RUSS REJECT BID TO PARLEY

Northern Russians Won't Have Anything To Do With the Bolsheviki.

(Continued from page 1.) statement adds, the four great powers are to undertake its administration at once and the council of ten has asked the Versailles war council to submit a report as to the least amount available for the occupation of this area.

Australia Holds On. The only government that was continuing its formal objection yesterday afternoon to the compromise plan of administration, the German colonies was the Australian government.

There is no possibility now, the Daily Mail declares, of Australia continuing her independent opposition to this plan.

One result of the attitude taken by Italy in yesterday's discussion, the Daily Mail states, will be the decision that the mandatory system of administration should only be applied to non-European territories.

Thus, the fate of the Adriatic coast, the Balkan Austrian lands and the French territorial claims against Germany, which decision it should be noted, the Daily Mail adds, the newspaper, remains for independent consideration.

Rumania has complied with the wishes of the peace conference regarding extensions of territorial occupations, by withdrawing from a part of Bukovina, adjacent to Rumanian territory, as a dispatch to the Paris Peace conference states. The Rumanian, the dispatch states, have retired behind the line of demarcation.

Brazil Has Claims. Brazil has two matters of particular interest in the settlement of war claims—Germany for coffee and Italy for rubber.

The military representatives of the supreme war council are taking steps to secure an early meeting to arrange plans for the distribution of entente and American forces, the latter should be necessary within the Turkish empire.

French reports of misadministration of the American and other subject areas by local Turkish executive measures are understood to have been the reason for the action of the council yesterday in taking measures toward supplying military forces for the purpose of protecting these areas.

The military representatives of the council expect to be able to hold a meeting within a day or two. Meanwhile their staffs have been ordered to proceed immediately to gather material for the consideration of the council's military chiefs.

The report that some arrangements between Britain and Spain was in prospect through which Gibraltar would be turned over to Spanish jurisdiction is denied in the Paris edition of the Daily Mail in today's issue.

No Bargain With Spain. Statements circulated, says the newspaper, that Great Britain is considering a bargain with Spain in the return of Gibraltar. The fact is that Spain made certain tempting offers which were at one time considered by the British admiralty on behalf of the government, but which were for various reasons declined. No discussion of this matter now is taking place.

Italy To Yield Fiume Claim. London, Jan. 31.—It will be recalled, says the correspondent of the Evening Standard, that Italy is willing to withdraw her claim on the port of Fiume as part of Italian nationality. Italy will agree, the dispatch adds, to Fiume being made a free port as the port of Hamburg was a free city before the war.

French Oppose Plan. Washington, D. C., Jan. 31.—Vigorous opposition to the internationalization of former German colonies was made in the senate Thursday by senator Borah, Idaho, Republican. The speaker said he was not in favor of the United States assuming any "obligation to control, govern, or be responsible for any part of the German possessions."

Senator Borah said Australia, in demanding the German islands of the Pacific, had announced a Monroe doctrine for Australia, and added: "If we, as a member of a league, interfere with the Monroe doctrine of Australia, or the Monroe doctrine of Japan, or of some other nation, how long would it be before they would interfere with our Monroe doctrine?"

Fire Destroys Airplane Hangars At Rockaway Point Aviation Station. New York, Jan. 31.—Two hangars were burned to the ground and the power station slightly damaged in a fire today, which threatened a time to destroy the naval aviation station at Rockaway Point.

The aviators saved undamaged more than 50 hydro-airplanes, 12 of them from the burned buildings and including the N. C. 1, the world's largest air and water cruiser.

Flyers From Houston Much Feled At Tucson. Tucson, Ariz., Jan. 31.—The squadron of four De Havilland biplanes flying from Houston to San Diego, arrived at the landing grounds here Thursday afternoon at 2:45 o'clock. The flight from El Paso to Tucson was without incident or accident. The aviators were guests at a dinner given by the citizens of Lordsburg Thursday afternoon. An hour later, they left for Tucson. Last evening, the aviators were entertained at a dinner at the Old Pueblo club.

The itinerary of the De Havilland squadron was modified by Lieut. Hearn, one of the aviators, who will leave Tucson until Saturday morning for Phoenix. The pilots were guests of the Tucson Lumber club at noon today and in the afternoon will be the guests of the city on an automobile excursion to the ancient mine of San Xavier. Det. Sgt. ten miles south of Tucson.

AERO CLUB OF AMERICA HONORS YANK BALLOONISTS. Paris, France, Jan. 31.—The foreign service committee of the Aero club of America has awarded its special war medals and diplomas to the following observers in the balloon service of the American air service: Lieut. I. W. Taylor, T. C. Hehrnbach, W. A. Higgs, E. A. Rogers, L. O. Bowers, J. A. McDowell, C. J. Foss.

Ponck, the leading French agent, has been granted permission by the French government to represent France at the annual banquet of the Aero club of America on February 15, in response to a request by the foreign service committee of the club.

HUN WRECK BEGS TO BE AVENGED

Wives of 3 Officers and 12 Enlisted Men Land At N. Y. With Troops.

