

MAN OF MYSTERY, APHASIA VICTIM, REGAINS MEMORY

"John Doe" Suddenly Recalls that He Is Bartholomew, Missing Merchant.

Pueblo, Colo., June 2.—The victim of a peculiar lapse of memory, akin to amnesia, "John Doe," who has been under observation in a local hospital since last December, today recovered the use of his mental faculties sufficient to tell physicians that he is George E. Bartholomew, former editor and merchant, whose home, he says, is in Sanborn, Minn.

Bartholomew was brought to Pueblo on Dec. 26 last, by officers from Granada, Colo., where he was found sitting in a dazed condition in the railroad depot. Since being admitted to the hospital here Dec. 27, until today, "Doe" or Bartholomew has failed absolutely to remember his name or anything of his past life. Doctors have been greatly interested in the case.

Remembers His Family. The patient said today he remembers having come to Colorado to locate on a homestead. He has a wife and two children living in Minnesota, he says, and remembers that he once ran a small paper and later conducted a grocery store in the same state. Efforts are being made by the hospital authorities to verify the man's strange story.

UNCLE SAM DEALER IN WOMEN'S APPAREL

Supply Depot Suspended When Order For \$1500 Worth of Women's and Children's Clothing Is Received. Uncle Sam has engaged in the wholesale women's wear business. At the quartermaster depot on South Stanton street, where the men clerks are accustomed to handling hundreds of suits of men's clothes, underwear, shoes, hats and hose, the routine task of feeding and clothing 2000 soldiers on the border was disturbed Tuesday morning when Capt. William E. Hunt handed Capt. Como an order for \$1500 worth of women's and children's clothing to be obtained at once.

The clothing is for the Mexican women at children at the Fort Wingate, N. M., prison camp. No provision was made by the Mexican government for clothing the women and children in their camps, so they were sent to the cool nights on the New Mexico plateau. The first consignment will be sent to the prison camp from the El Paso depot and distributed among the refugees at the prison camp. The order included dresses for the women and children, as well as shoes, stockings, underwear and everything else included in a woman's wardrobe.

270 AMERICANS ARE RETURNING TO TAMICO. Tamico, June 1.—(By way of Brownsville, Tex., June 1.)—The United States transport Hancock today arrived with 270 refugees who were transferred outside the port to the collier Lebanon and then landed in the most of them were men interested in the oil industry and seeking to resume the occupation.

The oil operators generally are reluctant to commence their activities on account of the difficulties surrounding the general situation in Mexico, especially during the conference of the negotiators at Niagara Falls. The acute scarcity of currency is greatly affecting all business in this section. Shortage of bills for payment of employment is reported. Owing to the small number of bills in the city the exchange for American currency has been reduced here to two pesos for one American dollar.

