

**"TAP DAY" AT YALE IS MADE QUIET, EXCLUSIVE AFFAIR**  
New Haven, Conn., May 12.—"Tap day," one of the biggest events in Yale undergraduate life—when juniors are selected for membership in the senior societies, was robbed of its picturesque character Thursday.

The historic ceremony, instead of being held under an ancient oak on the old campus, was transferred to the more secluded Berkeley oval, which had been fenced in to keep out all those not invited.

This was because of the two years' agitation against certain phases of the society's system, one of the injunctions being that the affair was to be public.

**You'll Crow Over "GETS-IT" for Corns!**

It Will Strangle You How "GETS-IT" Gets Corns Every Time.

"One, two, three!" That's about as long as it takes you to apply "GETS-IT," the new, simple, surest corn cure the world has ever seen. Corns fusing in all over. Corns, corn pains

and calluses are absolutely done for from the minute you apply "GETS-IT." Forget the bother of useless plasters, grayed knives that spread and make toes sore and raw. Little doubtless cotton rings that press on corns, forget knives, razors, and the danger of blood poison from drawing blood, and the contraptions and harnesses that simply make corns worse. "GETS-IT" never hurts the flesh, never falls off. "GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.—Advertisement.

**PORT ARTHUR MAN FINDS HEALTH IN WONDERFUL STOMACH REMEDY**

Sufferer Is Restored and Makes Remarkable Gain in Weight on Few Doses

J. Y. Stoneburner, of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatments without apparent benefit. He tried physicians, but physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine. I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy, then wrote:

"Thousands of letters from people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy cleans the digestive tract of mucus and cures and removes poisonous matter. It brings swift relief to sufferers from stomach, liver, and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it saved their lives.

The remarkable success of this remedy has caused many imitations, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them. Go to Potter Drug Co. drug store and ask about the wonderful results it has been accomplishing in cases they know or send to Geo. H. Mayr, Mfg. Chemist, 191-195 White St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. **WHEN OUT OF SORTS START YOUR LIVER WORKING**

No Matter What Ails You, Dodson's Liver Tonic Is Usually a Big Help in Getting Well, Avoid Calomel

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when troubled. But this is not true today. It has become widely known that calomel often has bad after-effects and is even dangerous to many. The use of Dodson's Liver Tonic instead of

**ARIZONA MINING MAN CUTS THROAT; LEAPS TO DEATH**

**J. J. Mayer Makes Sure of Death; Alleged Hard Pressed For Money.**

Denver, Colo., May 12.—A man registering under the name of J. J. Mayer jumped from the seventh story window of a fashionable hotel here early this morning and was instantly killed.

Mayer, it understood, had mining claims in Arizona.

It was found that Mayer had cut his throat before leaping to his death. It is said that Mayer came to Denver from his claim in Arizona about six weeks ago. According to the proprietor of the hotel, Mayer had been pressed for money.

**UNDERWOOD LECTURES REFRACTORY MEMBERS**

Washington, D. C., May 12.—Insistent advocates of rural credits legislation barred from the session's program by the Democratic caucus, made things interesting in the house Thursday with Democrats for rail calls. Finally they draw from majority leader Underwood a vigorous lecture on obstructive tactics which representative wings of Arkansas and Thompson of Kentucky presented.

Mr. Underwood said if the house members would do their duty and maintain a quorum, and some members would be "reasonable so far as their personal ambitions and desires are concerned," he thought congress would be able to vote upon the great public matters before it and adjourn by July 10.

**POSITION IN INTERSTATE COMMERCE COMMISSION OPEN**

The Sun wants an examiner of accounts for its interstate commerce commission and has notified his representatives in El Paso of this fact. The examiner of accounts must have had seven years' experience in railroad accounting and the salary is from \$2,500 to \$3,000. John Farnsworth in the custom house is secretary of the board of examiners of the civil service commission in charge of these applications in El Paso.

**Even the Corpulent Business Man, Unafraid, Wanted Guard of Soldiers.**

Trinidad, Colo., May 12.—The coal strike struck the last blow, according to military rule—and to like it in a time of industrial disturbance. The United States soldier has become a part of the daily life of the citizens. Martial law has not been proclaimed, but in all things relating to the industrial war the rule of the military is undisputed.

The military officers, whose training has made them expert in dealing with unusual and difficult situations, have set to work vigorously to restore the strike district to normal conditions. In this they often find themselves in situations widely different from the accepted idea of the life of a military man.

Col. James Lockett is the man to whom the coal operators, strikers and citizens look for guidance, advice and aid. It is he, commanding a company of some remote post becomes the advisor and confidant of the community. Because of times a day the officers are approached with every manner of requests.

Did's Need Protection.

A corpulent and important business man in an outlying district had a conference with the officers in charge of the nearest military camp. At the conclusion of the conference, at which the civilian had talked much of the enemies who had sworn vengeance upon him, the officer said:

"Do you need any protection? I will send a soldier over to your house tonight if you are afraid."

Afraid, thundered the fat man. "No, I'm afraid. Why, I don't know what I'm afraid of. You could put 10 of those fellows together and I could kick them with my bare hands."

Then He Wanted Soldiers.

Late that night the telephone in the officer's tent tinkled. A small, fat man, still respectable at that of the visitor of that afternoon, came from the other end of the wire.

Is this the same man, I wish you would send a soldier, two or three, or a dozen, over to my house right away. I'm afraid to go to sleep."

A trooper called much of the officer's tent and sent over to protect the man who could whip 10 bloodthirsty enemies with his fists.

**RECKLESS NEWSPAPER MEN ENDANGER HONEST BRETHREN**

Issue D. White Says Freedom of the Press Has Well Defined Limits in This Country

Lawrence, Kas., May 12.—The honest newspapermen of the country are in danger from the reckless editors and reporters who habitually distort the truth, Issue D. White of New York World told the editors at the National Newspaper conference at the University of Kansas.

Mr. White discussed the legal restraint is being proposed for the freedom of the press in several states.

"When the well reasoned journalist hears of some law designed to affect the newspapers," declared

Mr. White, "he is quite certain to resent the idea without stopping to consider whether it is good, bad or indifferent. We seldom seriously consider the other side of the proposition—that a lawless press might prove worse for us as journalists, than no laws at all. When we discuss and analyze freedom of the press and look up its pedigree and see it tried out in the courts, we discover that it has very well defined limitations. We all liberties must have under a popular government."

**OMAHA JEWELER SMUGGLER \$7000 IN GEMS, CHARGED**

New York, May 12.—A mistake in transit made by an expressman who had charge of baggage brought in from Europe Monday by Isaac Levy, a jeweler of Omaha, Neb., led to Levy's arrest Thursday on a charge that he smuggled about \$7000 worth of gems into the United States.

The baggage, through mistake, was sent to Ellis Island and became mixed with the belongings of immigrants. When Levy went to recover it he was cited by a customs inspector. The jeweler is said to have confessed. It is alleged a purse containing 65 gems was found on him. He was sent to the Tombs after failure to furnish a bond.

**BUTTON FORMS EVIDENCE IN SCHOOL TEACHER MURDER CASE**

Hickman, N. Y., May 12.—After offering evidence in the form of a button claimed to be from a coat worn by John Gianni, 16 years old, an trial for the murder of his school teacher, Lida Boucher, the prosecution prepared to close its case today.
