

REPUBLICANS OF ARIZONA TO PLAN THEIR CAMPAIGN

Conference Called For Prescott Next Week Arouses Much Interest.

Phoenix, Ariz., June 28.—Widespread interest being exhibited throughout the state in the Republican conference that is to be held at Prescott next week. Scores of Republicans will be on hand to discuss the campaign, when Lorenzo Hubbell, chairman of the state central committee, calls the gathering to order.

Expect to Settle Differences. It is expected that the conference will go far toward bringing order out of the chaos that has existed in the Republican ranks since early in the campaign of 1912.

At present the only Republicans who have announced positively that they are candidates, or will consent to be candidates, are J. Campbell, of Prescott, and Lorenzo Hubbell, whose home is in Apache county. Hubbell is a candidate for the United States senate and Campbell for the state tax commission. He is assessor of Yavapai county and is probably better versed in taxation questions than any other man in the state.

Favor Kibbey for Governor. Former governor Joseph H. Kibbey can have any nomination he desires at the hands of the Republicans. The "Progressives" still claim Kibbey, however, and he refuses to talk politics. Many of the leading Republicans hope that he will run for governor. Other possible candidates for governor are H. A. Morgan, of Wilcox, J. Knox Campbell, of Tucson, and Lloyd B. Christy, of Phoenix.

Possible candidates for attorney general are E. S. Clark, of Prescott, and John H. Wright, of Tucson. Both held office under appointment in territorial days.

Pressure is being brought to bear on Walter Bennett, of Phoenix, to induce him to run for the supreme court.

Democrats Are Divided. Reports from Cochise county that Judge Fred Sutter, of Bisbee, is about to withdraw from the race for the Democratic nomination for governor, are disturbing governor George Hunt and his supporters.

The reports are apparently well founded and come direct from some of Sutter's closest friends. They are to the effect that Sutter has decided that with both Dr. H. A. Hughes and himself in the race against Hunt, neither stands a chance for election.

This is exactly the view held by the Hunt forces. The governor does not expect, in the event of Sutter's withdrawal, to receive any of the votes that would have gone to Sutter. The anti-Hunt members of the party will flock to the support of Dr. Hughes and the lines between the two factions will be more sharply drawn than ever.

Pick Hunt to Win. While close political observers at the capital believe that Hunt will defeat Hughes, they admit that Hughes stands a good chance and is showing strength which no one expects to see in the campaign. He is receiving the support of the temperance element. The Temperance Alliance is supporting no individual candidate as a body, but its members are of the opinion that if the constitutional amendment providing for statewide prohibition is adopted on November 1, it will be just as well to have in the governor's chair a man who is thoroughly in sympathy with them.

Dr. Hughes is widely known as a temperance worker and was for several years president of the Anti-Saloon League of Arizona.

COLLEGE SWIMMING POOL. Mesilla Park, N. M., June 28.—The state college is to have a swimming pool providing the efforts of the Old Student association, which has taken the initiative in raising funds for this luxury at the college, if successful in its efforts. It is proposed to construct the pool on the athletic field, the funds for the improvement to be raised jointly by the Old Student association, the Alumni association and Dr. George E. Ladd, president of the college.

CELEBRATION ON THE FOURTH. Elaborate plans for celebrating the Fourth of July are being made by the employees of the government reclamation service at the Elephant Butte dam. A big dinner will be served which will be followed by a ball game. An orchestra and a band will furnish the music. The morning will be given over to a sport program in which there are more than a dozen events, together with prizes for each. A fireworks display is planned for the evening. The celebration will be the most elaborate that has ever been held at the dam.

JAPANESE WHOM AMERICAN SOLDIERS KILLED WAS INSANE. Yuma, Ariz., June 28.—A verdict to the effect that M. Ushiyama was dangerously insane when he was shot by the soldiers of the United States army, was rendered by the coroner's jury in the case. Ushiyama was a Japanese farmer. He was engaged in a rifle duel with Willett when the soldiers happened along and joined forces with the American troops. The evidence showed that Ushiyama had frequently made threats against Willett and others.

CONTRACT AWARDED FOR NOGALES ELECTRIC PLANT. Nogales, Ariz., June 28.—A contract for 100,000 concrete bricks for the new electric light plant here has been awarded to the Arizona Concrete Co. by the city of Nogales. Mansfield has the concession for the plant and are rushing work on the building.

EL PHANT BUTTE TO HAVE CELEBRATION ON THE FOURTH. Elaborate plans for celebrating the Fourth of July are being made by the employees of the government reclamation service at the Elephant Butte dam. A big dinner will be served which will be followed by a ball game. An orchestra and a band will furnish the music. The morning will be given over to a sport program in which there are more than a dozen events, together with prizes for each. A fireworks display is planned for the evening. The celebration will be the most elaborate that has ever been held at the dam.

FOREIGN RESIDENTS FEARING FAMINE. Veracruz, Mex., June 28.—Year of famine resulting from the advance of the "Constitutionalist" army and the cutting of the railway to the north, has reached here, but railroad passenger trains are still running. The federal capital, according to passengers who arrived here today.

