

MEMORIAL FOR K. OF P. DEAD

El Paso Lodge To Have Impressive Service Sunday; Masons Elect.

The annual memorial services of the Knights of Pythias will be held Sunday afternoon for the purpose of decorating the graves of departed knights.

The knights will meet at the hall at 4:30 and proceed at once to Evergreen cemetery, where the ritualistic service of the order will be held.

The committee on arrangements consists of R. A. Whitlock, J. A. McCreer and T. M. Miller.

The Pythian Sisters will assist the knights in the decoration of graves.

The annual business session of the lodge will be held Thursday night.

The lodge will meet tonight for the purpose of electing officers.

YOSEMITE VALLEY NATURE'S BOWER

Mark Twain's Cousin Describes Natural Wonders of National Park.

The haven of nature lovers and retreat of great romanticists, the scenes that many volumes have been written about, taken from the poppy stream patches of verdure in the towering snow-capped peaks and frozen glassy lakes, wonderful Yosemite Valley, California—was described with illustrations by Miss Mildred Cleo Clemens Thursday evening before an immense crowd in Cleveland square.

The wonderful brilliant, hued flower beds, the great forests of huge trees, crystal lakes, rippling only where the big Yosemite falls, second highest in the world, tumbles down to the frothing bottom, a sheer drop of 2564 feet, were vividly pictured as they actually are by the exponent of the valley's wonders, who has searched its innermost depths.

Consist of Mark Twain. Incidentally the lecturer is a second cousin of the beloved "Mark Twain," a graduate of the University of California and has been lecturing over the country for some time urging Americans to first see America.

She has been instrumental in bringing about many improvements in the national park for tourists' comfort. Her views were presented to a party of representatives who visited the park recently and then followed many of her recommendations for America's wonder spot.

Wonderful Falls. "As we return from the trip to Glacier Park, looking down the long lane to Bridal Veil Falls, the passing point," said the lecturer, "I have memories of some who have stood speechless at the awe-inspiring sight; the inspiration arising from this wonderful scene have inspired many to write great volumes. And some when they look on the scene burst into tears. Too many people try to see Yosemite Valley too hurriedly. Some of the grandest parts take a full day to see thoroughly. The national park is passing slowly from the old to the new. We are wont to regret that the old stage coach has been forsaken for the automobile. Soon the tourists in the little Yosemite Valley will be transported with a new hotel that will have every modern convenience. The roads and trails have been improved so that the tourist can travel with ease."

Camp at Falls. Among the excellent parts of the valley is Yosemite Falls camp, where numerous of canvas bungalows, situated close to the great falls, are equipped with electric lights and every modern convenience, the speaker said. "As great Yosemite Falls promises to flow its fullest this summer on account of the heavy snowfall during the winter and when the falls are at the height of their glory, they are wonderful."

Some of the real Americans still remain in the park. One view flashed the shining face of a little papoose, smiling at the camera.

The illustrated lecture, in which moving pictures and a stereopticon slides were used, was given by Miss Clemens in the auditorium of the El Paso Equal Franchise League. She will leave Saturday for Tucson, Ariz., continuing her tour.

"I wish to thank the people of El Paso for the splendid hospitality they have shown me. I am grateful to the chamber of commerce, the newspapers and especially the Women's club for the splendid reception they gave me," she said at the close of her lecture.

FALSE ALARM CALLS OUT CENTRAL AND SUNSET DEPTS. A false alarm of fire was turned in Thursday afternoon at 4:25 from box No. 708 on the corner of Overland and El Paso streets. The departments responded promptly, but could find no fire to put out.

Officers are of the opinion that the alarm was turned in by some boy.

CHARGE OF ASSAULT AGAINST W. M. MCCOY IS DISMISSED. A charge of assault placed against W. M. McCoy was dismissed by Judge Thomas in corporation court Thursday afternoon, following the non-appearance of the plaintiff in the case.

The arrest of McCoy on a warrant followed an alleged fight in the field-borg cafe, on South Santa Fe street.

