Reduces Many Rivers to Standing Pools.

### RAIN BRINGS RELIEF IN SOUTHERN KANSAS

KANSAS CITY, MO., Aug. 16.—Because most of the streams have shrunk to standing pools, hand-picked catfish are being enjoyed by persons in eastern Jackson county. Experienced fishermen do not hesitate to wade in these pools, feel under the edges of the rocks and capture the fish in their hands. Oak Grove has reported the capture of a 30-pound catfish in this manner.

### RAINS ARE INADEQUATE

Heavy showers last night and early today relieved conditions in parts of the heat and drought stricken regions of Missouri, Kansas and Oklahoma, but the rains were far from general and in most instances inadequate. In one section a 24-hour soaking rain can alleviate hardships incident to drought. Where wells and streams are dry, a soaking rain is regarded necessary to replace the exhausted water supply.

Temperatures for 12 days have hovered above the hundred mark, fell today in southern Kansas and northern Oklahoma, because of showers and clouds, but according to the United States weather bureau here there were evidences of a 13th day of extreme heat generally over Missouri, Kansas and Oklahoma.

Heavy rain at Arkansas City, Ark., reported heavy rain falling this morning over a wide section of southern Kansas. Northern Oklahoma has also received a soaking rain through about the middle of yesterday afternoon and continued today.

Light showers fell in this city yesterday in the midst of bright sunshines. The benefit furnished was the cooling of the atmosphere and burning pavements. Hundreds of children and in many instances their parents rushed into the street and stood in the rain.

Drought in northern and eastern Kansas, and most of Missouri, continued unabated.

### CITIZENS PRAY FOR RAIN

Prayers for rain were asked for in Kansas and Missouri by citizens and clergy. In Kansas scores of persons wrote to governor Hodges asking him to issue a proclamation calling for a day of public prayer. The governor, however, declined.

"I believe in the efficacy of prayer," he said, "but not in case of flood or drought."

Bishop J. J. Hennessy of the Roman Catholic diocese of Wichita, Kan., issued an order that on Sunday an hour should be given to the city by employed for special devotions and " fervent prayer to our blessed Lord, to terminate the present unusually protracted dry spell."

At Springfield, Mo., the Rev. J. F. McDonald, pastor of the St. Paul Methodist Episcopal church, announced services would be held open to the public, when prayers would be offered for rain.

### HEAT CAUSES THREE DEATHS AT ST. PAUL

St. Paul, Minn., Aug. 16.—With a maximum temperature of 98, two drownings, one death and numerous prostrations were caused by the heat wave here.

Temperatures ranging from 92 to 100 were recorded in many towns in Minnesota. Reports from Nebraska, where the heat wave is unabated, indicate heavy damage to crops.

### HEAVY HAIL AND RAIN STORM AT THE SMELTER

Hail and rain fell in dense sheets for several minutes at the smelter Friday afternoon, according to the reports brought to the city by employed. The storm is said to have covered an area of about one half mile. Also, Highland Park experienced a rain shower of short duration.

## SULZER AND GLYNN CONTINUE DEADLOCK

ALBANY, N. Y., Aug. 16.—All negotiations toward having the courts decide who is the governor of New York were declared off to the third consecutive day by Sulzer, the impeached governor, and Martin H. Glynn, who was elected lieutenant governor, occupied offices in the capitol, each claiming to be the chief executive.

Indications were that the deadlock would last until the meeting of the legislature next Tuesday if not longer. Neither claimant endeavored to interfere in any way with the other.

Each seemed to be marking time, waiting for the other to take the offensive.

The proposal of William Sulzer that he and his rival lay their respective claims before the courts for speedy settlement came to grief last night, Lieutenant governor Glynn, who claims
