Dalmou and Mme. Villard Give Concert Delighting Audience At Woman's Club

EL PASOANS who are fond of music enjoyed a most interesting musical evening on Thursday when Andre Dalmou, violinist of Argentina...

This was Dalmou's first appearance in a special program at the club, although he had played several numbers previously...

Mrs. Villard sang a number of delightful selections. Her accompaniment was especially well rendered and much enjoyed as were her trills and roulades.

Mrs. E. B. Brown accompanied Madame Villard and Emilio de Nicolas, also a musician of note, was the accompanist for Dalmou.

NO MORE CATARRH

A Guaranteed Treatment That Has Solved the World of Sufferers.

Catarrh cures come and catarrh cures go, but Hyonol continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater, and the present year should show all records broken.

Hyonol is a powerful germicide and it will end your catarrh, or it won't cost you a cent.

If you have a hard rubber Hyonol inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

Kelly's Polished, or any other good gargle, will kill germs, but Hyonol (liquid), starts to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyonol used regularly will end catarrh, coughs, colds, bronchitis or asthma. A complete outfit, including a hard rubber pocket inhaler, and bottle of Hyonol, costs but little. No stomach acting. Just breathe it. It kills the germs, soothes and heals the inflamed membrane.—Adv.

"Guarantee Specials are always guaranteed values."

Next Week Is To Be Ethics Week For The Students of El Paso High School. By HELEN LOOMIS. NEXT week, beginning March 24, and ending March 31, is to be set aside as "Ethics week" in the El Paso high school. It is a difficult matter to define the word "ethics," but generally speaking it has to do with manners, morals and customs. Now, in the busy, full life of the high school, it is not possible to dwell at length upon these things or to give instruction in them. They are a part of every student's life and surroundings, but an indirect part, so the aim of "Ethics Week" is to call the attention of the students more definitely to higher ideals, better manners, and better character. A very interesting program is being planned to take place throughout the week. The pupils of the high school have been requested to urge their parents...

Coffee Hurts Many People. If you have been accustomed to drink coffee and find it causes headache, nervousness, sleeplessness or heart or stomach annoyance, why not try— INSTANT POSTUM. A table drink absolutely free from caffeine, the drug in coffee, but of rich coffee-like flavor. At Grocers Everywhere. "There's a Reason".

Talks On Safety. FIREARMS. A MAN with a piece of a hand saw once asked, "How did it happen?" and he replied, "I was fooling with a gun that wasn't loaded." Careless handling of firearms and assuming that a gun is not loaded are the two chief causes of accidents with firearms. Firearms should always be kept in a locked drawer or closet out of reach of children. Young boys should never be allowed to use firearms unless an older person is with them, and even then a handling or cleaning a gun in your home, you should take no chances—you should absolutely know that it is not loaded.

Mixed Iron Helps to Spread Health and Strength to 3,000,000 People Annually. Get Your Share! When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply sim over when the blood is filled with iron. Iron is red blood food—it helps put strength and energy into the veins of men and runs into the checks of women. A prominent New York surgeon and former Adjunct Professor of the New York Post Graduate Medical School and Hospital, Dr. Kenneth K. MacAlpine, says: "If people would only realize that iron is just as indispensable to the blood as is the air to the lungs and be just as particular about keeping up a sufficient supply at all times. There would, in my opinion, be far less disease resulting from anemia, weakness, and other ailments. In my opinion, Mixed Iron is the most valuable tonic, strength and blood builder any physician can prescribe."