THREE ALLEGED DESERTERS ARRESTED. Three alleged deserters were arrested by the police and delivered to the prison Thursday morning. They are said to have been from Columbus, N. M. Their names are F. C. Lee, E. Hartler and David Brown.

ALPINE MAN WILL STORE UP WATER FROM CAYONOSA CREEK. Austin, Tex., June 16.—The state board of water engineers has granted an permit to E. E. Townsend of Alpine, to store and divert from the storm and flood waters of Cayonosa creek 250 feet of water annually for stock raising and irrigation purposes on 1622 acres of land situated in Pecos county.

WYOMING STREET RESIDENTS ALARMED BY FIRECRACKERS. Residents in the 2500 block on Wyoming street were alarmed to hear what they thought was a number of rifle shots about midnight Thursday night in the street in front of their homes. Mounted police officers were called, who after an investigation of the supposed shooting, found that it was but a number of small boys firing off heavy fire crackers. The boys went home with a warning by the officers.

NEW MEXICO COUNTIES GET MONEY FOR THEIR SCHOOLS. Santa Fe, N. M., June 16.—Of the sum of \$41,372, appropriated by superintendent of public instruction Alvan N. White among the 25 counties on the basis of a school census of 210,953, or 44 cents per capita, Chaves county received \$2,221.29; Dona Ana \$2,218.84; El Paso \$1,452.87; Grant \$1,240.49; Lincoln \$1,998.49; Luna \$2,147.91; Otero \$1,894.33; Quay \$1,253.29; Roosevelt \$1,143.56; Sierra \$1,144.06; and Socorro \$2,948.74.

OFFICERS SEARCH IN VAIN FOR BURGLAR ON S. EL PASO. Answering a call to 607 South El Paso street where a burglar was reported to be attempting to climb into a home, a party of police officers searched the vicinity for over an hour early Friday morning. Residents of the home say that they were attracted by the sound of a window being forced open, and taking it for granted that a burglar was in the house called the officers. No trace was found of the burglar.

THREE SILVER CORNETS STOLEN MEXICAN BOYS SUSPECTED. Three silver cornets were taken from the room of Chas. Maraga, at 106 South Oregon street, Thursday night, according to a report made to the detective department.

The robbery is believed to have been committed by a number of Mexican boys, whose neighbors saw entering the room occupied by Maraga, a short time before the burglary was discovered.

BURGLARS GET GOLD WATCH FROM EAST BOULEVARD HOME. Burglars entered the home of Mrs. H. O. Anderson, 1009 East Boulevard, Thursday night and took a gold watch valued at \$40. Extreme into the apartment of Mrs. Anderson was gained with a pass key. The robbery occurred during the absence of members of the family at a moving picture show.

TWO BOXES OF CAKES AND CANDY SENT TO COMPANY K. Several women and girls of Bliss street and the Manhattan Heights section this week made up two boxes of cakes, candies, chewing gum and magazines and forwarded them to Forting, for the boys' company K, on border patrol duty there.

LOSES TRUNK IN MEXICO SUIT CASE IS STOLEN IN EL PASO. Emil Sulzer, a refugee from Agassacalifornia, Mexico, reported to the police Friday morning that his suitcase, containing most of his belongings, had been stolen from his home in the Oklahoma hotel, on South El Paso street, Thursday night.

Sulzer arrived in El Paso Thursday morning from Juarez, coming north in search of work.

He lost his trunk on the train, he said, but he had no idea which were in the suitcase, were stolen.

MEXICAN ARRESTED WITH PISTOL STRAPPED TO HIP. Attracted by the suspicious actions of Evaristo Mendivil, Joe Beant, a special officer at 144 West San Antonio street, early Friday morning placed the man under arrest and discovered that he was wearing a pistol.

Mendivil was charged with carrying concealed weapons. He will be transferred to the county jail.

DAM IS BEING ADVERTISED BY TECHNICAL PUBLICATIONS. Elephant Butte dam is being advertised over the world in the form of special articles in technical and other publications. Fifty-four sets of pictures and captions data on the dam have been sent to a number of publications.

