

Connie Mack Plays Right System

"Has a Heart;" Holds Men Loyal

ST. LOUIS, Mo., Dec. 17.—While rival managers are hunting the system whereby Connie Mack is able from year to year to produce a team that can win the pennant or be in the flag hunt, it might be well for them to overlook the baseball aspect of Mr. McClelleny and turn to his human side.

Mack is a capable manager who develops men instead of waiting for the minor leaguers to turn them out for him. But there is also another factor in his makeup that contributes to the team's success, and that is his ability to keep his men satisfied and in sweet temper. Mack was never known for the large salaries he paid. He has been known to ally with tender longings to the "iron man" of the mint. Yet seldom has anyone heard of a holdout on the Athletics simply because Mack found some other appeal to make to his men other than the financial one.

Mack is a Scepter. It remained for catcher Ira Thomas to pay a tribute to Mack, when he undertook the defense of the club for not signing the petition of the Players' fraternity. Said Thomas:

"Mack doesn't hold his players by virtue of signed contracts, but because he is eminently fair and gives practically what his players ask. We are in sympathy with the baseball fraternity's claim only because we know other owners are not as considerate as Mr. Mack."

If other leaders would learn the system of "having a heart," they would

soon find out they would have a team. Because, after all, it's the men that make the manager. In every case we can recall except that of John McGraw, who last year had a team with no players on it worth speaking of.

Why Deal With McGraw?

Incidentally—why any club manager, Miller Huggins or other, should want to talk trade with John McGraw is a mystery. The best he can get for his pains is the worst of it. If McGraw had a real baseball player you would have to cut his throat before he would yield him up. Anything that looks like the material is carried by John J. until both his own patience and the player's resourcefulness have been exhausted.

It's a mortal clutch that if Britton and Huggins get anything from McGraw it will be "the worst of it." Furthermore, any player of merit who might get away from McGraw for any reason whatsoever would be useless to the Cardinals, because a man coming from a championship team to a tail ender is not going to have his heart in the work. It's like being sent back to the minors.

The Same Old Club.

Huggins is coming back to St. Louis with the same team with which he ended the season, virtually. The only move he has made to strengthen the outfit is to get rid of O'Leary and take Geyer. That helps some. The probabilities are that, as far as any deal which may be made is concerned, the Cards will open the year just as with a last place future.

Kentuckians Favor Longer Races

Breeders To Train Heat Horses

CHICAGO, Ill., Dec. 17.—Major Thomas C. McDowell, the young Kentuckian, would welcome the return of long distance racing to this country, and be among the first to breed, and train the old fashioned heat horse.

Like Milton Young, another Kentucky breeder, McDowell has always had a penchant for heat racing, and in Sully McNairy, he had one of the fastest three-quarter heat performers to be found in America.

Some Early Day Races.

Milton Young's favorite mare was Lizzie, one of the best mile heat mares to be found in the country, and that in a day when there were many heat performers about of the first class. The race in which Kioba beat her at Louisville, early in the eighties, was one of the surprises of the year, and one that cost both Milton Young and the late Sam Bryant a lot of money. Kioba was at that time owned by John S. Campbell, who had become famous as the driver of the pacing horse, Richard. Now a man that drove pacers in those days was not looked upon as being any too honest. Kioba had been running some good mile and an eighth heat races around Chicago, but so great was the fame of Lizzie S., that the Kentuckians did not

give Campbell's horse a chance to beat her, and in the pools she sold as a hot favorite.

Bryant's Wager on Lizzie.

Just as the horses were going to the post for the first heat, Sam Bryant said: "I'll bet \$200 to a \$100 that Lizzie S. wins."

Just at that moment they were off, but a little fellow standing near by Bryant threw a hundred dollar bill on the grass, and remarked:

"I'll bet you put your foot on that and hold the stakes."

Sam did so, and kneeling down, began counting on his two hundred. He had just finished the task when Kioba dashed by a winner of the heat. Sam looked surprised, but said nothing. The second heat was a repetition of the first, and Sam handed the little fellow the money who carelessly stuffed it in his pocket, and walked away.

"Now, who is that fellow?" asked Sam.

"That is Johnny Campbell, the owner of Kioba, and the driver of Richard," answered a bystander.

"I might have known it," blurted Sam. "I never yet touched anything connected with a pacing horse, but what I did of the worst of it." And the crowd laughed.

Trades Improve Pennant Seekers

Dissatisfied Men Are Made Happy

KANSAS CITY, Mo., Dec. 17.—Deals pulled off in the National league, about the biggest bunch ever consummated at an annual meeting, certainly are good things for all clubs interested, even if any club did get the worst of the bargain as far as actual playing strength is concerned. It is better off with a satisfied player of ordinary ability than with a star who is dissatisfied. In each of the deals dissatisfied players were sent where they likely will be content to give their employers their best services.

John McGraw fits a great ball player in Bob Bescher. The only things Bob lacks is aggressiveness and an abundance of baseball brains. He has a wonderful arm, is a champion base runner and can hit, although not in the 300 class every year.

Herzog wanted to be a manager and likely will get the job at Cincinnati. Hartless is a long way from being a star. The Giants did not get the worst of that deal.

Cardinals Dissatisfied.

