

56 ARE INJURED IN TEXAS WRECK

Passenger Train On The Fort Worth and Denver Leaves Track

Fort Worth, Tex., Dec. 2.—Fifty-six persons were injured, two or three probably mortally, when part of the third section of southbound Fort Worth and Denver passenger train No. 3 left the rails here today. Twelve persons were seriously hurt. Two sleeping cars, two day coaches and the baggage car were derailed by a split rail and turned over.

A relief train, sent from Fort Worth started back immediately for the city with the injured. Names of the injured were not ascertainable here, as a check of the passenger list was not completed when the relief train departed.

VILLA AVENGING DEATH OF ALLY

Orders All Carranza Officers Executed; Threat Is Carried Out.

Orders have been issued by Francisco Villa for the execution of all Carranza officers and men that are captured by his forces, according to advices received here Wednesday. This action has been taken as a reprisal for the recent execution of Villa's chief ally, Gen. Felipe Angeles, it is said.

Officer Executed. The first important federal officer to suffer this fate was Maj. Leon Castro, who was operating in the state of Durango, under orders of Gen. Gabriel Cuervo, formerly commander at Juarez. The Villa officer immediately responsible for the execution of Castro was Salvador Querevan.

Shipment of modern rifles and of machine guns are reaching the rebel forces in Durango, according to reports that reached the border today. A large band of insurgents had been routed near Toluquilla, Puebla, recently; they left behind a small amount of modern arms, all three of which are being sent to the rebels from the United States, it is said.

Gen. Felix H. Sanchez, federal commander of operations in Puebla, has made a report of the matter to the Mexican secretary of war, according to the advices received here.

WILL CONSOLIDATE THREE JUAREZ IRRIGATION CANALS. Three irrigation ditches, accommodating a territory of 23,800 acres of land near Juarez, are to be consolidated into one canal which will take water from the Rio Grande only at the headgate, according to the an-

Juarez Exports Into U. S. Show Heavy Activity

Consists Mostly of Live-stock, Feed, Hides and Ores.

American consul E. A. Dow, at Juarez, has prepared a statistical bulletin showing that exports through the Juárez port into the United States increased more than \$20,000 during the month. The figures for October were \$28,822 as compared with \$28,565 for September. The goods consisted of livestock, feed, hides, bullion, ores and a quantity of rough lumber, the latter with hides and livestock constituting the principal items.

Imports to Juarez from the United States amounted to \$27,214.83 against \$41,421 for the previous month. Of this amount, 98 percent was machinery and hardware, while the remaining 2 percent was groceries and clothing. Lumber shipped through the port during October amounted to \$244,400 feet, valued at \$32,440.

Abolishment of F. G. Mactorma, civil engineer in charge of the Juárez project. He says Mexico is clothed 50,000 acres with water from the river by a treaty of 1906, and that this amount equals 1 1/2 feet of water spread evenly over 2,000 acres.

ALLEGED MURDERERS OF WASHINGTON, D. C. Dec. 2.—Prosecution of the alleged murderers of Lewis County and Waterhouse, American aviators, whose bodies were found buried on the beach of Los Angeles bay and later brought by the United States for burial, has begun at Innesdale, Lower California. The American embassy at Mexico City has been advised by the Mexican foreign office.

Comparison between American submarines and captured German U-boats shows the former to be more comfortable, swifter and possessed of a greater sailing radius.

SCOUTS WILL HELP POLICE

To Be Made Adjuncts To Department; Training Will Be Helpful.

El Paso's 400 boy scouts are to be made adjuncts to the police department. This was announced following a meeting of the El Paso boy scout council by chief of police J. R. Montgomery. The action follows a recommendation to that end made by Rev. Fuller Swift, and investigations of his own. The purpose of the plan is threefold. It will give the boy scouts a training in community protection, increase their interest in the city's welfare, and it will serve as an advance of the more believe, to go far toward preventing the spread of radical doctrines.

Make Fire Guardians. Boys put on their hands will make fire guardians of the city. It was stated and will report any and all violations of the law. This was shown to have been the case in a meeting when some boys found a coal fire in a building and reported to the police. The boys were credited in several other cities, including Kansas City, Mo. boy scouts on special occasions assist the police in handling crowds and in carrying out crowd control.

It was voted at the meeting to hold council by chief of police J. R. Montgomery. The council sessions once a month at the El Paso hotel in 1920. It also was announced that about \$15,000 would have to be raised in January to carry a scout work next year.

Neil T. Sherman was re-elected president of the scout council. The other officers elected were as follows:—

Marjorie Schwartz, first vice president; H. M. Andrews, second vice president; Dexter W. Meisel, third vice president; W. L. Taylor, fourth vice president; G. A. Martin, fifth vice president; Joseph A. Wright, treasurer; M. L. Hutchins, secretary; H. L. Stevens, chairman of the finance committee; J. E. Burden, Frank A. Farrell, R. P. Cannon, R. N. Mullin, M. J. Remo, deputy commissioners to be reported to national headquarters in the United States for election of the commissioner and second executive.

