

Sheep Raisers Are Prosperous

The Flocks Winter Well and Raisers Have Money and High Hopes.

Socorro, N. M., March 8.—The outlook for New Mexico sheep growers never was better, according to W. S. Fuller.

ton, with ranches in western Socorro county, one of the most extensive livestock men in the state. Mr. Fullerton sums up the situation by saying that sheep have wintered well, despite an unfavorable outlook early in the fall, and that prospects for a profitable lambing season never were better, all of which combined will make 1914 a banner year for New Mexico sheepmen.

Because of the changed conditions, sheep raisers are giving their flocks closer attention and are paying particular heed to the various phases of the industry. They are learning how to conduct the business along economical lines, how to cut down losses and how to improve the standard of their sheep.

The demand for wool continues brisk, the shortage in Europe helping to stimulate the market. Wool is being contracted for at from 12 to 14 cents and no unusual drop in the price is expected before summer and then it is not expected to be material.

The lambing season just approaching should be a good one for New Mexico growers, since there is a great deal of grass together with an abundance of water. One or two sections report a shortage of grass, but by moving the flocks this unfavorable condition can be overcome.

With a good, or even average lamb crop this year, New Mexico sheepmen will have one of the most profitable years in their history.

PECOS VALLEY MAN CONSERVING RANGE

Artesia, N. M., March 8.—S. S. Ward, owner of the Flying H ranch, is setting an example for the stockmen of southeastern New Mexico by taking the initiative in range conservation. He has just completed a lease of 50,000 acres from the Gentry tract near Weed, for a period of six months, during which time he will move his cattle to this tract, thus giving a 10,000 acre tract to the state, and at the same time to renew the six months' growing grass at this time of the year will allow it to go to seed and thus insure a heavy supply of winter feed.

The leasing of the additional land and the moving of his herds will cost Ward several thousand dollars, but he believes the cost will be small in comparison with the benefits he will reap. He will watch Ward's innovation with interest.

CARRANZA IS FIRM ON CATTLE DUTY

Douglas, Ariz., March 8.—Gen. Carranza, so called first chief of the "Constitutional" army, is firm in insisting that the \$10 per head export tax recently decreed by him on all cattle shipped out of the state must stand. This was in effect to stop the sale of cattle to the United States, and the protests of Sonora and American cattlemen interested in the export trade.

COCHISE CATTLEMEN MEET ON MARCH 17

Willcox, Ariz., March 8.—The Cochise county cattlemen's convention, which was postponed from March 10 to the 17th, will meet here on the latter date. Cattlemen from all parts of the state are expected to attend the convention. The Cochise County Cattle Growers' association is one of the strongest subsidiary bodies of the Arizona Cattle Growers' association. Willcox is making great preparations to entertain the visiting cattlemen, and accommodations will be provided for a record breaking crowd.

SIMMS SELLS HIS CATTLE TO BUYERS

Clifton, Ariz., March 8.—W. J. Owen, William Owen and Robert Morris have purchased all the cattle belonging to Mitt Simms, one of the prominent cattlemen of this region. The purchase contract is being prepared, and the cattle are being shipped to Clifton, and to the mines at Longfellow and Metcalf.

DEER CREEK COMPANY SELLS 700 GOATS

Safford, Ariz., March 8.—J. A. Adams, one of the firm of Deer Creek Goat company, made a trip to Globe, where he disposed of 700 head of wethers for the company. William Moody, of Thatcher, assisted in the sale. The Deer Creek company is located at Aravaipa. Adams reported a heavy rainfall, lasting 50 hours, there.

MESA DAIRYMEN TO BUY BETTER STOCK

Mesa, Ariz., March 8.—Commissioned to buy seven car loads of cattle for the dairymen of the Mesa district, Frank Reed Saunders has left for a tour of the New York and New England states. Most of the cattle will be Holsteins, but Mr. Saunders will also bring back some shorthorns and a few Guernseys and Ayrshires.

OLD TIME CATTLEMAN TO MAKE ALAMOGORDO HOME

Alamogordo, N. M., March 8.—G. C. Reeves, who until recently was a resident of the Engle section of country, has removed to Alamogordo and will make his permanent home here. Mr. Reeves has purchased the W. E. Carmack residence and will occupy it. He may invest in cattle in Otero county if he finds a proposition that is attractive to him. The school facilities here had much to do with Mr. Reeves' removal to Alamogordo, since his children will have the opportunity of an excellent education.

