Change In Method Of Printing Casualties

Beginning today, The Herald is publishing only the names of men from Arizona, New Mexico and Texas in the list of injured and missing. The full list of the killed is published, as usual. The Herald believes that the full list of all wounded and missing men from all parts of the United States occupies more space than the readers of this paper wish to see taken up. The space can be filled with other news news that must now be briefed or omitted. Believing that there is very little, if any, interest in the names of those of interest to the southwestern readers, except the killed—these names will be given in full as in the past. Each morning the names of the missing and injured from other states will be pasted on a bulletin in front of The Herald office for the inspection of any person interested.

MANY ARIZONANS IN CASUALTY LIST

Nephew of Senator Ashurst Is Casualty; Lieut. Love Is Missing.

Phoenix, Ariz., Oct. 22.—In the death roll from France is the name of Albert Pitta, listed as killed in action. He was a private in a Michigan regiment, enlisted at the University of Michigan, where he had been taking a law course. Yet he was an Arizonian, son of James Pitta, a Seligman merchant and nephew of United States senator Harry F. Ashurst, who went to Ashurst from Phoenix, where he had been secretary to justice Cunningham of the state supreme court.

Others listed as killed at the front are: Sidney Carter, who left Yuma last May; Howard W. Draper, of Wilcoxburg; Corp. Jack Melrose, who was killed in Mesa, Ariz., and Corliss B. Curry, a former student at the university in Tucson. Just what the Arizona had been doing lately is a matter that has been chronicled entirely by official and press reports. He must be very busy, for his proud family in Phoenix has received no letter from him since he broke into the line of duty. A German artillery barrage evidently has been a good correspondent, writing home at least weekly. There has been a check-up on front reports that he has destroyed 14 German gas balloons, his principal meat and eight airplanes that happened to be met with casually in the course of the day's job. The number may be likely to be even more, for there has been no report for several days of the activities of Arizona's fighting air.

Luka is the fifth of a family of nine. His parents have been Arizonians for years. A brother, Edward, age 27, at Fort Huachuca, a lieutenant, under training as an aerial artillery observer after passing through an officers' school at Camp Funston, Charles, 27, now at Ajo, has been appointed to an artillery company, where he is now at Ft. Wurst, left a few days ago for Alexandria, Louisiana, to a Red Cross hospital as a nurse, and by three years of hospital training, expecting to be sent overseas within a few weeks. The family has just made public news of Frank's engagement to Miss Marie Hanson, a senior student in the San Diego high school.

His Day Of Glory Is Ended—French "Hero" Is Only Railway Victim. Paris, France, Oct. 22.—"Bertrand's" day of glory is over. One of the heroes of the boulevard has fallen. He fell into a two-year prison term. He fell, and to relate, through an "excess at table," as the polite French newspapers express it. Some months ago there entered in the height of the evening at one of the boulevard music halls a splendidly dressed and handsome young man, himself gaily with his kept locked over one ear and a jaunty cane in his hand. On the stage he was the remarkable galaxy of medals. There was the Legion of Honor, the Medaille Militaire, the Croix de Guerre with eight palms, the Grand military medal and the Colonial medal with two eagles.

HARLEY WANTS INFANTRY OF TEXAS DRAFTED BY THE U. S.

Austin, Texas, Oct. 22.—Adj. Gen. J. A. Harley left Tuesday for Washington, where he will make strong efforts to have the brigade of infantry, Texas national guard, federalized immediately. This brigade has already received federal recognition, and now it is proposed to have it designated for draft, which will remove the members of this brigade from the draft. He was accompanied by Maj. John McCall, private secretary of the governor, who is an officer in the brigade.

But good fortune and good wine went to his head. He had found wealthy people pined him with tribute beyond his capacity of head. One day he committed the excess at table. He created a scandalous row. And a too suspicious gendarme asked to see his papers.

The gendarme asked to see Bertrand's papers. He had been decorated with the Legion of Honor, the Medaille Militaire, the Croix de Guerre with eight palms, the Grand military medal and the Colonial medal with two eagles. He had been decorated with the Legion of Honor, the Medaille Militaire, the Croix de Guerre with eight palms, the Grand military medal and the Colonial medal with two eagles.

