

PENNSY TROOPS AT RIFLE RANGE

1st Artillery and Cavalry to Start Out Thursday; 13th Prepares Camp.

The First Pennsylvania field artillery and the First Cavalry will start for the rifle range, near Newman, N. M., Thursday morning.

The artillery will practice daily with its three inch guns, while the cavalry will practice by squadrons.

The 13th Pennsylvania infantry, commanded by Gen. Charles M. Clement, commanding the Seventh division, will make a trip to the range Monday, with several members of his staff.

The artillery, on its return from the range, will take part in the three day problem to be held by the Pennsylvania division, the latter part of this month, and then will entrain for Ft. Grant, Tex., to be mustered out of the federal service.

Lieut. Denton, of the 2nd Infantry, is reviewing the North Carolina brigade. The review, which was begun Monday, will be finished this afternoon.

Practice Bike Planned. The Third Pennsylvania brigade, commanded by Brig. Gen. Christopher T. O'Neil, will have a practice bike Friday morning at sunrise.

The second brigade, commanded by Brig. Gen. Albert J. Logan, spent the day Tuesday in a large problem test. The brigade, which is minus one regiment, will leave Salta vicinity Wednesday night for Camp Stewart, arriving there in time for mess Thursday morning.

N. C. Brigade Now First. The North Carolina brigade, commanded by Brig. Gen. L. W. Young, formerly adjutant general of North Carolina, is now the first brigade of the seventh division. The adjutant of the first brigade, Lieut. Gordon Smith of Raleigh, N. C., is the assistant adjutant general of this state.

13th Gets Settled. The 13th Pennsylvania infantry, commanded by Col. Ezra Rippe, Jr., of Saratoga, a veteran of the Spanish

BLOW AT VILLA PLANNED SOON

Bandit's Forces Located South of Chihuahua; Attack Scheduled Sunday.

That Villa forces are definitely located south of Chihuahua City and that an attack will be made upon the bandit within a few days, probably by Sunday, is the information contained in a telegram received Wednesday morning by acting consul E. Lozano Bravo from special agent Santiago Artin, at Chihuahua City.

Forces sent out from thearrison at Jimenez are expected to reach the Rio Grande Wednesday afternoon, and a clash with a band of Villistas now encamped there is imminent.

Great activity is manifested at headquarters at Chihuahua City, declares the selection of troops are being equipped and fresh forces from the south are arriving daily. As soon as the troops are in readiness the pursuit of Villa and his forces will be renewed.

American war, and son of a former colonel of the 12th, spent the day Tuesday in preparing his camp for occupation.

There are 515 men and 22 officers in the regiment. The regiment is divided into 12 line companies, headquarters company, band, hospital, supply and machine gun companies.

Many Variables. Lieut. Col. Edward H. Conant is a prominent business man of Saratoga, Pa. L. H. Waters, company C, is the son of the former lieutenant governor of Pennsylvania. L. A. Waters, Capt. Waters is a millionaire. Maj. W. E. Keller is of the hospital corps, is the superintendent of health in the public schools of Saratoga. Lieut. S. E. Dolph, third battalion adjutant, is the president of the Saratoga city council. Two of the richest officers in the regiment are Lieut. Harold Folsom and Lieut. Francis Torrey, of company A.

A brother of senator Hugh Lawson, of Pennsylvania, is with the 13th infantry. Pvt. John Dawson, 110, Fred Erhardt, representative of the legislature, is also with the 13th. Lieut. James B. Murray, company B, formerly the mayor of Carlisle, Pa., is now the candidate on the Democratic ticket for state auditor.

At the Mexican Restaurant. 11 a. m. to 2:30 p. m., 3 to 4 p. m. Served by Woman's Club in Mexican Village, Exposition Grounds, October 16 to 24. Prices 50c and 75c.—Adv.

NO ULTIMATUM SAYS ARREDONDO

Denies Demand Made for Withdrawal of Pershing Under Threat

San Antonio, Tex., Oct. 11.—Bliss Arredondo, Mexican ambassador designate to the United States, left here today to return to Washington from Mexico City, where he has been in conference with Gen. Carranza. He was accompanied by Col. Juan Barragan, Carranza's chief of staff. The ambassador said he brought no ultimatum to the United States from Carranza and that his visit to the Mexican capital was more in the nature of a vacation than anything else.

Mr. Arredondo's statement was elicited by questions relating to rumors that the de facto government of Mexico would demand that the United States withdraw the punitive expedition into Mexico or take the consequences.