INSPECTING CATTLE AND SHEEP EAST OF THE PECOS

Roswell, N. M., March 8.—Dr. G. Lipp, government livestock inspector, being a member of the bureau of animal industry is now making a thorough inspection of cattle and sheep on the east side of the Pecos river. He will be in that section of the country several weeks, it is expected.

COCHISE STOCK GROWERS MEET IN WILLCOX MARCH 17

Douglas, Ariz., March 8.—The Cochise County Stock Growers' association will hold its next meeting in Willcox March 17, according to advices received from the secretary of the association. Thomas Allaire, officers will be elected and considerable other important business will be transacted.

EAST TEXAS CATTLE ARE SOLD IN ARTESIA

Artesia, N. M., March 8.—Hicks & Jones had eight in five car loads of young cattle from East Texas, consisting principally of cows, which they sold to Levi N. Munsey, who shipped them to his ranch near Elkins.

EMPLOYEE UNDER SUSPICION GAMES THEFT OF THE KNIFE

Portland, Ore., March 8.—Accused with seven others of wholesale thefts of linen, Albert Howard, for 20 years an employe of Fleischer, Mayer and company, committed suicide Sunday at the county jail, cutting his throat with a penknife. Howard had been implicated by the confession of Harry Estes, a fellow employe of the firm, that he had conspired with him. Estes said Howard never profited by any of the thefts, but that he had conspired with Howard for the goods from the stockroom.

BIG INCREASE IN TELEPHONE BUSINESS

Washington, D. C., March 8.—The length of telephone lines in use in the United States has more than quadrupled in the decade from 1902 to 1912. This was shown in a report issued by the census bureau today.

DAILY RECORD.

Building Permits. To J. E. Buehler, to build a residence, Federal and San Marcial; estimated value \$15,000. To J. E. Buehler, to erect a bungalow, Courthouse and Labanon; estimated value \$2,000. To J. E. Buehler, to build a warehouse, Cotton and Wyoming; estimated value \$35,000. To J. E. Buehler, to build a warehouse, Chihuahua and Ninth; estimated value \$25,000. To J. E. Buehler, to build a tenement, Sixth and Park; estimated value \$25,000. To J. E. Buehler, to build an adobe, lot 17, block 39, Magoffin addition; estimated value \$10,000. To J. E. Buehler, to build an adobe tenement, Ninth and Florence; estimated value \$2,000. To George Beaudette, to make general repairs at 715 Myrtle avenue; estimated cost \$400. To Victor Mesa, to build an adobe, Warren and Commerce; estimated value \$200. To Bertha Valenzuela, to build an addition at 2317 Canal street; estimated value \$500. To J. H. Goodman, to build an addition to warehouse lots 4 and 5, block 77, Bassett addition; consideration \$15,000; March 16, 1914. Ake, 817 Olive street; license expires Oct. 22, 1912. 2075—Bon Lemmens, 415 Union avenue; license expires Oct. 22, 1912. 2076—Dr. J. Sampson, 1029 North Oregon street; five passenger Hudson.

Births—Girls. To Mrs. J. B. Order, 607 Mesa avenue; Feb. 16. To Mrs. Benito Salts, 3212 Oklahoma street; Feb. 16. Births—Boys. To Mrs. M. M. Valenzuela, 2004 River street; Feb. 25. To Mrs. William A. McDonald, Tobin place, March 1.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you. The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich in uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

WHY? Because the Globe Mills recognized in El Paso the coming metropolis of the great Southwest. We build for tomorrow as well as for today.

Already our prophecy has come true—and El Paso has become the supply point for this entire section.

was passing a house near the intersection of Fifth and 53 Pecos streets, when a man standing in the doorway sprang on him, stabbing him three times. Dominguez said there was no provocation. After being treated at the emergency hospital he was sent home. His wounds are not considered fatal.

SEMI-ANNUAL MID-SEASON SALE OF SILKS

Reaches a Value-Giving Height Hard to Realize—New Interest Tuesday

VERY few can realize what a great event is this Semi-Annual Mid-Season Sale of Silks until they are introduced to the splendid silks that are being offered. It's not a case of a woman coming to buy a few yards of silk, it's a case of where families are supplied with silks for months to come.

