

Bedtime Story For the Little Ones

UNCLE WIGGILY AND TOMMIE'S GUN. BY HOWARD K. GARIS.

"WELL, I think they are almost ready to be put on to boil," said Nurse Jane Fuzzy. Wuzzy, the muskrat lady housekeeper, as she went out on the front porch of the hollow stump bungalow, where the sunny uncle, Mr. Wiggily Longears, was sunning himself. "They are almost ready to boil, and if you will get me a long stick, with a fork, shaped like the letter Y on one end, I'll be much obliged to you."

at the same time I may have a nice adventure. With his tail, silk hat on his head, but not taking his red, white and blue striped rhenish crutch with him this time, for he had no pain, off started Mr. Longears to look for a clothes stick for Nurse Jane. He wore his glasses, as he wanted to see very plainly so as not to miss an adventure. On and on he went, over the fields and through the woods, which were now almost bare of leaves, and pretty soon he came to a place where he found a clothes stick with a Y on the end of it.

WIFE TOO ILL TO WORK IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Ind.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If little stomach is sour, liver torpid or bowels clogged. Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well-played child again. Children simply will not take the time from play to empty their bowels, and they become slightly sickish, get sluggish and stomach disordered.

When cross, feverish, restless, see if course is coated, then give this delicious "fruit laxative." Children love it, and it can't cause injury. No difference what all your little one—if full of cold, or sore throat, diarrhea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

TO END CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Eumalin (double strength), and add to it 1 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

Today's Daintiest Dish

BY CONSTANCE CLAIRKE.

Devilled Crab.

A DELICIOUS fish dish is devilled crab. Put medium sized live crabs in boiling water with a little salt and cook them for 25 to 30 minutes, according to size. Take them up, remove the claws, scoop out all the creamy part from the large shell, putting away the gills and back which are found on top of the inside of the shell, and pull out all the meat from the claws with a fork. Clean the crab shells to use for serving. Reduce a cup of thick Veloute sauce with a half cup of thick cream, then add a teaspoonful of chow-chow, a teaspoonful of chili sauce, a teaspoonful of mustard, a pinch of salt, two very finely chopped onions, a tablespoonful of chopped parsley, two chopped red chilies, and the creamy part and meat of the crab except that taken from one of the claws. Stir all together and place the mixture into the shells, smooth it over, sprinkle the top with browned breadcrumbs, place on a baking pan and cook in a quick oven from 15 to 20 minutes. Then take up and garnish the top with meat from the claws. Sprinkle the tops with a little finely chopped parsley, chopped hard-boiled eggs and pieces of beetroot. Serve on lettuce leaves with quartered lemons.—Tomorrow—A Halloween Party Table.—Copyright, 1916, by International News Service.

News Notes From Movieland

BY DAISY DEAN.

CHARLOTTE WALKER, the famous stage star, will soon be seen in a five-reel entitled "Sluth." She does not appear in either the first reel or the fifth reel of this five-reel film, but when she does appear, she portrays three historic characters. The second reel shows her depicting Margaret Brent, the beautiful, passionate, high-born girl, who became Lord Baltimore's official representative in the early settlement days of Maryland, and whose advocacy of the vote won for her the title "First Feminist of America." In the third reel Miss Walker assumes the role of Sally Wells, a little 12 year old maid of an old Dutch settlement on Staten Island. The fourth reel shows the star in the part of Molly Pitcher, the dearest heroine in American history, who followed her husband into the thick of Revolutionary warfare and turned the tide of victory toward the continental army in the battle of Monmouth. Notwithstanding these historic scenes, "Sluth" has a modern setting. A young girl is asked by her father to choose between her life of luxurious indolence, and a life in which pioneer courage is required. Miss Walker steps from the past into her quiet characters to influence the girl to choose the heroic way.

One of the sights of Nassau, Bahama Islands, is "Jane Gull's cave," where many of the scenes with the castaways were taken.

14 YEARS AGO TODAY

From The Herald of This Date, 1902.

W.M. Petricolas won the medal in the shoot of the El Paso Gun club on last Friday, W. J. Rand tied him in the general shoot but failed in the shootoff. The others who participated in the shooting and made creditable scores were: J. F. Cole, George Hitt, E. V. Meade, J. R. Enlow, Dr. H. E. Stevenson, Stefford Campbell, Alderman Denbaker, H. F. Brown. The shoots are held weekly by the club at their range near Washinton park.

Two young men reported to chief of police White yesterday that they had been relieved of \$25 by the bunco men across the river. The meeting for the organization of a brass band failed to materialize yesterday morning, as the newspaper men were at church. It is rumored that six employees of the Southern Pacific have been discharged for aiding and abetting Chinamen who have been smuggled into this country from Mexico, in violation of the Chinese exclusion act. A meeting was held this afternoon by the directors of the chamber of commerce to listen to A. J. McCarney, civil and electrical engineer, in regard to pumping machinery that may be used in the Rio Grande valley.