Members of the present council were reported and the following members were added: R. J. Brien, E. M. Roberts, W. C. Griffith, J. B. Gwin, Harry Berlin, Norman Walker, Carl J. A. Wagner, A. L. Holm, fire chief John Wray, chief of police J. R. Montgomery, A. H. Johnson, M. J. Woodcock, mayor Charles Davis, W. H. Wirth, Dr. R. P. Jones and H. P. Demond.

Urevae Nansen for Schools. The boy scout council was urged for use as a text book in the high school by A. H. Huxley, superintendent of schools. This only difficulty is to find somebody capable of teaching all of the subjects in it. The executive committee has made a report in which he said there are 4800 boys to be reached by scouting in El Paso. H. P. Compton, M. L. Hutchins, M. J. Remo and J. R. Segall made enthusiastic talks.

Randit Says Jenkins Was Kidnaped To Show Carranza Weakness. Declaring that he alone is responsible for the kidnapping of consular agent W. O. Jenkins, and that the act was carried out simply to show the world the weakness of the Carranza government, Federico Cordova, the bandit, has sent two letters to the Mexican government, and to the American attaché at Puebla, according to reports published in Mexico papers.

The letters are reported dated from the headquarters of the national revolutionary army, Puebla, and signed by Brig. Gen. Cordova. In them he says that the monetary consideration in the case was secondary. He remarks that he is more than surprised at the action of the government, as nobody is responsible but himself and four of his followers. "I want the whole world to know this: to know that it was done for political reasons, simply to show up the government which has been a disgrace to Mexico," the letter is quoted as saying.

COURT HOLDS DELINQUENT CHARGE IS NOT FELONY. Austin, Texas, Dec. 2.—Charging that a person is a delinquent child is not a felony charge, even though the case upon which the charge is based is a felony, the court of criminal appeals held today in affirming the case of Malcolm Mince, who was sentenced to two years in the reformatory for robbery.

The defendant contended for a reversal upon the ground that a jury had been waived, and that a jury cannot be waived in a felony case.

CHARITY DRIVE NEARS ITS GOAL

Workers Have Raised All But \$7000 of the \$40,000 Fund.

Workers in the \$40,000 campaign for the Associated Charities are within less than \$7000 of their goal, according to reports tabulated at a luncheon Wednesday in the Red Cross log cabin in San Jacinto plaza. The workers reported \$22,151 raised up to noon Wednesday but the report that the Kiwanis club gave \$250 pushed the total up to \$22,401, making only \$17,599 to be raised.

Workers at the luncheon seemed delighted with the progress of the drive. They were enthusiastic and many expressed determination to push the work over the top when final reports are made at noon Friday. No luncheon will be held Thursday.

The team captains and the amount of the contributions credited to their teams follow: Team No. 1, C. J. Maple, \$1170; Team No. 2, Sam Green, \$1100; Team No. 3, Robert Holliday, \$1450; Team No. 4, Earl Duff, \$1200; Team No. 5, J. T. Pustford, \$900; Team No. 6, E. G. Perry, \$1110; Team No. 7, M. R.weeney, \$1225; Team No. 8, H. E. Dackles, \$1254; Team No. 9, M. J. Campbell, \$1212; Team No. 10, T. M. Wingo, \$125; Team No. 11, W. H. Shuster, \$1245; Team No. 12, Edgar Naylor, \$1112; Team No. 13, Clathorne Adams, \$1250; Team No. 14, Dr. Floyd Pate, \$1080; Team No. 15, J. H. Johnson, \$1247; Team No. 16, E. M. Russell, \$1235; Team No. 17, A. E. Sweet, \$1740; Team No. 18, J. H. Johnson, \$1247; Team No. 19, No report; Team No. 20, No report; Team No. 21, Central subscription committee, \$14,140; Total, \$22,401.

Kevin Explosive Drive. J. B. Gwin, secretary of the Associated Charities, gave several reasons why the drive is meeting with success. He said that the churches have the backing of the churches of all denominations, and should have, he said, because of the fact that the members of crowds, and the ministers knowing this referred many of the city's poor to the Associated Charities.

Another reason why the drive is meeting with success is because the city and county officials, all of them, he said, recognize the work the Associated Charities is doing. According to Gwin, many things besides lack of money, causes poverty. He said a person could be poverty stricken and still have money. Persons helped by the Associated Charities not only need money, he said, if this were all they needed the work of the organization would be light and easy, he said, but persons who seek help from the Associated Charities need not only money, but counseling, advice, medicine, hospital treatment, employment and friends.

One of the greatest pieces of work carried on by the charities is to help restore health and to put people in a position to make their own way. The secretary told of a Turkish family the Associated Charities supported for five months, furnishing \$60 a month for the family. The man had lost a leg, but prior to this affliction he had been a barber. Dign and dignity he began working again as a barber. Now the man is on a farm doing day labor.

These cases, Gwin said, were only typical, and that hundreds of others just as deserving could be pointed out through the constructive work carried on by the Associated Charities.
