BEAN CROP FOR 1918 IN DEMAND

Last Year's Yield of Pintos Cleaned Up; Valley Will Give Plenty.

Advises from the federal food administrator at Washington to E. A. Peden, state administrator, say that the 1917 crop of pinto beans has been pretty well cleaned up and the 1918 yield must be looked to supply the demand for this staple, which is growing rapidly.

According to reports from Mr. Peden the pink and tepary beans will probably be plentiful in this state this year as there has been a large acreage planted. In the lower El Paso valley a much larger crop of pinto beans is expected than has ever been harvested, and all familiar with the conditions and demand for the bean, are of the opinion that the present high price will prevail.

Beans in Demand. The indications are good for a ready demand for all first class beans grown in the state, according to Will C. Cronkite, but the growers should not expect to receive extraordinarily high prices as the expense of rendering this crop free of weevil must be considered. This is an element of expense not necessary to be borne in handling beans grown in the arid west, according to Holman Harwell, county farm demonstrator.

Crop indications from all part of the state, especially in the lower Rio Grande valley are very good. Mr. Harwell said, and there is every indication that the farmers in this part of the country will experience no difficulty whatever in disposing of their harvest.

POSTAL RECEIPTS INCREASE. Postmaster E. A. Shelton made public his July report Thursday, showing receipts of the El Paso postoffice for the month amounted to \$23,497.71. This is an increase of \$1,050.75 over the corresponding month of last year, when the receipts amounted to \$22,446.96.

Says Gambling Is Playing For Valuable Stake Attorney General of New Mexico Rules On Anti-Gambling Statute. Santa Fe, N. M., Aug. 8.—Assistant attorney general Hatch, in response to an inquiry by Gov. W. E. Lindley, has handed down an opinion on New Mexico's anti-gambling statute, an opinion which it is hoped will put the kibosh on any attempt at gambling at the Magdalena roundup, which Gov. W. E. Lindley and state engineer James A. French may visit before returning to Santa Fe from their Albuquerque trip.

The playing of "kelly pool, poker or craps constitutes no violation of the law itself," however, Hatch rules, and he continues: "In order to violate our present law, it is necessary that the game be conducted or operated for money or something of value, and the only person guilty is the person who conducts or operates the game."

BROKEN CABLE STOPS CARS. Breaking of a trolley cable on the Fort Bliss electric car line on Tularosa street, Thursday noon, tied up several cars for more than an hour. Reports that a motorist had been injured were not confirmed at street car headquarters.

Southwest To Enlarge Its Wheat Crops

Department Of Agriculture Suggests Need For An Increase In Acreage.

American farmers are to be asked to sow this fall not less than 48,000,000 acres of wheat, an increase of 7 per cent over last year's sowing, it is announced in the weekly news letter of the department of agriculture, as part of a national plan for a great "liberty wheat harvest" in 1918.

The department suggests that an even greater area, 47,500,000 acres, an increase of more than 12 percent over last year, could be sown if conditions are especially favorable in all the states. Minimum and maximum acreages suggested for the southwestern states are as follows: Texas—1,720,000 acres; maximum, 2,000,000; minimum, 1,400,000; Arizona, 1,400,000; maximum, 1,600,000; minimum, 1,200,000; New Mexico, 1,200,000; maximum, 1,400,000; minimum, 1,000,000; Texas acreage for 1917, 44,000,000; New Mexico, 27,000,000.

FOOD FOR ALLIES IS ON INCREASE

United States Furnishing Millions of Pounds Monthly in Meats. Washington, D. C., Aug. 8.—The extent to which aid is being furnished the allied nations in foodstuffs is indicated in a statement issued today by the food administration, showing that during the month of June exports of beef from the United States totaled \$2,173,000 pounds, of which 95 percent went to the United Kingdom, France, Italy and Belgium. The monthly average of beef exports for the three years preceding the war was 1,985,000 pounds.

Grocers Receive Blanks to Take Reports From Families and Amounts.

Local grocers have been authorized to refuse to sell sugar to anyone who refuses to sign a certificate for the purchase. Robert C. Dornhecker, inspector for the district food administrator, told the Retail Grocers' association Wednesday night at its regular meeting at the chamber of commerce building. Mr. Dornhecker said it had been reported to him that some people in this city refused to sign certificates showing the number of people in the family and the amount of sugar that was purchased during the month.

Not Practical to Close Early.

It was the opinion of the grocers that it would not be practical for many of them to close their stores at 5:30 or 7 o'clock at night. This matter was brought up by John P. Watson, president, upon advice of E. A. Peden, state food administrator, who stated that the matter of closing stores will be considered at a meeting of the district food administrators to be held at Austin Thursday and Friday of this week.

Report Blanks Received.

Forms for monthly statements regarding the amount of sugar sold, to whom sold, and the amount that each individual family in the city has bought were distributed. These forms are to be made out by the grocers and sent to the office of the district food administrator not later than the fifth of each month.

CHRISTIANS, FOLLOW JESUS' EXAMPLE, SAYS EVANGELIST

"In these trying times, when thousands of men have taken up arms in defiance of the erroneous doctrine that might makes right and that treaties and promises are but scraps of paper, and that there is no moral obligation except that which can be enforced by the point of sword, and when the allied Christian nations of the world have been turned into armed camps in opposition to this barbaric doctrine, it is well for us who have pledged ourselves to the God of heaven to earnestly endeavor to imitate and follow the example set for us by the Lord Jesus," said evangelist F. O. Brown in his sermon at Shiloh Baptist church (west) Wednesday evening. His subject was "The Mind of God."