Ed Konetchy, Bob Harmon and Mike McVey were the Cardinals. They would not give Huggins their best service and he is likely to get a fair trade out of them. Dissatisfied players are disgruntled.

St. Louis gets Miller, a fair hitter and fair first baseman, far from being in the class with Konetchy; Wilson, a good outfielder; Artie Butler, formerly of St. Paul, only a fair infielder, but a good fielder; and a fair pitcher, and Robinson, a promising pitcher. In playing strength Pittsburg certainly was not cheated in this deal, but the Cardinals got rid of their disgruntled men.

It is gratifying to know a boxer who is willing to take a beating gracefully and not offer a thousand alibis. There are few of this type in the American ring. Kansas City possessed two of them. Harry Brewer has always given due credit to men who are able to fight-point him, although they are few. Clarence Ferns can be put in this class as one New Orleans writer quotes Ferns as saying: "Gibbons defeated me

HEALTH

Ought to be free. The entire system of charging the sick man to make him well is wrong; it's radically wrong and sooner or later the world will acknowledge it and the sick will be made well at public expense.

But just now it cannot be done. We must do as our brother physicians do: get our pay—charge the man who is sick. But we make our charges reasonable about all things. We have behind us 25 years of experience devoted exclusively to the practice of these diseases of our specialty.

If you suffer from some chronic complaint, remember we are experienced specialists. We cure to stay cured: Nervous Debility, Blood Poison, Kidney, Bladder, Prostatic and Special Diseases, Varicocele, Hydrocele, Obstructions, Piles and Fistula. You will find our charges very reasonable and no more than you are able to pay for skillful treatment. Consult us in person or by letter and learn the truth about your condition, and perhaps save much time, suffering and expense. We make no charge for consultation.

You can arrange to Pay by Weekly or Monthly Payments.

WISCONSIN DOCTORS OBJECT TO FREE UNDER EUGENIC LAW

Milwaukee, Wis., Dec. 17.—A possibility that no marriages will be performed in Wisconsin after January 1, except by securing certificates through the state board of health, confronts the state.

The Milwaukee Medical society has decided not to comply with the state eugenic marriage law providing that all candidates for marriage must prove their physical fitness by the production of a physician's certificate. The doctors say they cannot afford to give such an examination for \$3, the statutory price. A committee has been named to put the problem before the state board of health.

OUR EIGHTH YEAR HERE

We have just completed our seventh year of successful practice here, in which time we have treated nearly seven thousand chronic sufferers without the loss of a single patient by death and with few failures to cure.

We anticipate a much larger practice the coming year, as we have been steadily building up every month and have hundreds of the best people of the city and country working for us and sending their friends.

Since opening our offices in El Paso seven years ago now, 12,000 some twelve "Master Miracle Workers" have opened "great medical offices" in this city all of them the best equipped offices in the southwest—most of them to our personal knowledge consisting of less than a hundred dollars worth of second hand furniture and the others of obsolete apparatus for SHOW-PURPOSES; they stayed for varying periods, collected all the money possible and vanished; evidently having awakened to the fact that newspaper advertising alone could not retain practical results.

It should be said to our credit that we have at least stayed with it and demonstrated that we are sticklers and have necessarily made good to a certain extent and to-day we look forward to a future practice here that far exceeds our past efforts.

Our Combined Methods Cure Where Others Fail

WE COMBINE THE GREAT CURATIVE POWERS OF ELECTRICITY, LIGHT, HEAT, VIBRATION, SERUMS AND ORGANIC EXTRACTS, WITH THE SCIENTIFIC ADMINISTRATION OF CAREFULLY SELECTED STANDARDIZED MEDICINES prepared under our PERSONAL SUPERVISION.

We honestly believe that we own and operate the only medical offices in El Paso, properly equipped for the scientific treatment of Chronic, Nervous and Blood Diseases.

We invite you to come to our office. We will explain to you our treatment, and give you FREE a physical examination, if necessary, a microscopical and chemical analysis of secretions to determine pathological and bacteriological conditions. In cases we accept when an X-RAY examination is necessary we make same free of charge. All things people should take advantage of this opportunity to learn their true condition.

OUR PATIENTS PROTECTED—WE PUBLISH NO TESTIMONIALS

We do not believe in making merchandise of our patients' names; yet we have thousands of unsolicited TESTIMONIALS on file. We observe strictly the relation of physician to patient, and you can come to us in confidence, with the full assurance that your condition will not become common property of the public.

Consultation, Advice and X-Ray Examination Free

We cure by the LATEST and BEST METHODS in the shortest time possible for a very REASONABLE FEE: CATARRH, NOSE AND THROAT TROUBLES, BLOOD POISON AND SKIN DISEASES, KIDNEY, BLADDER AND URINARY DISEASES, NERVOUS DECLINE AND OTHER NERVE DISEASES; VARICOCELE, HYDROCELE, RUPTURE, (HEMORRHA), cured in one day; OBSTRUCTIONS, BILIOUSNESS, ENLARGED PROSTATE, PILES, FISSURES, FISTULA AND OTHER RECTAL DISEASES, and many other ailments not mentioned, and all special diseases of men and women. If out of town, write fully, describing your symptoms and condition, and receive our opinion free.
