THE HERALD regularly sells and delivers more than twice as many copies daily as are sold and delivered by its local contemporary. The Herald of course stands ready to prove this statement, the conditions being that the investigation of the two papers, to cover the 12 months ending with September 15, 1913, shall be thorough, and that the complete and detailed results shall be published in full by both papers. The Herald has deposited with A. Schwartz a certified check for \$1000 to show good faith, but the Herald's check will stand for 30 days, not merely for one day. In any investigation of the two papers that may be undertaken, it is understood that The Herald will name an investigator, the Times will name another, and that the two papers shall agree upon one or more umpires or associate investigators. The Herald for the last 20 years has been a consistent fighter for the principle of full circulation publicity and proof, and this policy will always be followed as a matter of plain duty and fair play to buyers of advertising space.

NEW YORK FACES FINANCIAL EMBARRASSMENT AS REVENUE BILLS ARE NOT PASSED.

MRS. SULZER WILL TESTIFY AT TRIAL

ALBANY, N. Y., Sept. 17.—New York state faces serious financial embarrassment unless revenue bills are passed by the legislature tonight before the opening of the trial of governor Sulzer Thursday. Many of the assemblymen are not in an amiable frame of mind because repeated recalls to Albany, since the special session convened, have caused a drain on their private resources. Their salaries ceased with the adjournment of the regular session. Acting governor Flynn and legislative leaders were not too hopeful that a sufficient number of members would be present tonight when the legislature reconvenes.

Make Fight on Senators. Each senator will be called on tomorrow to witness for the defense, according to the governor's friends. The right of certain senators, who as members of the Krawley investigating committee uncovered the evidence upon which the impeachment charges against Gov. Sulzer were based, to sit as members of the court of impeachment, will be one of the first questions to be raised by counsel for the accused senators when the trial begins tomorrow. These senators are James J. Frawley, of New York; Samuel J. Hammersperger, of Buffalo; Felix J. Connor, of Brooklyn; Democrats, and Elton H. Brown, of Watertown, Republican.

CHURCH FUNDS ROBBED BY PRIEST

New York Police Think the Slayer of Girl Also Robbed Visiting Clergymen.

PRISONER ASSERTS HE IS NOT INSANE

NEW YORK, Sept. 17.—Two more crimes took their place today on the police record of Hans Schmidt, the priest, who already has confessed that he murdered Anna Amuller and that he was a counterfeiter. In ransacking Schmidt's rooms detectives found evidence that Schmidt had stolen \$400 from the Easter collections at St. Joseph's church and that he had robbed a visiting priest, who spent the night at St. Joseph's rectory as a guest of the local clergy.

WARSHIPS ON MEXICO COAST TO DEFEAT HUERTA HOPES FOR PEACE, HE SAYS

President Wilson Has No Intention of Recalling Them at Huerta's Will.

CONGRATULATIONS SENT TO MEXICO

WASHINGTON, D. C., Sept. 17.—American battleships probably will remain in Mexican waters, despite Gen. Huerta's declaration that they will be unwelcome after another month. There was no official expression of this government's attitude today but it was plainly indicated that the United States will keep its vessels on the Mexican Pacific and Atlantic coast as long as the safety of Americans warrants. It was pointed out that American warships in Mexican waters would continue to adhere strictly to the injunction of president Huerta not to "entail an attack on the dignity and sovereignty of Mexico," but further than that it is not likely that the Wilson administration will accept dictation from Huerta's statement that circumstances in which American vessels may lie off the Mexican coast.

HUERTA HOPES FOR PEACE, HE SAYS

Declares Relations With U. S. Strained Diplomatically, but Not With the People.

U. S. WARSHIPS MUST LEAVE SOON

MEXICO CITY, Mex., Sept. 17.—The strained diplomatic relations between Mexico and the United States have caused the Mexican nation to suffer unmerited affliction and have retarded the pacification of the country, according to the message of president Huerta to congress. Nevertheless, he hopes for an early solution of the differences between the two nations, he says, and to see Mexico and the United States once more united in bonds of friendship. The provisional president drew a distinction between the attitude of the government of the United States and that of the people of the nation, saying "the tenaciousness of our diplomatic relations with the government of the United States, although luckily, not with the people of that country, had put Mexico in a state of apprehension."

BOMB SENT IN MAIL RECIPIENT SUSPECTS OLD TIME ENEMIES TO GEN. H. G. OTIS

LOS ANGELES, Cal., Sept. 17.—For the second time within three years a bomb yesterday exploded the life of Gen. Harrison Gray Otis, owner of the Los Angeles Times, which was destroyed by dynamite October 1, 1910. That he escaped injury probably was due to the work of one of his Japanese servants, who received from the postman an infernal machine, mailed in this city, and called his employer's attention to it.

OTIS SUSPECTS OLD ENEMIES. The attempt on his life yesterday was attributed by the general to agencies friendly to those whose conspiracy eventuated in the destruction of his newspaper plant and the killing of 21 men three years ago. But the police and postal authorities believed something might be developed from the theory that the Mexican question had a part in it.
