DODGERS HAVE NO MORE GAMES ON ROAD; OTHER TEAMS TRAVEL

National League Pennant May Be Decided in Final Series at Philadelphia When Braves Play Phillies— Seventh Infantry and Puritans Play Sunday— Army Regulars Think Simpson Best Boxer.

WITH one of the closest pennant races in the history of the American league, many fans have made inquiries as to the games which remain on the schedule for the three leading teams. The schedule from Friday to the end of the season follows: Boston away—At Cleveland Sept. 22, 23, 24, 25. Boston at home—With New York Sept. 27, 28, 29 and 30; with Philadelphia, Oct. 2, 3 and 4. Chicago away—At Cleveland Sept. 28, 29, 30, Oct. 1. Chicago at home—With New York Sept. 22, 23, 24, 25. Detroit away—At St. Louis Sept. 29, 30, Oct. 1. Detroit at home—With Washington Sept. 22, 23, 24, 25. Now you can get busy and figure out the prospective champions. All three leaders have some tough games ahead but the Red Sox, while having more games, will even up by tackling the weak Athletics for a three-game series.

Now for the games for the three leading teams in the National league. Here is the schedule for the three leading teams for the rest of the season: Brooklyn at home—With St. Louis Sept. 22; with Chicago Sept. 23, 24, 25, 27; with Philadelphia Sept. 28, 29, 30; with New York Oct. 2, 3, 4. Brooklyn has no games on the road. Philadelphia at home—With Pittsburgh Sept. 22; with Cincinnati (doubleheader), 23, 24, with Boston Oct. 2, 3, 4. Philadelphia away—At Brooklyn Sept. 28, 29, 30. Boston at home—With Cincinnati Sept. 22; with Pittsburgh Sept. 23, 24, 25. Boston away—At New York Sept. 28, 29, 30; at Philadelphia Sept. 3, 4, 5. No National league team has any real clinch on its remaining games. In fact, the series between the Braves and Phillies at Philadelphia on Oct. 2, 3, 4 and 5 may decide the championship.

Three or four weeks ago, during one of the games of the Seventh infantry team in the Commercial league series, Najdek hit a long drive to the outfield and perched on second base before the ball was returned to the infield. It was then thrown to first base and the runner was called out by umpire Louis as Najdek had not touched that bag. L. M. Coyne, the official scorer of the league, insisted that Najdek was entitled to a two-base hit. The newspapermen argued that, not having touched first, Najdek did not get a hit at all. Section 4 of rule 54 makes it plain that the baserunner, to get a hit, must touch first base. Najdek, therefore, figured in the scores with a

two-bagger to which he was not entitled.

Official batting and fielding averages of the Commercial league are now being prepared by secretary Coyne and it is likely that the figures will be made public about the end of the week.

The Commercial league season ends on Sunday but it will not be until then that the pennant is decided. The Seventh infantry now has a good grip on the confusion but the bakers are still within striking distance. If the Puritans can beat the soldier team on Sunday, there will be a tie for first place while a victory for the Seventh will mean the end of the race.

Puritans are now sure of second place if they fail to win and the Games Mexicans for third but there is a fight for the leadership in the second division. The fast sliding Everybody's pennant contenders early in the season, must fight it out with the Krackjacks for the fourth berth. The Feldmans, really one of the best teams in the league right now, are firmly entrenched in the cellar, thanks to a string of defeats early in the season.

"Kid" Muskopf, the lightweight star of the Seventh infantry and claimant of the lightweight championship of the United States army on the border, has started his training for his bout at the Camp Cotton arena, on Monday night, October 2, with Johnny Coak, the Massachusetts star.

Muskopf weighed 127 pounds on Friday, before he started for his roadwork. He had several sweaters and some big handkerchiefs on him to work off weight and declares that he will be down to about 123 pounds by next Monday. He will then endeavor to hold his weight and carry it to the best of his ability. The fans will remember the Muskopf-Coak clash on Labor day and it is a clinch that there will be a record crowd-out to see them over a longer route.