EL PASO VISITED BY HEAVY RAIN IN INSTALLMENTS

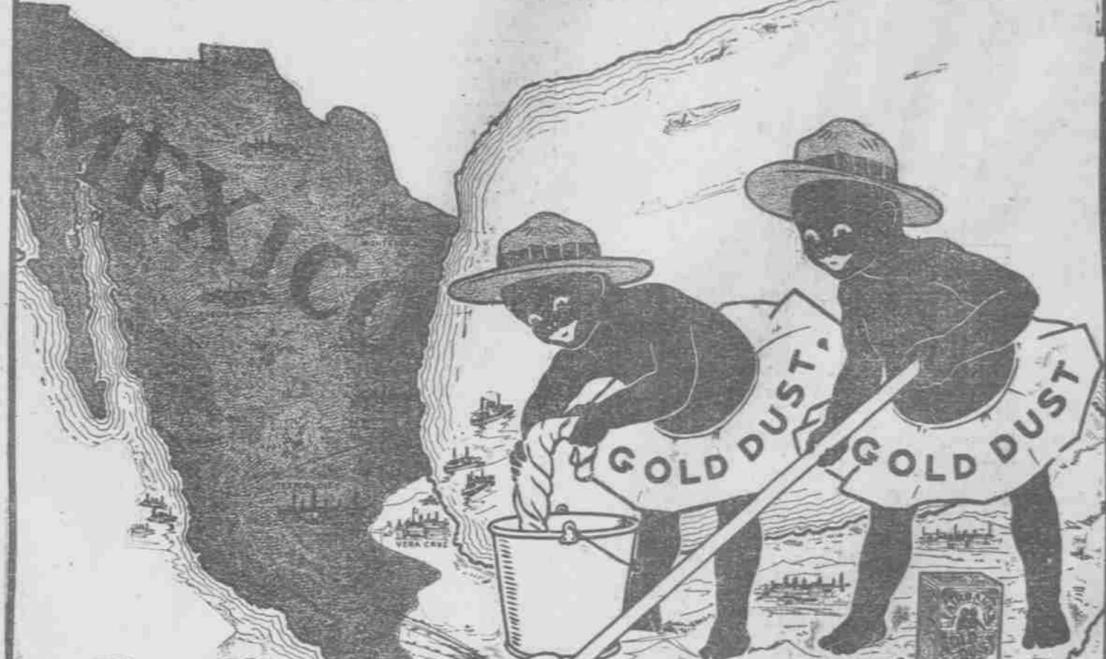

Showers Monday Furnish an Abundance of Moisture; East Texas Flooded.

A little evening edition of a rain-storm appears in two installments Tuesday. The first rainstorm started at 4 o'clock and kept the streets cleared and the stores and hotels filled for half an hour. The rain came back soon after 6 o'clock and made the movie business good as business as usual. The unchartered channels of El Paso and Ocean streets were a bit difficult, even for the old habits of the Rio Grande navigation days.

At the army camps, the soldiers kept their quarters and their evening playing "econo can" in their water-proof tents, only the sentries having to wadefoot it through the rain on their posts. The G. H. had a little more engine trouble down by Valentine Tuesday morning and the east-bound train was delayed a short time until a bridge could be replaced. Reports from eastern Texas say that the heavy rains are getting around because of the high water throughout that part of the state. Trains are delayed, fields are flooded and crops are being set back a month by the heavy rains.

The local rail measured 17 of an inch up to 8 o'clock and the storm continued until morning. This being the rainy season, more of the same is predicted. Bad Washout on G. H. A washout on the G. H. & S. A. near Lobo, Texas, has demoralized traffic on that line. Trains Nos. 2 and 191, due in El Paso Monday evening, will not arrive until 2 o'clock Tuesday morning. Tuesday's No. 101, due here at 3:30 to-night, will arrive with Monday's train. The Sunset Limited, which is expected Tuesday at 5:30 a. m., has been held up and will not leave until tonight. All other routes are running close to schedule time, though some minor road bed troubles have been encountered. The T. & P. is still operating trains only as far as El Paso.

If We Must "CLEAN UP"

Why Not Let the GOLD DUST TWINS do the work

CLEANUP DAY HELD AT POLICE STATION

Four Chairs Bear Mute Testimony to Obnoxious Burglar. Tuesday morning was cleanup day at the police station and the accumulations of a year lined the sidewalk in front of the station. Chairs, stoves, toy cannon, screen doors, baby carriages and a water cooler were among the articles. Some of the articles displayed stand as mute evidence of the penitentiary terms now being served by those who first took them.

DRENCHING RAINS FALL AT ALAMOGORDO AND VICINITY

Alamogordo, N. M., June 2.—A drenching rain fell here and throughout this section last night. It is believed the precipitation was the heaviest so far this year. The cattlemen and dry farmers are jubilant as the rains are the first in many days since bumper crops, furnishing an abundance of moisture for the soil. Usage of the rains are a month or more later at this season of the year.

KANSAS AND MISSOURI HAVE HEAVY RAINFALL

Kansas City, Mo., June 2.—Heavy rains, averaging two inches were general throughout the state night and today. This section of Missouri also experienced from one-half to two inches of rainfall.

TAPT'S OIL LAND ORDER IS NULLIFIED

Los Angeles, Cal., June 2.—By an order issued Monday by federal Judge Maurice T. Doelling, former president Tapt's oil land withdrawal order of 1909 is declared invalid. Tapt's order exempted from settlement government lands in California having estimated value from \$250,000,000 to \$1,000,000,000. Judge Doelling, of San Francisco, heard the case in Angeles, sitting for Judge Olin Wellborn, who considered himself disqualified. Judge Doelling's decision nullifies the order by which the former president planned to provide a great source of fuel for the American army and navy by exempting the vast tract of oil lands from private locators and gives to the Mid West Oil company and the Standard Oil company, the principal defendants, undisputed possession.

MEXICAN CATTLE ARE BROUGHT TO EL PASO

A number of shipments of local cattlemen has kept things lively in the cattle line in El Paso the last week. W. H. Craft and Alberto Madero have brought over 19 cars of mixed Chihuahuas cattle, containing 496 head of stock. D. R. Horcasitas has brought over a car of bulls from Chihuahua. Booker and Nations brought over a bottle of 27 cattle the last of the week and Wylie Frank brought over 175 cattle at Bosque Bonita recently.