The latest set for full data and photos on the project is The Elephant Butte through Irving Crompt, managing editor.

EARLY DAYS IN CITY OF EL PASO

W. H. Austin Tells of Time When Carnegie Square Was a Cemetery.

(Continued from page 1.) North El Paso street and North Mesa avenue, were offered at \$25, and found no buyers. It actually was possible for a buyer to put his own price on any residence property that he wanted, north of the tracks.

"Not longer ago than in 1890, the lower part of Campbell addition was considered out of the world. There were not a great many houses in the addition, and whole blocks still remained vacant in 1900.

Suppressed Gambling—Green. "It was not until about 1903 that our greatest and best growth had its beginning. This prosperity followed the suppression of open gambling, and has continued, gaining in volume every day, since that time. There was a great cry in 1903 of the suppression of gambling would set El Paso back many years in its development, and might even kill the town. How that prophecy failed has been shown in the changes in values, which I have been giving you.

"Additions and subdivisions have been planned, platted and settled up in rapid succession. I have been interested in Highland Park, East El Paso, Golden Hill and Government Hill. I have not been interested in any additions further out."

Dreamer and a Doer. Mr. Austin is a dreamer, but with the dreaming he combines the skill and perseverance of the builder. At the picnic of the Pioneers association, held last Saturday at Hart's mill, one of the old timers was discussing Austin Terrace, which recently was opened, in connection with the Pioneers. The man in question was not talking for publication, but merely made the remark to a little group of friends.

That he is a dreamer with a prophetic vision was shown in his answer to the question as to whether or not El Paso had reached the high tide of its marvelous growth.

"The end of the growth is nowhere near in sight yet. Without hoping for any improvement in conditions in Mexico, El Paso's population will be at least 100,000 by the time the next census is taken. And if order is restored in Mexico, the population of El Paso will be 150,000 by 1920.

Mexico Needs Everything. "Mexico has been stripped of everything which could be removed or burned. The rebuilding of that enormous country will require vast quantities of the products of our manufacturing. There is left nothing at all of furniture, mining machinery, agricultural equipment and implements. I believe that the manufacturers all over the United States will establish branches and big warehouses in El Paso, in order to take care of the unprecedented business which will be developed. I think that the freight handlers along the coast will be forced to increase their population by 20,000 people.

"El Paso with 100,000 in 1920, regardless of conditions in the republic on the south, 150,000 in 1920, if order can be restored at an early day, I don't think there is any doubt at all about it."

204 OF THE 210 ABOARD THE BEAR ACCOUNTED FOR. Bureka, Calif., June 16.—According to a check made of survivors from the wrecked steamer Bear, 201 of the 210 persons comprising the vessel's passengers and crew have been accounted for. The figures showed that there were 173 persons from the Bear in Bureka; it was estimated that 27 were being cared for in the towns of Paradise and Capetown, and five are known to be dead.

Fourteen lifeboats got away from the Bear in good order. Eleven made the Blunt's reef lighthouse, four miles away. Two made landing at the mouth of Bear river, near the wreck, and one capsized and was lost. Fog and a strong current were the only reasons given by the ship's officers for the tragedy.

ALPINE MAN WILL STORE UP WATER FROM CAYONOSA CREEK. Austin, Tex., June 16.—The state board of water engineers has granted an permit to E. E. Townsend of Alpine, to store and divert from the storm and flood waters of Cayonosa creek 250 feet of water annually for stock raising and irrigation purposes on 1622 acres of land situated in Pecos county.

KEEL TRYING TO GOE BACK

Organizing Ferguson Club Which Politicians Say is To Be Kelly Club.

C. E. Kelly fired the first gun in his effort to "come back" in the next city election, by announcing that he would organize a Ferguson club. The attempt to organize this club will be really an effort, he said, on the part of Mr. Kelly to "gather the clans" of the old Kelly in an organization headed by himself. It will be recalled that two years ago the same tactics were resorted to by "the rival."

Kelly Club. The new Ferguson club will be the vehicle whereby Mr. Kelly, it is rumored, will gracefully withdraw from the "Citizens' party" and will be in the place of an olive branch held out to members of the City and County Democratic club to get on the band wagon with him.

