HUNDREDS OF WOMEN nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.—Advertisement.

Face Peeling Easy—Blond or Brunette. "The blonde's complexion fades early, because her skin is extraordinarily thin and fine," says Mrs. Lina Cavalletti. "The brunette's as a rule, is the reverse. The skin is thicker and has a tendency to an oily appearance." For either the faded blonde's skin or the brunette's oily or sallow complexion, the best remedy is ordinary mercurized wax, used every night, this will give you an entirely new complexion with out the use of any other wax. The wax actually peels off the worn-out surface skin, with all its defects, a little each day, without affecting the delicate under-skin in the least. The latter will have the exquisitely beautiful glow of youth—indeed, one may readily lose ten or fifteen years from her age, as far as appearance goes, by a course of this simple treatment. The wax is secure at any drug store, is applied like cold cream.—Advertisement.