New York, Jan. 31.—The American steamship Plattburg, which arrived here Thursday with 121 troops, including the 22nd machine gun battalion, 12 officers and 484 men of the 121st division; machine gun company, five officers and 123 men of the 129th infantry of the 82d, and a number of casual companies of New York troops, and brought also six officers and 222 men who are convalescing from wounds, was the first troop ship to bring English "war brides" of American soldiers to this port.

There was one "war baby" on the ship, William Robert John Lewis, Jr., who came over with his mother to see his father for the first time. The father returned several weeks ago and last week was discharged from a detachment hospital.

Lieut. W. W. Derade, of Buffalo, met his bride in a convalescent camp where he was recovering and she was ministering to the invalid.

Lieut. Henry O. Wyatt, of Richmond, Va., said he made three trips from Scotland to win his bride, a 15 year old bride, who was an acquaintance of a Scottish soldier he had "chummed" with.

Texas Abandons Mongolia. Bringing 429 regular army, marine corps and national army troops from 11 states, all classed as casuals, and a detachment of the 29th mobile hospital unit, the American transport Mongolia arrived from St. Nazaire. Virtually all of the officers and soldiers have seen actual service and have been wounded in action or through accident, nearly 1000 being hospital cases.

The national army men on board include some from California and Texas.

Men From 60th Return. Philadelphia, Pa., Jan. 31.—Philadelphia today extended a welcome to 2197 men of the American expeditionary force, the first of the overseas contingents to arrive at the port. They came on the liner Haverford, which sailed from Brest on January 15.

After being entertained at a standing luncheon by women of the various war organizations, the veterans marched to the Pennsylvania railroad station and camp Dix.

Most of the returning soldiers were members of the 65th regiment, coast artillery.

Organized on the Pacific coast, the 65th regiment is composed mainly of California, Cal. Benjamin H. Jeffort, of Kansas, is in command.

It was announced that the same policy would be carried out with respect to the army in the United States. Promotions will be made when necessary to officers rank commensurate with the command being exercised, and the staff corps when appropriate, and the work remaining to be done by such corps.

SAYS CAVALRY REMOUNT OVERSEAS WAS FAILURE. Buffalo, N. Y., Jan. 31.—Maj. Henry Leonard told the members of the New York State Breeders' association at their annual meeting here that the American cavalry remount in Europe had failed.

The quartermaster's department reports verify the statement. The government purchased its artillery remount service at high efficiency, but failed to keep the cavalry properly mounted.

Maj. Leonard said it would be a long time before the tractor would be used in Europe, and he advised American breeders to spread abroad information on the superiority of American livestock.

TROOPS' RETURN CREATES A PROBLEM IN ARIZONA. Phoenix, Ariz., Jan. 31.—Maj. G. W. Jones, associate field director of the American Red Cross home service, stated that the increasing flood of home coming soldiers to Arizona was creating a problem, which would need immediate and expert attention.

Maj. Jones stated the situation has been well in hand up till a few weeks ago, but the influx of returning soldiers has created a manufacturing and the situation demands a speedy remedy.

Prisoner Recounts Horrors of German Kultur As Hostages of Enemy.

Mrs. Livingstone Uiter, of Steeple Rock, New Mexico, who left El Paso for her home Friday, received a letter from a cousin, Stephen Cowkell, a British soldier who was prisoner of the Germans for nearly three years.

Writing Mrs. Uiter from his home in England under date of Dec. 23rd last, he gives a glimpse of some of the awful horrors he and other prisoners were subjected to by the Huns. He writes:

Treat Them As Casualties. "I am now but a bundle of nerves, but what can you expect when one thing among others we had to submit to in prison was to be strapped to these hands well above our heads, toes just on the ground, not the balls of our feet. Remember, all the weight of the body is on the wrists. They used to put us in this position for days at a time, and as the sun went round an old we to hear all on our ears, heads until you could hear the voice of some one or another saying: 'Please, will some one put a knife into me or shoot me. I mean this, on oath, to be true as the Bible. Then some fools say: 'Treat them as you would be treated.' Treat them as casualties until they learn to be human."

Food Abominable. "Now as to food, the best I ever got was corn meal and so for the worst—there is none, dandelion leaves, or anything we could get hold of. But, dear cousin, I never worried when it came to diet, or even worse. My last Christmas dinner was hot water and a smoke, but I look like making good this Christmas. Mother is taking care of me like a baby. I get my nerves together I shall be off abroad, but not to Germany."

Remaining Fever. In a former letter written from the German prison in Mrs. Uiter Mr. Cowkell said he had been confined so long behind barred wire that if he ever got out he did not think he would ever be content to stop over 15 minutes in any one place; that he would just roam and roam the rest of his days.

MODIFIES RESTRICTIONS ON PROMOTIONS IN ARMY. Washington, D. C., Jan. 31.—Secretary Baker has modified the restriction, which has since the armistice was signed, on promotions in the army. A cablegram, sent to Gen. Pershing, authorizes him to "make such promotions among officers of the grade of colonel, as will give the officers, who, in his judgment, deserve it, rank equal to the command exercised by them."

It was announced that the same policy would be carried out with respect to the army in the United States. Promotions will be made when necessary to officers rank commensurate with the command being exercised, and the staff corps when appropriate, and the work remaining to be done by such corps.