NO CONFIRMATION OF THE EVACUATION OF AGUASCALIENTES. A report that the evacuation of Aguascalientes by the federal forces has reached here, but railroad passenger trains are still running. The federal troops in various places to the northward.

ONE PASSENGER DECLARED A BAND OF REVOLUTIONISTS. A few agitators at Neoca, where the light and power plant supplying the capital is located, and it is reported their hands are active in the vicinity of Orizaba.

CARRANZA IS CONFERRING WITH CHIEFS, SAYS AGENTS. Washington, D. C., June 28.—Some answer from Carranza as to participation in the Niagara mediation conference was expected at "Constitutionalist" headquarters by night. Luis Cabrera, Carranza's agent here, said Carranza had been conferring with his chiefs and probably by this time had learned their views.

COL CALLES SAYS HE WILL GO TO HERMOSILLO. Douglas, Ariz., June 28.—Col. P. Elias Calles, who, despite his recent strife with Jose Maria Maytorena, civil governor of Sonora, has again received the position of military commander of that state, with the exception of the Guaymas garrison, announced Monday that he soon would return to Hermosillo, the state capital, to reopen his headquarters there.

URQUIDI EXPECTED IN EL PASO. J. F. Urquidi, the messenger who carried Carranza's notes to the mediator, is expected to arrive here this week from Cuernavaca, where he has been transacting official business for the "Constitutionalists." Urquidi was formerly consul in New York City.

FRANK CHANCE SECURES CLEVELAND YOUNG CALIFORNIAN. Washington, D. C., June 28.—Manager Frank Chance of the New York Americans, today picked up another first baseman by taking over from the Washington team Harry Kingman, a young California player, who reports to manager Griffith Monday and whose work Chance admired.

MILLION DOLLAR FORECLOSURE SUIT INSTITUTED HERE

Philadelphia Bank Would Recover on Bonds Issued by Cattle Company.

A suit aggregating \$1,000,000, in which Guaranty Trust & Safe Deposit company of Philadelphia, Pa., is plaintiff, and the American Land & Cattle company is defendant, was filed Tuesday morning in the 34th district court.

The purpose of the suit is to foreclose a deed of trust upon the Pecos river TX ranch in Tom Green county, tracts of land in Cameron and Hidalgo counties, and a mortgage on Corpus Christi bay, aggregating upwards of 500,000 acres in extent.

Corporation Organized in 1887. The petition alleges that the American Fruit company was organized August 23, 1887, under the laws of New Jersey to operate as a corporate body for 20 years. Its purposes were to raise, breed and deal in cattle, horses and sheep, to acquire, mortgage and to lease real estate and ranch land and to issue bonds to carry out its purposes and objects.

Issues \$1,000,000 in Bonds. The corporation subsequently changed its name to the American Land & Cattle company, which was executed and delivered to the Guaranty Trust & Safe Deposit company a deed of trust in Tom Green county; to extensive tracts of land in Cameron and Hidalgo counties, comprising the Park and Llave Grande ranches, and to Padre Island, near Corpus Christi. The deed of trust was to secure \$1,000,000 in six percent first mortgage bonds.

The plaintiff states that it was made trustee for these bonds, payable in Philadelphia 20 years after date of issue.

The petition prays for judgment and the sale of the land to satisfy the \$1,000,000 indebtedness.

WOMEN BESIEGE PRESIDENT WILSON. (Continued From Page One.)

waiting for party instruction. In fact, you carried it through in the face of instructions to the contrary, written in the platform on which you were elected. Your justification rested on the fact that a certain situation had changed and a changed situation called for a changed policy. We submit that the situation in regard to woman suffrage has changed absolutely since the Baltimore platform was written.

Ask Plain Answer. After reviewing the growth of suffrage in the state and pending legislation in congress, Mrs. Dorr said: "It was extremely kind of you to receive this deputization, but we have reached the point where we are not satisfied with kindness and toleration. We want action. We, therefore, ask you to answer a plain question."

"What are you going to do now in this present session of congress for woman suffrage? Are you going to use your powerful influence to induce congress to pass the Mondell-Bristow resolution?"

FILLS LIGHTED STOVE; WOMAN WILL DIE. Las Cruces, N. M., June 28.—Mrs. Joe Paracuse, a Mexican woman, was probably fatally burned by an explosion of kerosene while she was filling the tank with the stove lighted. It is thought she cannot recover. The entire body except feet and face is burned. She would have burned to death had her husband not been near when the accident occurred and extinguished the flames. The family lives in the tenant house on the Pecos ranch near town. Miss Lina Brownlee, of Miranda street, is nursing the woman.

FRAMEWORK FALLS, HURLING MINING MAN. Tucson, Ariz., June 28.—E. G. Bush, a mining man, at Twin Buttes, was seriously injured at the mine when a hoisting framework fell on him. He was picked up in a train and brought to hospital here for treatment. Bush has a lease on some mining properties at Twin Buttes.

