

WELL IN PECOS DOWN 3000 FEET

Companies Are Getting Materials Ready to Drill Other Wells.

A report from Sheffield, Texas, says the Kelly-Texas' acreage company's well on the Club Nook ranch in Pecos county, Texas, is down 3000 feet or more. The company is getting materials together for the well to be put down on the Pecos ranch 2 1/2 miles southwest of Giffin in Pecos county.

PLANNING TO DRILL FOR OIL AND GAS IN KLEBERG COUNTY

Kingsville, Kleberg county, Texas, reports that there is now a strong probability for the exploitation of the oil and gas possibilities of that county. The Texas Kentucky Oil company has a derrick on six miles southwest of Kingsville. The National Petroleum company is planning to drill. A cooperative company is being organized among land owners to put down a test well.

Youthful, Beautiful Skin Easy to Have

You may be as healthy as a kid but still have a poor complexion. Chances are, you are not taking care of your skin. Youthful, beautiful skin is easy to have. It is the result of a simple, natural skin treatment. The secret is in the use of a special cream that keeps the skin soft and supple. It is the only cream that does this. It is the only cream that is so simple and so effective. It is the only cream that is so easy to use. It is the only cream that is so economical. It is the only cream that is so beautiful. It is the only cream that is so youthful. It is the only cream that is so beautiful. It is the only cream that is so youthful. It is the only cream that is so beautiful.

GREATER TEXAS

has been highly recommended by Mr. Young, proprietor of Central Oil & Stock Exchange, Wichita Falls. Besides we have investigated this company and its company holdings ourselves. Our advice is: Buy at \$10.00. Want other company has ever sold in P.W. with Big Production—and Drilling in Block 72.

Bill Provides Investigation Of Oil Fields

Measure Now In Congress Appropriates \$150,000 For Purpose.

Washington, D. C., June 29.—The United States bureau of mines will be enabled to conduct investigations in the Texas oil fields to determine means of greater production and also methods of conservation and the prevention of waste, as the result of an appropriation provided in the sundry civil bill reported to the house. Approximately \$150,000 is provided for this purpose. An appropriation of \$150,000 also is provided to investigate mineral fields and unutilized mining products with a view of their most efficient preparation, treatment and use. The measure provides for payment of the salary of federal geologist, and of the northern district of Texas. Because of the importance of this bill, the department of justice, it was necessary that a special appropriation be made for its salary. To complete geologist buildings in Texas, the appropriation is \$100,000; Honey Grove, \$25,000; Orange, \$10,000; Pittsburg, \$25,000; Comstock, \$10,000; and other places, \$10,000. Arizona and New Mexico appropriations for federal buildings in the bill are: Las Vegas, \$25,000; Santa Fe, \$150,000; Nogales, \$75,000.

ARIZONA COMMISSIONER TO VISIT TEXAS OIL FIELDS

Phoenix, Ariz., June 29.—A. A. Betts, chairman of the Arizona corporation commission, is leaving this week for Texas, where he will personally visit a number of the important oil fields. Betts stated that his trip was for the purpose of familiarizing himself with conditions in the various districts, and he said that he was not intending to investigate any particular company. As the corporation commission regulates the sale of stock in Arizona by all companies, Betts feels that as a member of the commission he should have more information as to what can be obtained here.

GEOLGY REVIEW WILL SOON BE OFF UNIVERSITY PRESS

Austin, June 27.—In order to meet the demand for copies of the bulletin issued by the bureau of economic geology and technology of the university of Texas, entitled "Review of the Geology of Texas," a new edition of that work is now in the press. The bulletin is decorated by geologists and oil men generally as containing the most authentic and exhaustive data regarding the geology of Texas. The new edition has been revised and brought up to date by Dr. J. A. Hiden and members of the field force of the bureau of economic geology and technology. Besides the text it will contain geological maps that are of clearness in the matter of outlining the various formations of the state.

OIL SAND AT 500 FEET

The Barton-Paton Oil company is reported to have struck oil sand at a depth of 500 feet northeast of Electra, Texas.

Can Count 329 Derricks On Corner in 'Hog Town'

A person standing on a street corner in Deedemona, Tex., can count 329 derricks and there are as many more wells in the area. Derricks stretch from Deedemona to the Northland well, two miles east of German, where extensive drilling has recently commenced. Fifty wells in the Deedemona-German district are being drilled, and the work will be completed in the next two weeks. The present output is placed at from 12,000 to 15,000 barrels a day. Deedemona was once known as "Hog Town."

OCEAN IS DRILLING AT 1050 FEET; GOOD PROGRESS

News coming at the local office of the Ocean Oil and Refining Co. is to the effect that Ocean is now drilling at 1050 feet and is making rapid progress. It is expected for the next 1000 feet to make 100 feet a day. This news comes from C. F. Jones, superintendent in charge of the drilling. Ranger Central is drilling at 100 feet. The Root, Hupp & Duff Forks No. 1 is flowing 700 barrels with tools in the hole. The tools have been left in to suppress the flow, owing to the fact that the pipeline and storage well will be completed in the next two weeks. This well will be brought in by the middle of next week.