Why, it's nothing uncommon for a woman to buy six and seven dozen patterns of silks at this sale, and yet it's not surprising when the economies are so apparent. Why, there is any amount of this silk selling at prices that are positively matchless, and every yard of it included in the sale is a bargain at the price.

The Sale Started Today With Great Activity

And now for Tuesday. At the time of going to press it is not possible for us to give exact details of the items that are available for a quantity that may seem remarkable dwindles quickly under such tremendous buying.

We know however that it will be almost impossible for us to dispose of even half the quantity in the first day's selling. So for Tuesday and the rest of the week there will be values extraordinary for any woman who needs silks.

The General says: There is no true test of roofing but the proof on the roof. But

Certain-teed Roofing

Quality Cert-ified Durability Guaran-teed

is guaranteed for fifteen years—it will last longer.

When you buy roofing—whether shingles or rolls—for any building of any type—remember this:

Any test for toughness, pliability, tensile strength—is a false test. Roofs do not wear out—they dry out.

We use no coal tar in this roofing—because coal tar is of gaseous origin and naturally returns to gas, thus drying out too quickly.

Our properly blended asphalt is the result of a quarter century's experience and tests. They are not of gaseous origin and dry out very slowly.

The three biggest roofing mills in the world back up our guarantee of Certain-teed Roofing.

That's all the advance knowledge you need when you buy roofing—see the Certain-teed label on the roll or crate.

Certain-teed Roofing is sold by dealers everywhere, at a reasonable price. Ask your dealer.

General Roofing Manufacturing Co.

World's largest manufacturers of roofing and building papers. E. St. Louis, Ill. York, Pa. Marietta, Ill. New York City Boston Chicago Kansas City Minneapolis San Francisco Seattle London, England Hamburg, Germany

May Apple Root

Oldest Known Medicine Mentioned in Genesis and Songs of Solomon

"Mandrake" is the Biblical name of what we call May Apple. Of the May Apple Encyclopedia Britannica defining the word Podophyllin says: "Mandrake or May Apple Root, a popular remedy much used by those averse to calomel or other mercurial preparations, hence has been called 'Vegetable Calomel'." Our grandfathers used May Apple Root, tea or powder as a Liver Regulator. It has survived by virtue of its merit as a starter of Bile. Our forefathers said: "It makes the Liver act"—which is true in the sense that it releases the Bile from the Liver. Bile is the one natural germicide that overcomes germ growth in the intestines. A free normal flow of Bile is essential to the munity from germ infection and intestinal disorders. For years chemists have labored to overcome the only objection ever raised to Podophyllin—the griping—and at last have succeeded and offer to the world a new formula called "Podolax"—"Podolax" from Podophyllin and "Lax" meaning laxative or gentle in action as contrasted with its former cathartic or purging effect. Podolax is good to taste and is taken by children from a spoon or glass without the usual resistance. Best results are had by a single dose when a bad taste, or bad breath, or coated tongue are first noticed. Ask for Podolax and be sure to get Podolax. Don't "Wear Out" a Cough or Cold—Smoother Out with Dr. Bell's Pine-Tar-Honey.—Advertisement.

Truth

'Tis true, but strange, for Truth is always strange—Stranger than Fiction, if it could be told.

How much would novels gain by the exchange? How differently the world would men behold; How oft would Vice and Virtue places change!

The new world would be nothing to the old If some Columbus of the moral seas Would show mankind his soul's antipodes!

Truth

A wonderful meaning is contained in that little word. Equivocation builds its own gallows and hangs itself—generally early in its youth.

Sages occasionally have justified a white lie to the wife now and then—but under only the most mitigant circumstances.

Truth—truth—truth lasts forever—a foundation that will never crumble, come what may.

All that is good and lasting is firmly built on truth. A few years since the most expensively constructed mill in the entire world was built in El Paso. Concrete, brick and steel alone were used in its construction. Only the most modern machinery was installed—

Permanency alone was considered in its construction.

WHY? Because the Globe Mills recognized in El Paso the coming metropolis of the great Southwest. We build for tomorrow as well as for today.

Already our prophecy has come true—and El Paso has become the supply point for this entire section.