Another phase of the formation of the Ferguson club is said to be to bring Kelly to the fore again in the minds of the state politicians in Texas. Because of the Democratic state convention in San Antonio, there was not a single delegate from El Paso county bearing any credentials from Kelly. Because of the many comments at San Antonio upon the apparent collapse of Kelly's power, an effort will now be made by Kelly to rehabilitate his reputation as a power, politicians say.

Upon the formation of the "Kelly club" telegrams will be sent to the governor and to the newspapers in east Texas, setting forth the work C. E. Kelly has done for governor Ferguson, in the organization of the Ferguson club here.

The City and County Democratic club has unanimously endorsed governor Ferguson four months ago, and has since that time been in constant communication with governor Ferguson's headquarters and has been distributing Ferguson literature.

CAPT. J. C. McARTHUR GOES FROM 10TH TO 16TH INFANTRY. Capt. John C. McArthur has been ordered by the war department to transfer from the 10th to the 16th infantry. Other army orders follow:

Assignments: Maj. Ralph Harrison to the 1st cavalry; Capt. Sherrard Coleman to 12th cavalry; Capt. Clyde R. Crum to 4th infantry; Capt. Paul R. Malone to the 26th infantry; First Lieut. Edward V. McElroy to the 12th infantry; Second Lieut. Oswald H. Saunders to the 26th infantry; Chaplain Oscar J. W. Scott to 26th cavalry who upon his arrival in the army will join his regiment.

First Lieut. George C. Beach, medical reserve corps, to active duty, to Fort Snelling. Leave of absence: Leave of absence for 30 days is granted Maj. Ernest L. Ruffner, medical corps.

ALPINE EDITOR LIKES THE WAY PRESS MEN WERE TREATED. W. J. "Bill" Yates, publisher of the Alpine Avalanche, was pleased with the efforts of El Pasoans to entertain the Texas editors last week. Mr. Yates's paper says:

"The annual Texas Press association meet is now of the past. El Paso gave boys a royal reception, but that was to be expected of those who are so laudably with the hospitable ways of El Paso people."

WYOMING STREET RESIDENTS ALARMED BY FIRECRACKERS. Residents in the 2500 block on Wyoming street were alarmed to hear what they thought was a number of rifle shots about midnight Thursday night in the street in front of their homes. Mounted police officers were called, who after an investigation of the supposed shooting, found that it was but a number of small boys firing off heavy fire crackers. The boys went home with a warning by the officers.

"Reason-Why" Tires

GOODRICH "Barefoot" Tires are light in weight, and close grained.

This proves them relatively free from the usual inert substances or "fillers," that give excess Weight, stiffness, and grind, to Tire treads.

More than 200 different Makes and Brands of Motor-Car, and Truck, Tires were manufactured and sold in U. S. A. last year, 1915.

These totaled about 12,000,000 Tires. Of that 12,000,000 total Tires, the B. F. Goodrich Co. made and sold one-fourth.

Yet—Tires are only one of the 267 different lines of Rubber Goods made by the Goodrich Rubber Factory, which is the largest in the World, with a 47-year Experience.

This indicates the "Reason-Why" Goodrich Best-in-the-Market Fabric Tires can be, and are, sold to Consumers (via Dealers) at the lowest prices in America, per delivered Mile of Performance.

Compare figures herewith and see!

Goodrich "Fair-List" Prices

Table with 3 columns: Size, Ford Size, Price. Rows include 30x3, 30x3 1/2, 32x3 1/2, 33x4, 34x4, 35x4 1/2, 36x4 1/2, 37x5.

Goodrich Truck Tires

REPLACEMENTS of other Makes of Truck Tires with Goodrich Truck Tires, during last four years were as follows:

Table with 2 columns: Year, Value. Rows include 1912 Change-overs to Goodrich 3,590; 1913 6,357; 1914 10,725; 1915 14,000.

These Change-overs to Goodrich tell their own story to the thinking Truck-Owner.
