Allies Ask Japan And U. S. To Intervene In Siberia And Check German Advance

LONDON, Eng., Feb. 25.—It has been indirectly revealed that the entente allies have appealed to Japan and the United States to intervene in Siberia as a counter measure to the German advance in Russia. It had been supposed that Japan was contemplating some action on its own initiative.

Gen. Poeh Appeals to Japan. A speech made Sunday by viscount Motono and reports from Paris as to Japan's possible activities in view of the German advance into Russia are given prominence by the morning newspapers. The Times says it understands that the statement of the Japanese foreign minister is regarded in well informed quarters as an authoritative declaration of Japan's policy. In its editorial comment, the Daily Mail says:

Gen. Poeh Appeals to Japan. "Gen. Poeh's appeal to Japan and the United States to cooperate in confronting the Germans in Siberia is an important move as far as Japan is concerned. If an allied expedition, in which Japan and America would necessarily have leading parts, could control the Siberian railway and with it the rich food raising and mineral bearing districts of Siberia, a heavy counter stroke would be dealt to German's advance. Japan's service in the allied cause would be considerable. It is not impossible that she will soon add to it."

Slacker Finds That Fellow Prisoners Do Not Respect His Ill

Chicago, Ill., Feb. 27.—William Lawrence Sauer, bootmaker to Chicago's society before he became a mere shoemaker at the Bridewell, because he failed to explain to judge Landis why he did not register for the draft, is not satisfied with his lot. Sauer complains that his fellow workers in the shoe shop pass remarks and worse than anything to do with him because he is a slacker. Superintendent Smith declared, "He doesn't seem to like the atmosphere of the shoe shop."

"I believe he will never get good treatment from the other inmates, because, while they will chat with a runaway or strike up a friendship with a thief, they have no use for a slacker."