PEDRO RIMBAO GETS AWAY; REARRESTED

Pedro Rimbao, who was turned over to the military authorities by the city detectives on May 16, was arrested by the police Monday night in the lower section of the city. Rimbao, it is alleged, had a small savings bank that was claimed by Beatriz Reyes. Rimbao, the detectives believe, was a captain in Quevedo's filibustering band and for that reason was surrendered to the soldiers. The detectives are at a loss to understand how Rimbao got away from the post.

SHIPMENT OF HIDES IS HELD UP BY INJUNCTION

Three cars containing hides, hair and skins, claimed by Francisco Armerdiaz, successors of Nuevo de Leon, Mexico, must not be shipped by the G. H. & S. A. Railway company until the final disposition of a suit filed by the claimant in the 41st district court. The claimant filed an injunction to restrain the railroad company from transporting the cargo out of the jurisdiction of the court. The allegations were that it had been wrongfully taken from him. A temporary writ was ordered issued by Judge Walthall.

FORMER LEGISLATOR OF NEW MEXICO TO PRISON

Santa Fe, N. M., June 2.—In the federal court Monday, Benjamin F. Brown, former legislator and newspaper publisher, pleaded guilty to embezzling \$18,126 from the postoffice at Mesquero, Union county, of which his wife was postmistress. He was given two years in the federal penitentiary by Judge Pope and was fined \$543.10, which must be paid in addition to the sum which his bondsmen have to replace. Sentence was suspended until June 22.

SIXTEENTH STALKS ELUSIVE SNIPERS

The 16th Infantry was again looking for snipers on the roofs of the business buildings Tuesday morning. The infantry regiment was given the problem of working its way through the city, supposedly hostile, and all of the streets were patrolled by Bankers who were watching roofs for snipers and street intersections for opposing forces. A part of the 16th went to the mess target range for morning practice Tuesday and the remainder went on a patrol hike.

NEW MEXICO MAN SALVADOR MINISTER

Washington, D. C., June 2.—The president today nominated Ross W. Long, of East Las Vegas, New Mexico, now chief of the division of Latin American affairs, department of state, to be minister to Salvador.

GEN. PERSHING TO VISIT WEST POINT

Brig. Gen. John J. Pershing will leave Wednesday evening for Cheyenne, Wyo., where he will be joined by Mrs. Pershing and they will go to West Point to attend the commencement exercises of the United States Military Academy, where Gen. Pershing's nephew, cadet R. B. Paddock, will graduate with the 1914 class. From West Point, Gen. and Mrs. Pershing will go to Wellesley college, which is Mrs. Pershing's alma mater, and they will stay there for the annual commencement exercises. En route home they will visit a few days in New York and Washington.

HOUSE WORKS RAPIDLY ON ANTI TRUST BILL

Washington, D. C., June 2.—The Clayton anti-trust bill was again before the house today with prospects that considerable detail work would be completed before adjournment. Rapid progress has been made by the house, only five of the 22 sections of the bill remaining to be disposed of.

VALUABLE STOCK IS STOLEN BY RAIDERS

Austin, Tex., June 2.—Over 70 head of horses, not including cattle, have been stolen from Texans on this side of the Rio Grande border by Mexican brigandage in two months, according to Capt. John R. Hughes, of the state ranger force. Capt. Hughes says the Mexicans are quite active at present along the border in the vicinity of Van Horn, Valerino and other points. The federal soldiers are patrolling the border, but do not make arrests unless for violations of the neutrality laws. A plan, however, has been devised whereby the rangers are to work in cooperation with the regulars.

STRIKE VOTE APPLIES TO LOCAL RAILROADS

All local railroad lines will be affected by the proposed strike of the railroads west of the Mississippi river, which is now being voted on by 200 trainmen. The G. H., Southwestern and Santa Fe will be tied up if the strike is called. However, local railroad officials say that the days of big strikes are over, as the people of the United States will not tolerate widespread strikes of transportation lines, and they believe the dispute will be amicably settled.

Homely, Yet Admired and Envid; Her Secret

The convention crowd made a path for her, cast admiring side glances then with longing eyes followed her to the elevator. She was at the Poncechartrain in Detroit. The incident was recalled when I chanced to sit across table from the woman. What was about her that caused all that commotion? Her complexion. Really, I've never beheld its equal. Venturing to pick up acquaintance, I learned the secret. "I've tried to make the most of my 'one charm,'" she said, "I know men who are over me and are artificially. I use cosmetics; there are two things I use to promote natural loveliness and youthful appearance. When my complexion begins to fade, I use an ounce of mercuric wax at the drugstore, apply at night like cold cream, wash it off in the morning, and gradually I have the new complexion, magically beautiful, as you see."