Out around Fort Bliss they believe that Simpson, of the 24th, is the finest boxer the army has ever seen. They believe that he can "beat his weight in wildcats" and point to his fine record in the ring against the best lightweights and welters. Simpson has practically been signed up for a ten-round bout at Camp Cotton on the night of October 14 with Johnny Newton, the star welter of the Ohio aggregation.

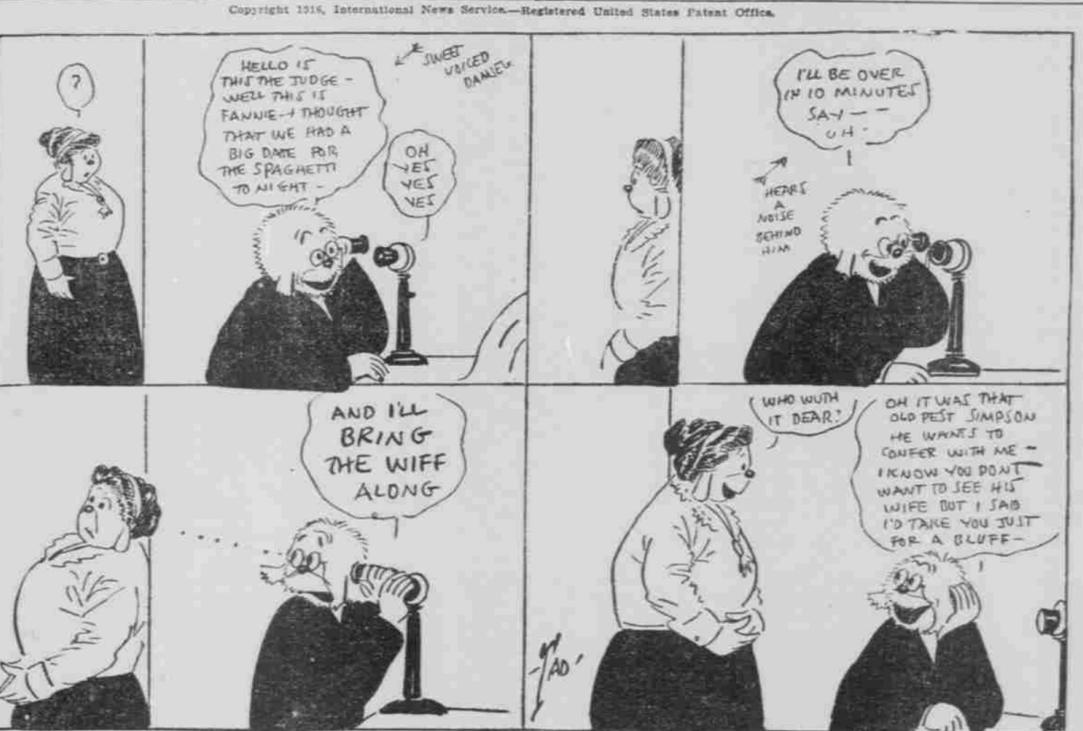

Newton is a husky youngster and will likely enter the ring at about 142 pounds. He will have four or five rounds with Simpson but the latter believes that his speed will carry him to a victory. And Simpson not only has speed, but a wonderful punch and a better knowledge of ring strategy than the late Joe Gans, if we are to believe the reports around Fort Bliss.

The writer found Simpson's strongest boosters in the camp of the Seventh infantry, despite the fact that the boxer belongs to another regiment. If the match comes through, Simpson will pack the pay checks of practically every regular around Fort Bliss.

The roads to Camp Stewart are being put in first class condition for the use of motorists going out to attend the track and field sports on Saturday afternoon. Over 200 star athletes, representing practically every regiment of the national guard now on the border will take part in this meet and their attendance is expected to be over 20,000. Such athletes as Berry, the all-star champion of the University of Pennsylvania and Percy, of Harvard, are to take part and it is certain that all athletic records for the southwest will be broken.