SCHOOL DAYS

THE VOICE FROM THE DEPTHS

TO THE VOTERS OF NEW MEXICO

You hear and read constantly of the "clean business administration" which Governor McDonald assures you he has given this state. The statement is always made in general terms. It is never reduced to details. The McDonald administration has shown a horror of details. Getting down to details involves work, and study of the records. AS AN EXAMPLE OF THE KIND OF BUSINESS ADMINISTRATION GOVERNOR McDONALD HAS GIVEN YOU, YOUR ATTENTION IS INVITED TO THE MANAGEMENT OF THE DEPARTMENT OF FISH AND GAME PROTECTION AND PROPAGATION UNDER McDONALD'S APPOINTEE, TRINIDAD C. DE BACA, A KINSMAN OF THE PRESENT DEMOCRATIC CANDIDATE FOR GOVERNOR—who, by the way, McDonald promises you "will make the same kind of a governor I have made." Trinidad Cabeza De Baca, McDonald's Game Warden, Has Now Held Office For Four and a Half Years.

During that period De Baca has spent \$43,514.72 of public money as shown by the vouchers signed by himself.

During that Period De Baca Has Spent for Fish, Birds and Game \$2,261.02

The Republican game warden who preceded de Baca in the office spent \$4,610.65 for fish, game and birds in the fiscal year 1911-12 alone. The Republican game warden who preceded de Baca ran his office during that same fiscal year for a total cost of \$3,919.47—and left a balance of \$10,118.65 in the state treasury fund. Governor McDonald's Game Warden in the first nine months of the present year, 1916, SPENT \$11,056.57 OF WHICH TOTAL ONLY \$203.87 has been spent for Fish, Game and Birds.

DURING THESE SAME NINE MONTHS OF 1916, de Baca SPENT \$897.00 of the public funds in salary for his father-in-law, and "contingent expenses," the bulk of the latter charge being for feed for father-in-law's family horse.

Governor McDonald does not undertake to deny or explain this amazing waste of public money. He cannot deny it and there is only one explanation of it.

McDONALD TELLS YOU THAT E. C. DE BACA, IF ELECTED, WILL BE "THE SAME KIND OF A GOVERNOR I HAVE BEEN."

THIS IS ONE INSTANCE IN WHICH YOU CAN BELIEVE MR. McDONALD WITHOUT ANY HESITANCY. IN THE MATTER OF GAME WARDENS AND THE ADMINISTRATION OF GAME DEPARTMENT MONEY THE CABEZA DE BACAS ARE NOTABLY CLANNISH. THERE IS NO REASON TO DOUBT THAT IF EZIQUEL CABEZA DE BACA SHOULD BE ELECTED GOVERNOR OF NEW MEXICO YOU WOULD HAVE TWO YEARS MORE OF TRINIDAD CABEZA DE BACA AS GAME WARDEN—INCLUDING TRAVELING EXPENSES AT 25 CENTS A MILE, FEED FOR FATHER-IN-LAW'S HORSE, EXPENSE ACCOUNTS SHOWING AS MANY AS SIX MEALS IN ONE DAY, —and a continuation of the broad-gauge, public spirited policy of the McDonald administration in the fish and game department UNDER WHICH FIFTY DOLLARS OF PUBLIC MONEY HAVE BEEN SPENT ON "MAINTENANCE AND OPERATION" FOR EVERY TWO DOLLARS SPENT ON CARRYING OUT THE PURPOSES FOR WHICH THE OFFICE WAS CREATED AND IS MAINTAINED AT PUBLIC EXPENSE.

You can take William C. McDonald at his word—this once— IF EZIQUEL CABEZA DE BACA IS ELECTED GOVERNOR YOU WILL HAVE TWO YEARS MORE OF THE SAME KIND OF ADMINISTRATION QUOTED ABOVE FROM THE PUBLIC RECORDS OF YOUR STATE.

Do You Want Two Years More of It?

HOROSCOPE

Saturday, October 26, 1916. THIS is a lucky day, according to astrology, for Venus and Saturn rule strongly for good. Places of amusement of every sort should benefit from this position of the stars, which indicates an eagerness for entertainment and a tendency to spend money on the part of the public. Music has the best direction and again in excess of popular interest in concerts and operas is indicated. A man will gain fame through his work among the people. Women have the most favorable direction today. They should push all business enterprises, especially those in which men of advanced age and large interests are concerned. Success for women engaged in political work is indicated, but there will be dissensions in quarters that engage the efforts of famous persons. This is a propitious day for romance, which may interfere with the best interests of public enterprises. Denver, Salt Lake, and all cities that are centers of mining interests have the prospect of gain and prosperity. Fire in a large manufacturing plant will cause heavy loss next month, it is predicted. There is a sign that promises profit to those who deal in precious stones. Ancient lore found the planetary government good for fishing and for outdoor sports. New occupations for women will engage the attention in the United States next spring, when co-operation will be preached and taught. Celebrities in great numbers will be entertained in this country next winter. Persons whose birthdate it is have the anxiety of a successful year if they use care in all their affairs. Children born on this day probably will be fond of luxuries but able to supply them. These subjects of Scorpio are often bright in manner and energetic in action.—(Copyright, 1916, by the McClure Newspaper Syndicate.)

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.
