CONGRESSMAN WEARS RADIUM IN SHOULDER

\$100,000 Worth Is Imbedded in Flesh; Will Cure Cancerous Growth, Is Physician's Hope.

Baltimore, Md., Dec. 27.—With \$100,000 worth of radium imbedded in his left shoulder, congressman R. G. Brenner of New Jersey spent his Christmas day in Baltimore. It has just been learned. The radium, it is hoped, will cure a cancerous growth in the congressman's shoulder.

The radium was imbedded in the growth in Mr. Brenner's shoulder by Dr. Howard A. Kelly of Johns Hopkins university and was left there long enough to send its properties into every part of the cancer.

Dr. Kelly placed the radium in 11 tubes, coated with a covering of rubber and a half inches in length and about one-third of an inch in diameter, were planted in as many incisions, that were made in the cancer on the congressman's shoulder.

The operation is said to be one of the most important that has been performed in this country and it is successful in producing either an improvement or a cure, will mark a decisive step in the advancement of the treatment of cancer by radio-active therapeutic methods.

SWITCHING CHARGE AT TUCSON IS FIXED

Shippers Will Pay \$2.50 Per Car For Transfer Between Railroad, Says Arizona Commission.

Phoenix, Ariz., Dec. 27.—In order to relieve an awkward situation that has arisen at Tucson, the Arizona corporation commission has issued an order granting the Southern Pacific authority to charge shippers \$2.50 a car for switching to the El Paso & Southwestern tracks, and private sidetracks, within the limits of that city.

In Tucson all the warehouses and mills are on the Southern Pacific tracks or sidetracks. Those shipping in carload lots over the El Paso & Southwestern will have to pay \$2.50 a car for switching. No similar charge is made anywhere else in Arizona.

In Phoenix the Santa Fe and Southern Pacific charge each other \$2.50 a car for switching but no charge is made to the consumer.

FIRE DESTROYS SHOP AT SOPRIS COAL MINE

Trinidad, Colo., Dec. 27.—Fire of unknown origin early today destroyed the blacksmith shop at the Sopris mine of the Colorado Fuel & Iron company at Sopris. The mine was in hard coal. The loss is placed at \$2,000. A volunteer fire brigade, including members of the military detail at the camp, made ineffectual attempts to put out the fire but succeeded in keeping it from spreading to nearby buildings. An investigation into the cause of the blaze is being made.

ALBERTO TERRAZAS RESIGNS FROM ARMY

Col. Alberto Terrazas, a Member of Terrazas Family, Also Resigns; Ransom May Be Paid.

Col. Alberto Terrazas, son of the rich Chihuahua land owner now a refugee in El Paso, has resigned from the volunteer corps of the federal army at Ojinaga and will come to El Paso in a few days, according to advice received here from President. Col. Alexander Cully, also a member of the Terrazas family, has sent in his resignation to the federal commander at Ojinaga, and will accompany Col. Terrazas to this city.

Neither Terrazas nor Cully are regular army men, having only taken up arms when Chihuahua city was threatened with attack by Pancho Villa's rebels. They were officers in a volunteer corps made up of the better class of Chihuahua citizens and friends and sympathizers. This corps was organized, not to bear arms in the field, but to assist in the defense of Chihuahua, in case the city was attacked.

Upon Col. Terrazas' arrival here, the most important work that lies before him is the liberating of his brother, Luis Terrazas, Jr., held a prisoner at Chihuahua by Villa. Aureliano Gonzalez, governor of Chihuahua, for a short time during the Madero regime, has arrived here from Chihuahua to begin negotiations for the payment of the ransom. He will handle the rebel end of the deal.

Gen. Luis Terrazas, head of the family, had no statement to make Saturday morning when asked what progress had been made in the negotiations for securing his son's liberty.

OLD STAGE DRIVER TAKES HIS OWN LIFE

Florence, Ariz., Dec. 27.—Painless, broken in health, Frank Carpenter, one of the best known old time stage drivers in the west, committed suicide in a Florence hotel by slashing his throat and left wrist with a razor. He was 75 years old.

For three years Carpenter drove a stage from El Paso to Silver City and Globe. He claimed that during those years he drove 76,000 miles, mostly at night, through a region infested with Apaches.

Carpenter crossed the plains behind an ox team in 1856 and drove stage nearly constantly for 40 years. He was a personal friend of Mark Twain and had in his possession letters from the humorist.

Whenever You Need a General Tonic Take Groves' Tonic. The Old Standard Groves' Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. Drives out Malaria, enriches Blood. Builds up the Whole system. 50c.

INVESTIGATE REPORT OF MILITIA'S DOINGS

Trinidad, Colo., Dec. 27.—The committee of the Colorado Federation of Labor, named to investigate outrages alleged to have been committed by the militia in the strike zone, today questioned Robert Ulich, the union organizer and strike leader now being held in the county jail on a murder charge growing out of the recent battle between strikers and armed guards in the Ludlow district.

Ulich was held as a military prisoner at

TWO ARE FROZEN TO DEATH IN SNOW DRIFTS

Philadelphia, Pa., Dec. 27.—Death and considerable property damage resulted from storms which raged throughout the Pennsylvania yesterday. Michael Clark, an inmate of the Schuylkill county jail, and Henry Walbank, a farmer, were found frozen to death in snow drifts near Pottsville.

Shamokin reported all the coal mines idle in that region as a result of the big drop in temperature and snow drifts.

A Wonderful Improvement Is Boulder Butter

over all other brands of butter sold in El Paso. We think it even better than the "Purity Brand" of butter, manufactured by the Merritt-Schweir Creamery Co., for which we have been selling agents in El Paso for the past eight years. "Boulder Butter" is put up in Four Quarter Pound Prints, instead of one solid print—Each Quarter is wrapped separately in waxed paper, which makes it very convenient for serving.
