

MAKE BIG DEALS IN RANGE LANDS

Two Land Sales at Midland Transfer Large Tracts of Pasture.

Midland, Tex., April 12.—Two large deals in range lands have been closed here during the past week. In one of the deals, Harris Bros., who have extensive holdings near Juddville, sold 21,500 acres at a bonus of \$2.50 to E. W. Clark for a Fort Worth syndicate. The syndicate now has about 100 sections near Juddville. In the second deal, Dickson Bros. sold their eight section pasture, 15 miles southeast of Midland, to William Bryant, the consideration being about \$42,000. This is considered one of the finest pastures in the Midland country.

Heavy Showers in Range Country. Heavy showers which fell last week over practically all of the Midland country have freshened up the rangeland and added to the good conditions already existing. The range has now all the moisture that is needed.

Receipts Young Bulls. Spence Jewell has received two cars of young Hereford bulls, bought in the Panhandle country. One car went to Odessa, and the other Jewell retained 17 head and sold 16 each to W. H. Cowden and Edwards Bros.

Range Conditions. Half's "J" ranch and L. E. Creek's ranch are reported excellent. There is said to be plenty of early grass all over the Midland country, and a good calf crop is reported.

CALF CROP IN PORTALES DISTRICT IS VERY LARGE

Portales, N. M., April 12.—The calf crop promises to be large, the native grass is getting good for pasturing, and the ranch owners are bringing in more and more calves from the outside for ranches in this district.

W. H. Harris recently bought a herd of 100 cows and has had 55 calves delivered since buying them from Henry Townsend. Ben and George Smith, who also bought 100 head of cows at the same time, have had 25 calves. County assessor J. E. McCall has increased his herd by buying 10 head of cattle from the Williams-O'Connell Cattle company. This brings his herd up to a total of 60 and he expects to pass the 100 mark this year with the calf increase.

Hogs are also being raised in the Portales district. E. P. Williams recently shipped a car of hogs to the Wichita market, some of them weighing more than 500 pounds. He shipped 70 in one lot and all were fine animals.

PAINFUL PIMPLES DISFIGURED FACE.

Very Sore, Large and Red. Constant Irritation. Kept Awake at Night. Scratching Irritated. Used Cuticura. Pimples Were Gone.

Atwell, Texas.—"My face began to break out about three years ago with small pimples and blackheads some of which were very sore. The pimples were most large and red and there were some which were white and contained a watery matter. The red ones contained a hard substance. The breaking out disfigured my face very much and the constant irritation was very painful. It bothered me keeping me awake at night and I could not keep from scratching. After a month or two I found my whole body breaking out.

"Finally I noticed an advertisement of Cuticura Soap and Ointment. I sent for a free sample and after the third day my face began to get better. I bought a box of Cuticura Ointment and Cuticura Soap and in three weeks' time the acne had completely left my face. My pimples were gone." (Signed) Herman Andrews, August 10, 1914.

Sample Each Free by Mail With 25-c. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Seuter, of Dallas, to submit to the coming special session of the legislature a recommendation looking to the empowering of the supreme court of the state to completely revise the code and practice for all the courts in Texas, and to repeal all the laws now governing practice in the state.

Senator Seuter said that 25 percent of the decisions of the appellate courts of the state are filled with the subject of procedure while the federal courts have only 15 percent. The governor has taken the matter under consideration.

ENGLISH ROWERS ARE USING AMERICAN STYLE

New York, April 12.—English rowing coaches, especially the more successful ones, are adopting American methods in training and in coarsmanship, according to Constance S. Titus, America's foremost amateur coxswain. Rumors that Guy Nickalls, Yale coach, was using English methods in training the crew at New Haven this year, proved groundless, said Mr. Titus, when the blue crews won handily from Pennsylvania on the Schuylkill under adverse conditions.

SHIP OUT 12,000 EWES AND LAMBS

Phoenix, Ariz., April 12.—Several carloads of ewes and milk fed lambs are now being shipped daily from the Salt River valley to California markets, principally Los Angeles. It is estimated that the season's total shipments will be in the neighborhood of 20 cars, or 12,000 head, and that the shipments for next season will go to 25,000 head.

For a time the sheepmen feared that the scarce over foot and mouth disease would affect the price of their mountain stock, but they are now receiving \$4 a head for ewes and \$5.50 for lambs. In the east quotations run as high as \$4 a head.

Range in Good Shape. The sheep ranges throughout the state were never in better condition. North of Phoenix the Indian wheat harvest covers the ground, and in many places it is nearly a foot high. Other desert plants on which sheep fatten are now flourishing, and there is plenty of water. The spring has been an exceptionally mild one and there have been no losses. This is in sharp contrast to last year, when food was scarce and the weather unusually severe.

200,000 Head Shipped. At Congress Junction, Hot Springs Junction and Beardsley, the shearing camps north of Phoenix, 200,000 head were shorn, and it is estimated that the clip will net the owners \$2.50 a head. Many thousands of sheep were also shorn in the Mesa section.

It is expected that the relief expedition will start on its search this summer.

PLAINVIEW CATTLEMEN MAKE SOME GOOD SALES

Plainview, Tex., April 12.—In a deal amounting to \$1000, John M. Gist has sold to Texline cattleman 121 heifers, which already have been delivered into New Mexico.