F. S. FRICKELTON APPOINTED FIRST LIEUTENANT, BUILDER

Frank S. Frickelton, well known El Pasoan, who was once manager of the Crawford theaters and who has been in construction work for a number of years, recently in the quartermaster department at Fort Bliss, has been appointed first lieutenant in the construction department of the quartermaster corps and will leave for Washington Saturday for assignment.

TEUTONS SEE DANGER OF WAR ON OWN FRONTIERS

Amsterdam, Holland, Oct. 22.—Admitting that under modern conditions, even defensive warfare on the German frontiers would involve great dangers, the Frankfort Gazette says that even the most careful defense on the western front will entail big losses. It is not to Germany's interests, the newspaper says, to make a slow defensive retreat from Belgium and the fighting there will not be unnecessarily prolonged a single day.

PRUSSIAN BLOOD AT THAT, BUT THE FACT WON'T MAKE HUNS HAPPY.

Phoenix, Ariz., Oct. 22.—Lieut. Frank Luke ranked as the second American "ace" was born 21 years ago, in May, in Phoenix. The young aviator, by blood, is three-fourths German, and Prussian at that. His father was born in Germany, but was brought to America when he was 2 years old.

His mother's father, by name Liebenow, also was German, but his mother's mother was French, from Alsace. But Frank knows neither German nor French and never was notable for philosophizing over anything. He is a big, husky Arizona boy, with the joy of living and keen for the upholding of his country's flag, so matter how high the stakes or how great the dangers involved.

Out of High School in 1917.

Frank got through the Phoenix high school in 1917, with a record that electrified him and the lines of athletics and boyish pranks than for scholarship. His first work was in the mechanical department, a member of a party of eight, to get into mechanical aviation service at San Diego. When he arrived there was no place for them as mechanics, so there was a suggestion that they enter the aviation training school. As at least a high school diploma was required, it happened that Luke was the only one admitted to the school of education. The others enlisted in the ordinary way and one since has died on the field in France.

In the beginning, young Luke rather preferred the navy. But he had an attack of pleurisy about the time he presented himself to the recruiting officer and was advised that salt water probably would be found too damp for him, after two or three months in the navy. He finally dropped into the niche in which he seems to have so exactly fitted. His aviation training went from North Island, San Diego, to the ground school at Fort Huachuca, and then back to North Island, from which he was graduated in February of this year as an exceptionally skilled aviator. He came home for a few days and then sailed, May 2, for France, on his great adventure.

Has Destroyed 14 Balloons. Just what the Arizona had been doing lately is a matter that has been chronicled entirely by official and press reports. He must be very busy, for his proud family in Phoenix has received no letter from him since he broke into the line of duty. A German artillery barrage evidently has been a good correspondent, writing home at least weekly. There has been a check-up on front reports that he has destroyed 14 German gas balloons, his principal meat and eight airplanes that happened to be met with casually in the course of the day's job. The number may be likely to be even more, for there has been no report for several days of the activities of Arizona's fighting air.

Bisbee Boy Wounded.

Earl W. Wittig, a native of Bisbee and eldest son of Ed. Wittig of that city, has been seriously wounded at the front.

Every W. Francis, formerly justice of Grand Canyon, has been reported in a French hospital in serious condition from injuries received in a railroad accident. Duncan G. Munson of Yuma died of pneumonia at Camp Dix, N. J. Burial was at the family home, Gray, Tex. A wife is left in Yuma. Another Yuma loss is that of gunner Robert Walkington, in New York, who died of pneumonia in New York after three convoy trips across the Atlantic.

Son Of Pioneer Dies.

At Camp Pike, Ark., died Lloyd Osborn, son of W. J. Osborn, an Arizona pioneer, and cousin of Sidney P. Osborn, secretary of state. At Washington occurred the death of Earl Hawley, son of Dr. A. S. Hawley of this city. Hawley was stricken after he had been ordered abroad as a surgical instrument expert to medical headquarters in Paris.

Sergt. John York, who died at Camp Funston, was buried at his old home, Flagstaff, with military honors.

Critical Tastes are both pleased and satisfied with the aroma and flavor of Postum. It goes without saying that its healthful and nourishing qualities far outclass those of coffee and tea. Postum comes in two forms; Postum Cereal, which must be boiled, and Instant Postum, made in the cup in a moment. They are equally delicious and the cost per cup is about the same. Decidedly—'There's a Reason' for POSTUM.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Few Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.
