

Export Tax Ruinous, Carranza Is Told

Border Cattlemen Urge Head of Revolution to Rescind His Latest Decree.

Douglas, Ariz., March 2.—Declaring that they face heavy losses and in some cases ruin, cattlemen along the border who depend on the export of their stock to the United States have prepared an urgent protest to Gen. Carranza against the new export duty on Sonora cattle. This tax amounts to \$10 per head. Cattlemen say it is impossible to pay this tax and sell the cattle at a profit on the American side of the line. They want the decree rescinded. The exporting business has grown to great proportions. Last year, it was said more than 20,000 head of cattle were imported from Sonora. Most of them went to California and Kansas City. With the announcement of the recent decree the export business stopped dead still. Stockmen who had herds on the way to the border tried to have the duty held up until their shipments had crossed the Texas communications. It is said they were not answered by the rebel government. In view of the claim that the export duty has cut off a very promising industry, there is a disposition here to charge the rebel leaders with having formed a plan to surfeit them with the expense of the livestock industry. Gen. Carranza and Gov. Jose Maria Maytorena are prominently named in that connection. It is claimed that the rebel chiefs plan to force stockmen to sacrifice their holdings, allowing the rebels to become owners of practically all the cattle in the state. When satisfied with the amount of their holdings, the export duty will be removed to enable them to obtain top prices for the cattle thus obtained. It is alleged that cattlemen who hold this view of the situation are awaiting developments to see how far wrong was their prediction.

CATTLEMEN HAVE NO KICK COMING

Stock Wintered Well in New Mexico; Calf Season Expected to Show Bigger Percentage Saved. Roswell, N. M., March 2.—The cattlemen of New Mexico have no kick coming since stock wintered well in the state, prices are twenty percent above those of a year ago and the calving season is progressing satisfactorily, with indications that a larger percentage of the calf crop will be saved this year than last. Only a small volume of local buying and selling is being done by the local cattlemen, many preferring to wait until after the Panhandle and Southwestern Cattlemen's convention at Oklahoma City this week, when the price for steers will be set. Some cows are being sold now, bringing \$35 a head this year as compared with \$25 to \$30 a year ago. The chief reason for the increased price is the constantly increasing scarcity of cattle all over the country. The advent of the calving season finds conditions propitious for a large crop, since the weather is moderate and the cows have gone through the winter well. Last year it was around sixty percent. This year it is hoped it may reach from 70 to 80 percent. Local stockmen who are attending the cattlemen's convention at Oklahoma City this week will discuss the drift fence problem and urge a continuation of the activity to secure legislation applying to the government domain.

EL PASOANS OFF FOR OKLAHOMA CITY

Wear Sombreros, Carry Madera Pine Cases and Take Along a Mexican Hand to Return by El Worth. On to Oklahoma City was the war cry of the El Paso delegation which left at eight o'clock Saturday evening for Oklahoma City to attend the annual convention of the Panhandle and Southwestern Cattlemen's association. The special train was crowded, a special car being attached to the train for Concho's band of 27 pieces, which will play during the trip and at the convention. The special left over the Texas and Pacific and will stop at Fort Worth for three hours, where the officials of the Cattle Raisers' association of Texas, the Fort Worth city officials and the friends of El Pasoans will be entertained. En route to Fort Worth, a number of cattlemen will join the party at stations along the railroad. The delegation was in charge of Burt Orndorff, chairman of the committee. The delegates all had Mexican hats. Andy Reeves took along a complete outfit of Indian buckskin and Dick Dudley will pose as Pancho Villa at the convention. Souvenir hats, flags, booklets and badges were also taken. The delegates wore arm bands with the name "El Paso" on them, had soft traveling hats and carried Madera pine cases. The special train will probably return by way of Fort Worth to attend the Cattle Raisers' association convention next week.

ATTEMPTED WRECK ON SANTA FE FAILS

Albuquerque, N. M., March 2.—An attempt was made to wreck Santa Fe train No. 1, the Overland Limited, at 1 o'clock Saturday morning. A switch leading to a work train siding a mile east of the town had been thrown up. The passenger train was half an hour late and a switchman sent out to help make an incoming freight discovered the open switch. Ten days ago wreckers removed a rail two miles west of Gallup and the eastbound Overland was badly wrecked. Hot water bottles repaired. Allen Arms & Cycle Co.—Advertisement.

"Kiss Your Wife Every Day," Marshall Advises

New York, March 2.—"Kiss your wife every day as an act of good faith. This is my cure for divorce," said Vice President Marshall Sunday in address before the Brooklyn Y. M. C. A. He spoke on the "New Puritan." He said he wondered how the old Puritan led the life he did—why, for instance, he did not believe in kissing his wife on Sunday. "He did not, however, believe in kissing another man's wife on any day in the week," added Mr. Marshall. Contrasting the old Puritan and the new Mr. Marshall said: "He believes in carrying his honeymoon through all the years of his married life."

UNEMPLOYED INVADE FASHIONABLE CHURCH

New York, March 2.—As the choir of the First Presbyterian church on Fifth avenue was singing Sunday night, 100 unemployed men marched down the center aisle. Rev. Dr. Howard Duffield stopped the services when he saw the strange invasion and made the men an address on the subject of "The Unemployed." He said he was hungry and homeless. We want something to eat and a place to sleep. Other speakers said they wanted to sleep in the church. At the close of the service a purse was made up to provide food and lodging for the men for the night.