Col. Barragan authorized the statement Tuesday, before the arrival of the ambassador, that an agreement to withdraw American troops from Mexico must be signed before any other questions affecting Mexico can be successfully considered by the commission now sitting at Atlantic City.

Most people are satisfied with what they have until something better is found. Once you have heard the American-Vocalion you will want it. Then when you actually play a record yourself you will not be satisfied until you own this really new phonograph. You can do this at the El Paso Phonograph Co., where the various models are for sale.—Adv.

Modernizing Business. Every business device designed to increase office efficiency is to be found here. A. W. McLean, Mgr. 209 Tex. St.—Adv.

Ride With Us. When you want an automobile, taxi-cab or limousine, just call. City Service Company. —Adv.

Ladies. Refinish your furniture and floors with sole proof colored varnish. It finishes a large chair, bed room, Aak, up about 15. Lander Lumber Co.—Adv.

MASSACHUSETTS MEN RAINED ON

Morton's Troops Also in the Storm, Reach Anthony—Mass. Men Back Today.

After spending a night in a soaking rain in camp just south of Canutillo, the brigade of Massachusetts infantry returning to El Paso from its practice march to Las Cruces, is heading for El Paso today and is expected to reach Camp Cotton tonight.

The Massachusetts infantrymen reached Montora bridge south of Canutillo Tuesday afternoon late and went into camp there just as the rain and windstorm came up and they were thoroughly soaked during the night, as the wind blew very hard almost all night, though the rain was not as heavy as in El Paso, according to reports received here. There was no hail or snow.

Morton's Division At Anthony. The rain extended up the valley to Las Cruces—so did the wind—and the rest of the tenth division, under Gen. Morton, also experienced a night in the open in a rain. Gen. Morton's men camped from a point several miles south of Mesquite to a point about two miles north. Wednesday morning they moved down to Anthony and began going into camp there at noon. They planned to spend the day and night in Anthony and to set out for Canutillo on Thursday morning.

Coming Back Ahead. The Massachusetts infantry is coming in ahead of the rest of the division so that it can pack its equipment and get ready to entrain for home to be mustered out. The Massachusetts artillery is already back and is out on the target range today for final practice before returning home the latter part of the week at Canutillo Tuesday night, having already reached El Paso.

Morton's Command Here Saturday. Gen. Morton's command, consisting now of approximately 13,500 troops, is expected to arrive in El Paso Saturday morning from its hike, to go into camp here again.

The Massachusetts infantry brigade for its return home will use the trains which bring the Georgia infantry

550 REFUGEES COME ON TRAIN

Many Torreon and Chihuahua Mexicans Reach Border, All Are Searched.

Between 500 and 550 passengers arrived in Juarez Tuesday night aboard a train from Torreon, Chihuahua City and waypoints. All of the passengers were forced to undergo a search by governmental authorities. None was molested, however.

It was declared at the immigration office Wednesday that all passengers from the south will be searched to ascertain whether they bear papers or data of a character calculated to be dangerous to the government.

No Spies on Train. There were no spies aboard the train arriving Tuesday. It was said, although Sunday seven men were taken from a train within a few hours from Juarez, a train a few miles south of Juarez. No announcement has been made as to what disposition was made of them.

Michigan Regiment Here. The 33d Michigan infantry arrived in camp Wednesday morning from Michigan. There are approximately 1000 men in the command.

The 1st and 2d Michigan, now with Gen. Morton, will join the 33d this week and for the first time since the latter two regiments left camp Grayling the Michigan infantry will all be together.

TWO NORTH CAROLINA OFFICERS ARE DELEGATES. Capt. John A. Parker and Lieut. Camp R. Johnson, both of the First North Carolina infantry, stationed at Camp Stewart, have been named delegates to the International Immigration congress. They have made reservations for transportation to the Elephant Butte dam for the dedication Saturday.

WAR DEPARTMENT RULES ON GRANTING RELIEF

Washington, D. C., Oct. 11.—It is announced by the war department that in making payments to dependent families of national guardsmen and regulars, disbursement in the case of each soldier will be determined by the amount he contributed to the support of his family prior to his call into federal service with this warning.

Settlement will not be hurried by the employment of anyone to look after a claim. The war department announced it was prepared to receive applications for reimbursement of civilians who attended authorized military training camps during the present year. Congress appropriated two million dollars for this purpose. The announcement says application should be made direct to the auditor of the department and that the cost of transportation to and from the camps and of uniforms and subsistence during training will be refunded.