Gist also has sold to A. J. Cooper & Sons a herd of fancy Angus cattle which included 100 bulls. The cattle now are at El Paso and are to be delivered in May in the south plains country.

H. E. Anley made several cattle deals in Amarillo. Among the sales were: 600 2-year-old steers at \$4 around; 200 black Angus cows at \$7.50 and 125 white faced cows at \$7.50 around.

W. E. Leebetter bought 25 head of two-year-old heifers at \$10 a head. Albert Pettigrew bought 25 head of two-year-old heifers at \$10 a head.

W. K. Shipley bought 25 head of two-year-old heifers at \$10 a head. H. H. Isham, of Cloud, bought 25 head of two-year-old heifers at \$10 a head. C. Isham, of Cloud, bought 11 head of two-year-old heifers at \$10 a head. R. F. Stanford bought 20 head of cows at \$7.50 a head.

Mr. Louquire bought 25 head of cows at \$7.50 a head.

Curran, N. M., April 12.—Eddy county cattlemen are feeling much relieved over the advent of a hard spring for stockmen, and on the plains east of Carlsbad the losses have been heavy. That fact is not so much to be regretted as it is to be noted that there was no nourishment left in the native grasses, and many head of stock had to be fed. Heavy rains last fall drew the nourishment from the forage over the range, and the continuing cold weather of March was fatal to the poorly nourished stock, many of which died in the cold rain and sleet storm which swept over the plains.

Among some of the prominent cattlemen on the plains who have suffered heavy losses are Joe Graham, ex-county commissioner, who is said to have lost over 200 head; Barker & Holt, A. J. Heard and others.

The mountain cowman has suffered heavy losses in the range in the hills being more sheltered, and it is only in the last two or three weeks that Aris & Taylor, from the largest stock ranch in the district, have had some sheep. The Poore-Sykes-Elliott sheep company, of Dog rancho, also made some sales in the winter. The weather of April, however, has started grass, and with the moisture already in the ground, a good summer is assured.

STOCKMEN SUPER LOSSES

Insufficient Range and Severe Cold Kill Many Head of Stock.

Carlsbad, N. M., April 12.—Eddy county cattlemen are feeling much relieved over the advent of a hard spring for stockmen, and on the plains east of Carlsbad the losses have been heavy. KNOBLAUGH HOME ROBBED MONDAY

Daylight Robbers Work as Neighbors Watch; Take Furs and Silverware.

Working in broad daylight and in view of the neighbors, burglars Monday afternoon ransacked the residence of Charles F. Knoblauch, 1100 East Boulevard, carrying away property valued at between \$500 and \$1000. Most of the loss was sustained by Frank Wier, who had been sleeping in the residence, and who left Monday night for Louisville, Ky.

The house was entered through the back door, in order to gain entrance it was necessary to cut the screen door and then break the glass of a panel door. The burglars broke open four of six trunks belonging to Mr. Wier that had been packed and locked. The contents of the trunks were scattered over the room and an investigation showed that several handsome gowns of Mrs. Wier, together with a mink coat and a set of handsome furs valued at \$200 were missing. The burglars also carried away a quantity of silverware, but glass and most of the fine linen belonging to the Knoblauch family, Mr. Knoblauch estimates his loss at over \$100.

Mrs. Knoblauch Hears Robbers. No one was in the house at the time. Mr. Wier had gone out to complete arrangements for leaving the city, and Mr. and Mrs. Knoblauch, who have been spending the winter down the valley, had not returned to the home to take charge. Mrs. Knoblauch went to the house about 2 o'clock. As she started to enter she heard a noise inside. Thinking it Mr. Wier, she called out, but getting no response, ran to a neighbor's home for help. It is presumed that while she was gone the burglars escaped.

Neighbors stated that they saw two young white men around the place during the afternoon. One was seen in the back yard with a gunny sack and another had been seen to ride on a bicycle and enter the front yard. No attention had been paid to them, it being thought that they were there in connection with the moving of Mr. Wier.

Charged With Taking Tires. Adelaide Bate, charged with taking automobile tires, was held to the county court Monday afternoon by Justice J. M. Deaver. Antonio Fernandez, who was held in a similar case, was released by the justice. Jesus Torres, charged with stealing automobile accessories, was transferred from the justice court to the county court Monday afternoon.

Jose Salazar and Isabel Bustamante were arrested in the Santa Fe yards and charged with taking coal.

Tom Hall, who was arrested in connection with the disappearance of some jewelry at the Hotel Ziegler, where he was employed as a bellboy, has been released by county judge Adair. Pool without bond pending a further investigation of the case.

COAST CITIES PROTEST AGAINST CHANGING RATES

Washington, D. C., April 12.—Representatives of Pacific coast cities and cities some distance back in the interior protested before the interstate commerce commission today against the proposed use of eastern railroads to reduce the rate making basis from eastern points to points in so-called back haul territory in coast and interior mountain states. Arguments in the case were heard by interstate commerce commissioner Clark and examiner Terrell of the commission.

Attorney Mann, for the San Francisco chamber of commerce, said that Sacramento, Los Angeles, San Jose and other California towns having a rate from San Francisco less than the proposed reduction would be given practically the same rates as seaport terminals, despite the water competition at the seaport.

F. A. Jones, representing the Arizona cooperation commission, said that the terminal rate was to be extended to cities 40 or 50 miles from the seaport, there was no reason why similar concessions should not be made to points farther in the interior.