TRAIN OF AMMUNITION. A special train under the orders of Hipolito Villa, brother of Pancho, left Juarez Monday afternoon for Chihuahua. Hipolito arrived here last week, accompanied by several of Villa's trusted agents. It rumored that a large quantity of ammunition, accumulated in Juarez during the past month, was carried southward on the special.

Train to Chihuahua. For the first time in six days, a regular passenger train left Juarez Tuesday morning for Chihuahua. The officials announce that daily train service from the border to Chihuahua will be resumed at once.

FOREIGN RESIDENTS FEARING FAMINE. Veracruz, Mex., June 28.—Year of famine resulting from the advance of the "Constitutionalist" army and the cutting of the railway to the north, has reached here, but railroad passenger trains are still running. The federal capital, according to passengers who arrived here today.

BANK STOCK OF EL PASO PAYS HIGH DIVIDENDS

However, It Generally Sells at Lower Prices than that of Banks Elsewhere.

El Paso bank stock pays higher dividends and sells at lower prices than bank stock in almost any other part of Texas, according to figures recently compiled by the Curtis-Manning company. The figures show that, capitalization for capitalization, the local banks pay better dividends than in almost any other section.

General prosperity of El Paso's territory is primarily responsible for the high dividends paid, but there are a number of other important factors that enter into the matter. A very productive field at this point in the Mexican exchange. For the year 1913, according to J. S. Curtis, of the Curtis-Manning company, a total of \$25,000,000 in Mexican federal currency was traded in. Since January 1 of this year the amount has been considerably above the average that would be established by this sum.

Rebel Currency Active. Brokers have traded in about \$10,000,000 in rebel currency since it was issued and their accounts show they have been a considerable item. El Paso is now the largest market in the United States for dealing in Mexican money and the business has increased enormously in the last three years, during which the unsettled conditions have kept Mexican currency continually active.

Interest rates here are higher than in most Texas and this, of course, adds to bank profits. In spite of the fact that the rates are higher, which would lead a person not familiar with conditions to believe that they are greater, there has not been a bank failure in El Paso in 21 years, which is a record of solidity that is probably unequalled in the state.

Interest Rates Vary. The interest rates vary, with a rate of from 7 to 10 percent on real estate as against 5 to 10 percent on commercial paper. The rate here is 8 as against 6 percent in the east; cattle, 8 to 10 percent and valley land, 3 to 10 percent.

The dividend disbursements made by the various banks of El Paso on Tuesday amounted to approximately \$200,000. Nearly all of the banks pay dividends on January and July 1.

MY ARBITRARY REBEL DIFFERENCE

(Continued From Page One.)

return there, because of the destruction of the railroad north of Torreon. Villa's Army Remains South. Villa brought his two main troops with him to Torreon. The main body of his army remained at Zacatecas and south of there, and it is apparent that former bandit has never given up his plan of campaign, as first reported, but has only held it temporarily.

Villa left Torreon Monday night for Parral on a special funeral train carrying the body of Gen. Trinidad Rodriguez killed in the battle of Zacatecas, according to unofficial advices received in Juarez Tuesday. Gen. Rodriguez will be buried in Parral, his home city. A guard of honor and eight of Villa's generals composed the escort told off to attend the funeral of the dead chief.

At every station through which the funeral train slowly made its way from Torreon to Juarez, there were crowds of men and women gathered. The body will lie in state at Parral for 24 hours before being buried with full military honors.

Train of Ammunition. A special train under the orders of Hipolito Villa, brother of Pancho, left Juarez Monday afternoon for Chihuahua. Hipolito arrived here last week, accompanied by several of Villa's trusted agents. It rumored that a large quantity of ammunition, accumulated in Juarez during the past month, was carried southward on the special.

The Popular DRY GOODS CO. INC.

EL PASOANS PROMPT WITH INCOME TAXES

Tuesday was the last day in which to pay personal and corporation income taxes without a penalty. Exact figures for El Paso are not available, as in many cases the tax has been paid direct to A. S. Walker, of Austin, collector for the third district, but it is stated that the delinquents in this city will be few in number.

Harry Feinman, deputy collector, was receiving taxes all day Tuesday. It is estimated that, including both firms and corporations, around 2000 income taxes will be paid in El Paso. A number of corporations doing business here pay the tax from their main office, thus cutting down the total from El Paso. The tax for delinquents is 5 percent on the amount unpaid, together with interest at the rate of 1 percent per month. Those who are dissatisfied with the amounts charged against them may submit a statement to the commissioner of internal revenue.

ACCIDENTAL DISCHARGE OF REVOLVER WOUNDS CARL PON. The accidental discharge of a revolver resulted in the serious wounding of Carl Pon, of 119 Nevada street. The accident occurred Monday afternoon, shortly after 4 o'clock. Pon and a companion, Arthur Van Haselen, were preparing to go on a camping trip. Van Haselen, while handling a revolver, let it slip from his hands. It fell to the floor and was discharged. The bullet

entered Pon's right leg just below the hip, going through the leg and entering the left leg. The wounded man was removed to his home. It is not believed he will be permanently crippled as a result of the accident.