PHILLIES are not going to lack pitchers for the remaining games of the National league pennant race.

Alexander and Demaree have been the two stars of the team so far, with a few other twirlers in reserve. Erving Kautleher, the big southpaw of the Pirates, has been sold to the Phillies and will finish the season with his new team. There is one man in El Paso who takes a lot of pride out of the work of this pitcher for he was developed by Jim Brown, now a local promoter but then a baseball magnate in the Northwestern league.

COLLEGE football is getting the attention of the eastern critics right now and some dope it out that LeGore, of Yale, is the biggest one-factor in the 1916 campaign.

The Harvard line, in its early work, has not appeared as very impressive. Princeton is reported to have a lot of good material but will greatly miss captain Glick and four men who have left college or graduated.

WRESTLING fans are showing a lot of interest in the match for the lightweight championship of the world, which it is proposed shall be staged either at the ball park or Camp Cotton on the night of October 18, between the champion, Ad Santell, and Billy Hokaf, now makes his home in Mills, N. M.

If the bout is arranged, and it likely will be, it is sure to draw heavily from New Mexico. There is some talk of a special train to bring in the Hokaf followers. Joe Stecher, the leading contender for Getch's title, has offered to meet the winner.

DETROIT was dumped out of second place in the American league race on Wednesday when the Red Sox won at Detroit, 4 to 3.

The White Sox went into second place, 12 points behind the Red Sox, by beating the Athletics, 3 to 7.

"BULLET" JOE BUSH, the star pitcher of the Athletics, is sore in more than one sense right now.

He has a bad shoulder and may not be able to pitch again this season. Early in the spring, he bet \$3000 that he would win 15 games this year. He has won 14 so far and is real keen on getting that 15th victory.

FRED FULTON and Frank Moran have been matched for a ten-round bout in New York on October 3, according to an announcement in the big town.

Fulton's manager also declares that the Minnesota heavy will also meet Jim Coffey soon and, by beating Moran and Coffey, he hopes to force Jess Willard into a title bout.

AL DEMAREE, of the Phillies, is the "iron man" of the majors this week.

He pitched the Phillies to two victories over the Pirates on Wednesday and the 1915 champions gained a half-game on the Dodgers, who beat the Cardinals. The Braves dropped back in the race, due to a slaughter at the hands of the Reds, 12 to 4.

DETROIT was dumped out of second place in the American league race on Wednesday when the Red Sox won at Detroit, 4 to 3.

The White Sox went into second place, 12 points behind the Red Sox, by beating the Athletics, 3 to 7.

FIGHTING NINTH BEATS HOSPITAL

Longmyre's Work at Third, Behind Bat and Pitching Is a Feature.

BY TOM CLEMENTS. An out of the ordinary game was pulled off on Wednesday, at John McCloskey's park when the "Fighting" Ninth Massachusetts defeated the pace-makers of the league, 15 to 13. It was just one long, continuous string of pitcher winding up, crack at ball men, shuffling of feet of runner, and scratching of pencil as scorers marked another run.

The Ninth started right off by taking six runs in the first inning. The Hospital corps took two on their first trip to bat, but they took five in the second, while this time the Ninth only took two, so things were kind of even. J. Fisher kept trying to pitch in the second inning after the Hospital men had made five hits off him, and Holden took up the job. On the other side, Koresse pitched most of the game, but as he had been worked pretty hard during the past week, he didn't shine and so in the eighth Longmyre relieved him.

The work of Longmyre for the Hospital corps in this game was really wonderful. He started out in his regular position as third baseman, but when Holden fell down on the catching in the second inning, he transferred him to left field, put left fielder Hines and Longmyre went to the mound and finished the game, giving but one hit. Besides all this, he made a perfect batting average, being at bat four times, making four hits and scoring four runs, not to mention his making seven put-outs in his different positions. If the whole team had worked like him, they would still be at the head of the league with a perfect percentage. The score:
