NATIONAL LEAGUE TEAM WILL PLAY IN EL PASO SOON

Chicago Cubs Plan One Day Stop Here on Return Home, March 29.

YORK LIKELY MAN TO WORK IN GAME

By Bud Rutherford. PLEASING for one day while enroute back east where they will open the 1917 schedule, the Chicago Cubs of the National League will arrive in El Paso on Friday, March 23, and will play an exhibition game at Rio Grande park with an El Paso club.

Manager John McCloskey of Rio Grande park said Monday afternoon that he had received overtures some time ago from the Chicago manager, about the use of the park for an exhibition game on March 29, and that he had agreed to let them have it. The game will be under the auspices of the city league officers, however, and they will have the privilege of choosing the team to meet the Chicago players.

The appearance of the Cubs will mark the first instance since 1915 when a big league team visited El Paso, the Chicago White Sox playing at Washington park in the spring of that year. In past years it had been the territory of one or the other of the big league clubs training in the southwest to give an annual exhibition at Washington park, but in 1916 the local baseball managers were unable to arrange a game with any of the major league clubs, none of which came to this city.

Last year the Cubs trained at Hot Springs, Ark., and this season at Pasadena, Cal., and will leave Pasadena within the next few days and will play exhibition games along the route to El Paso, spending one day at Phoenix, Ariz., one at Phoenix, Tucson, and then come direct to this city. They are traveling on a special train with a private car in the city on the morning of March 23, in readiness for the game.

Lefty York, it is said will doubtless be asked to pitch for the El Paso team, if the military authorities would allow him to play with a civilian team on that afternoon. The dozen or so good players in the city league, who under good handling would make an excellent showing against the league players, it is believed. The management would do well to get a line on these players, as a strong defense against the major leaguers would mean a great deal for El Paso not so much in baseball prestige but in the knowledge of the fact that the city can put a good baseball team in the field.

El Pasosons of eight and ten years residence in this city, and longer of course, will recall the hard fought games between the old El Paso Browns and the El Paso White Sox against visiting big league clubs. And there were many instances where the visitors were not always the victors as history will show that the El Paso team in many instances came off the victor in these past season games.

DILLON WINS FROM MORAN. Memphis, Tenn., March 22.—A scheduled eight round bout here Monday night between Jack Dillon, of Indianapolis, and Jack Moran, of St. Louis, was stopped by the referee in the sixth round and the decision awarded to Dillon to save the game but badly battered St. Louisan from further punishment.

REED IS SOLD TO MOBILE. Denver, Colo., March 22.—Milton Reed, second baseman for the center club of the Western league last year, has been sold to the Mobile club of the Southern association, club officials announced tonight.

EL PASO MAY NOT HAVE BIG LEAGUE BALL

But We sell the same Gloves, Bats, Masks, Mitts and Balls that the Big League Stars use in every game they play.

HEXY COUNT OF 1916 IS BETTERED

El Paso Boys at "Y" Register 556 Points More Than Last Season.

Surprisingly good scores, even beyond the expectancy of the officials were made by amateur athletes of the city in the boys hexathlon, at the Y. M. C. A. gymnasium, according to the final which has been compiled by physical director A. L. Helm.

The totals show an increase of 556 points over the record of last year, this being due in a large measure to the record breaking attendance of heavyweights including Broadbent, Revas, Tichem, Overstreet, Wright and Silberberg, who shot the total of the heavyweight class to 377 points above the mark of last year.

The flyweight or 80 pound championship was won by J. C. Holford the 1916 champion of this class. Ben Edwards won the 95 pound title and Ferdie Lacarra, the former 95 pound champion, although graduated into the 110 pound class, won the latter title with ease. Dawson Bryan captured the 135 pound class championship while Leo Rosenstein took the unlimited or heavyweight honors.

The champions scored in the following order: Holford, 550; Lacarra, 562; Edwards, 516; Bryan, 473, and Rosenstein, 476.

The 80 pound class entrants fell 119 points back of last year. The 95 pound candidates beat their previous total by 150 points while the 110 pounders increased 154 points. The 125 pound class bested the last year's record by 24 points, while the heavies made the sensational margin of 337 points over their 1916 record.

BEZDEK TO COACH AND ALSO STUDY

Hugo Bezdek, who coached the University of Oregon football team that defeated the University of Pennsylvania at Pasadena New Year's Day will resume his medical studies at the University of Chicago immediately, but will return in the fall to coach the 1917 football team.

NEW MEXICANS ARE TO START HARD TRAINING San Francisco, Cal., March 22.—Facing the most strenuous schedule in its history, the football squad of the University of New Mexico at Albuquerque will adopt the spring training plan for the gridiron athletes.

INTERSCHOLASTIC MEET AT ALBUQUERQUE NEXT MAY May 3, 4 and 5 are the dates for the 1917 interscholastic track and field meet in Albuquerque under the direction of the University of New Mexico.

JOE RIVERS IS COMEBACK.

Columbus, O., March 22.—Joe Rivers, of Los Angeles, defeated Johnny O'Leary, of Buffalo, in their scheduled 15 round bout here Monday night. O'Leary's seconds threw in the sponge in the 11th round. Both men were over the 135 pound limit agreed upon.

The bout will be the first wrestling contest to be held in El Paso for several weeks and a record crowd is anticipated when the two athletes meet. It will mark the initial appearance of Fredley locally and his friends are predicting a victory for him in spite of the confidence of Burzokos.

It is unfortunate that the boy did not secure a real guiding hand when he first landed, as it would have saved him much trouble and annoyance. If Darcy is wise now he will get away from New York for a while and match up for a real championship contest with one of the legitimate contenders—Mike Gibbons or Jeff Smith preferred—and show the people whether he is a false alarm.

Mike Gibbons has been after him hot and heavy for a match. Will Mike consent now to meet Mr. Darcy over the marathon route for the championship? In the meantime it looks as though Darcy will be matched with Jack Dillon for a fifteen-round contest at Denver some time in April.

Lee Nages is finally going to realize in part at least his ambition to play on the infield for the Yankees. Manager Donovan has started to groom him for a substitute first baseman as understudy to Walter Pipp.

McGOORTHY AND CLABBY BIG LOSERS AT RACES

Two of the best middleweights America has boasted of during the past half dozen years—Eddie McGourty and Jimmy Clabby—seem to have been bitten hard by the cat track game. Both these boys made a stack of money in Australia by boxing and were reputed to be quite wealthy, to fact they made enough to announce their retirement from the ring and took up the business of bookmaking. Clabby even went so far as to buy horses of his own and race them on the Sydney and Melbourne tracks, but racing is a game that kings and queens indulge in and many the man, who thought he was on the right track to more wealth, found himself in the mire. That evidently has been the experience of Jimmy Clabby and also McGourty, for reports from the Antipodes are to the effect that both boys are to re-enter the fight game and try to recoup some of their losses on the race track.

Clabby is to be matched with Tommy Eren, the present holder of the middle weight championship, and the Hagai D. McIntosh belt worth \$1000; while McGourty is to again meet either Bill Lane or one of the best heavy weights in the country. Some time ago McGourty was credited with having cleared over \$300,000 on the races.

PETER BUZUKOS MEETS FREDLEY

Greek Welterweight Gets Match With Regular Army Man at Theater.

Peter Buzukos, welter weight wrestler, who has been in El Paso for the past three months and has participated in several contests has been matched to meet W. Fredley, a regular army man at the El Paso theater on the night of March 25.

Buzukos has been in training for some time, and will do light work at the Central camp in preparation for the contest. Fredley is well known among members of the border patrol and is said to have a large number of supporters who will back him to the limit.

The bout will be the first wrestling contest to be held in El Paso for several weeks and a record crowd is anticipated when the two athletes meet. It will mark the initial appearance of Fredley locally and his friends are predicting a victory for him in spite of the confidence of Burzokos.

DARCY KNOCK HURTS

Australian Boxer Falls in Path of More Bumps Than 10 Average Men.

INJUSTICE TO HIM, THINKS ONE WRITER

By Tom S. Andrews. MILWAUKEE, Wis., March 22.—It would be hard to find a fighter who has bumped into so many hurdles in so short a time as Les Darcy, the Australian middleweight champion, who came to the states in search of glory and fortune. On top of his many experiences in the big city of the country, what with fight managers and theatrical managers, the young man was near the nervous prostration point, and now to top the climax, three states—New York, Minnesota and Massachusetts—have barred him from appearing in a contest with an opponent.

No doubt other governors would follow suit should it become necessary to interfere, as it seems to be the rule to follow one another, but Darcy has not tried to force himself on any of them and in that he is wise. Why he should be barred in New York state is hard to understand.

It has been called a "slinker," etc., for leaving Australia instead of joining the army, but others have done the same thing and besides the boy was not of age at the time. No doubt he made big mistakes in not following the advice of his friends—Snowy Baker—but even if he did make mistakes, is it any reason why he should be persecuted over here? His troubles seem to have been the result of scoundrels brought about in New York over managers, contracts, etc.

It is unfortunate that the boy did not secure a real guiding hand when he first landed, as it would have saved him much trouble and annoyance. If Darcy is wise now he will get away from New York for a while and match up for a real championship contest with one of the legitimate contenders—Mike Gibbons or Jeff Smith preferred—and show the people whether he is a false alarm.

Mike Gibbons has been after him hot and heavy for a match. Will Mike consent now to meet Mr. Darcy over the marathon route for the championship? In the meantime it looks as though Darcy will be matched with Jack Dillon for a fifteen-round contest at Denver some time in April.

Lee Nages is finally going to realize in part at least his ambition to play on the infield for the Yankees. Manager Donovan has started to groom him for a substitute first baseman as understudy to Walter Pipp.

Advertisement for Tom Moore cigars. Text: 'How Tom Moore prevents over-smoking. THERE are two ways a man may over-smoke: Either by smoking too many cigars or smoking too heavy ones. Instead of cutting down the number of cigars, we would like you to consider a type of cigar which makes it hard for you to over-smoke. In presenting Tom Moore, we offer you a cigar whose filler of Havana leaf is aged to such mildness—whose Sumatra wrapper is so mild—whose smoking draft is so well constructed, that heaviness while smoking or a feeling of heaviness after smoking is more than improbable. If the cigars you have been smoking tend to "crowd" you, we would be glad to have you experiment with a few Tom Moore's. We believe their "light hearted Havana" fragrance will not only prove enjoyable but will suggest a pleasant step in the direction of moderate smoking.'