JUAREZ COMES TO TAKE JUAREZ IMMIGRATION POST. Lorenzo Juarez arrived in Juarez Wednesday morning from Matamoros and will later today assume charge of the immigration office. He succeeds Teodoro Zambrano, who is to be given another important post in the Juarez customs house, succeeding a high official, it is said.

Mr. Juarez has been stationed across the river from Brownsville for many months. His transfer to Juarez is considered a promotion, in that the Juarez immigration office is considered probably the most important on the border.

The immigration office will be formally turned over to chief inspector Juarez late today.

GOV. CANTU'S RELATIVE ARRESTED IN UNITED STATES

Los Angeles, Calif., Oct. 11.—Fred Dato, brother-in-law of Gov. Esteban Cantu of Lower California, Mexico, has been arrested at Calexico on a charge of violating the United States neutrality laws, and Robert J. O'Connor, assistant United States district attorney, ordered the arrest of an official of a local sporting goods house and two prominent local Mexicans on the charge of conspiracy to violate the president's proclamation of October, 1915. This proclamation prohibited the exportation and shipment of arms and ammunition to Mexico.

According to O'Connor, Dato, in conspiracy with the Los Angeles men, ordered ten machine guns from a large manufacturer of Connecticut and these were to arrive here today. United States marshal Walton said he would seize the guns immediately upon their arrival.

CARRANZA'S STRIKE DECREES MEANT TO MEET EMERGENCY

Atlantic City, N. J., Oct. 11.—The Mexican commissioners here informed Samuel Gompers, president of the American Federation of Labor, Tuesday, that the decrees of Gen. Carranza making strikes a crime were not of a sweeping character and were designed to meet specific cases involving the paralysis of public utilities in Mexico City.

The American members of the commission spent Tuesday discussing with Gen. Tanker H. Bliss, assistant chief of staff of the American army, plans suggested for border control and for hearing complaints of representatives of corporations holding property in Mexico. There was a joint session today.

Will You Be There? SATURDAY Evening, October 14, at 7.00 O'clock, an epochal event will occur in El Paso--an event in which every man, woman and child in the entire southwest is or should be interested. At that time the gates of The International Soil-Products Exposition will be thrown open to the public. This show is all that its name implies, and its name implies far more than a mere exhibit of agricultural products. Everything is a product of the soil: The output of factory and mine and forest; the merchant's choicest offerings; blue-ribbon winners from range and pasture and pen and stall; the drapery proclaiming Fashion's latest edict; the machinists' handicraft; the artist's creations; the inventor's perfected dream; the work of woman's clever fingers—all, all are products of the soil, and all will be found in this great Exposition, arranged to attract, interest, instruct and entertain. A Veritable World's Fair FEW if any of the features of a complete World's Fair will be found lacking at this Exposition. It would be difficult to list all the features and attractions. Here are a few: U. S. Government Exhibit, costing \$20,000 to assemble and stage, and representing an investment of over \$100,000. Ten Experiment Station exhibits, illustrating the results of years of experimental and research work, and the expenditure of millions of dollars. A great agricultural exhibit by the Canadian government. Magnificent exhibit of agricultural, mineral, industrial and commercial products, and native plants of great economic value by the Republic of Mexico. Complete exhibits illustrating the agricultural and other resources of many states of the United States, of Mexico, and the Canadian Provinces. Surprising exhibits of many counties and districts. United States Reclamation exhibit. Indian exhibits, exceedingly interesting, attractive and instructive. A model "Mexican Village." A complete, up to the minute "Automobile and Accessory show." Hundreds of industrial and commercial displays. A show sale and contest of dairy cattle. A show and sale of beef cattle. Women's achievement exhibits. A "Circus Royale," staged on a mammoth, specially constructed platform. Two hundred couples will dance at once on the great stage. Exhibits of mining machinery and mine products, including an operating assay plant. Implement and machinery show. Food Products' show. Office appliance show. Flower show. Boys' and girls' club work. The famous National Band of Mexico. The El Paso Union band. Many military bands. Free motion picture show. The choicest of grains, fruits, grasses, garden and forage crops from thousands of farms, in many states, and several foreign countries, prize winners at county, state and national fairs. THE entire Exposition is blended into one harmonious whole, constituting an opportunity for amusement, instruction, study and entertainment seldom equalled anywhere, under any circumstances. Do not miss the opening night. Band and orchestral music will delight and entrance; the thousands of artistically arranged exhibits will sparkle in the rays of a myriad electric lights; acrobats of world-wide renown will hold their audience breathless with feats of skill, daring and danger; it will be a feast, a frolic. The world will be there. Will you?
