English Women Ask Why Every Year Shouldn't Be Made Leap Year; Favor It

LONDON, Eng., Jan. 31.—Of course, women should have the right to propose. They should have that right not only during leap year, but in any other year.

The Evening News "views it with alarm." "The last year," says the News, "women have acquired the vote; women have been made into P. Paand in a parliament; and now they want to be emancipated sex make a combined onslaught on the more valuable of man's remaining prerogatives."

John E. Kramer, federal prohibition commissioner, declares that he never touched anything stronger than claret wine for medicinal purposes, and he will have no mercy on those who are going to be chronic invalids for the sake of a drink.

Kramer is a mild little man. He has a sense of humor and a kindly disposition, and most important, he has faith in humanity, so much so that he trusts it to obey the law, even the law against liquor.

In order to help the public out Kramer declares he is going to do little educational work. It is a pretty hard task to educate a man with a throat, but Kramer believes he will have no mercy on those who are going to be chronic invalids for the sake of a drink.

The little prohibition man is building up a huge machine to aid him in his work and declares that he will make it pretty risky business to break the "dry" laws.

The task in the new business for Kramer, he has been identified with "dry" work for a long time. In Ohio, his home state, he is known as one of the leaders of the movement against liquor. By profession he is a lawyer, but he was a teacher and a school superintendent during the early days of his youth.

The judicial mind in one of the attributes of Kramer, and he is quick to judge but quick to act once he makes up his mind. He is not inclined to be a radical on the prohibition question; he merely wants the law enforced, he is here to see that it is done.

Joan of Arc Bodice for 1920 Dancing Girl. London, Eng., Jan. 31.—The 1920 dancing girl will have a bodice like Joan of Arc.

Those who pretend to be fashionable are wearing the immortal French soldier's girl. Frocks with these meshed corseta are arriving from Paris, where they are a riot.

In London the idea is carried out in frocks for day wear. The material used is a heavy, but light and cool, and is not heavy, but light and cool.

Champion Optimist Bids for Liquor Licenses. Worcester, Mass., Jan. 31.—Entered as a candidate for the most energetic optimist, John Harper.

Though the west of the country is buying John Harper, he has been made application for two liquor licenses.

He is going to pass legislation soon for the sale of light wines and beer, said Mr. Foster.

He is ready and get on the ground floor.

LARRAZOLO THINKS CONGRESS WILL ACT ON RECLAMATION. Santa Fe, N. M., Jan. 31.—Gov. O. A. Larrazolo, who has returned from Washington, where he attended a meeting of the Interstate Reclamation Commission for the purpose of land reclamation, stated last night that he had accomplished his trip all that could be hoped for.

He stated it was quite possible the matter would be brought before the next session of congress with hope of success.

GOVERNMENT TO THROW OPEN NEVADA FARMS FEBRUARY 25. Washington, D. C., Jan. 31.—The four government farms on the Nevada project in Nevada, ranging from 100 to 100 acres of irrigable land will be opened to entry February 25, secretary Lane announced today.

SIX DATE OF WAR'S END. London, Eng., Jan. 31.—A committee conference has been named to decide the official date of the ending of the world war. It is declared that thousands of people are involved in legal proceedings which have been held up pending an authoritative decision on the point.

The Oil Industry. Texas and Louisiana oil fields offer wonderful speculative opportunity for small or large amounts. Do not buy unless you take the time to study the situation. The oil business is a great one and you get in a good company with responsible management.

American Legion Members Advised To Ignore Berger. Worcester, Mass., Jan. 31.—Harve Victor Berger—don't oppose him. He drives on the publicity that opposition brings. This was the advice issued today to the American Legion members here relative to their conduct when the Milwaukee socialist makes his scheduled appearance in Worcester.

Women should have knowledge of the handling of money in all its branches. Mr. Forgan declared, and urged that they study financial conditions as a stepping stone to success.

Spend prudently, save systematically and invest wisely, he advised.

Old Soldier Testifies to Wonderful Merits Number 40 in Constipation, Stomach Trouble and Catarrh. National Home, Wis., May 12, '18 "When I commenced taking Number 40 For The Blood, I was suffering with chronic constipation of a good many years standing, which finally developed into stomach trouble which so had I was unable to eat anything that did not cause great suffering. I tried a good many doctors as well as everything I could hear of that was recommended for my complaint. I was also troubled with catarrh of lung standing and I had dropsical swellings in my feet and ankles which the doctors said was caused by a weak heart. I had about given up hope of being much better when I saw an ad. of your No. 40 in a country paper and concluded to try it. I felt no more better after taking one bottle that I sent direct to you for three more bottles. I have taken about two and a half bottles and while not feeling entirely well, I feel by continuing the use of 40, I will get to feel as well as I could reasonably expect for a man of my age, 75 years. I hardly know how to estimate the value of the benefit I have already received from the use of No. 40, and cheerfully recommend it to those suffering as I was." Morris Law. Witness to signature, Nelson H. Pease, 49 is a combination of the best alternatives selected from the best prescriptions, compounded and compounded at the expiration of five days after the hour at which free time begins to run under the demerage rules.

PENALTY LISTED FOR DELAY IN UNLOADING STORAGE CARS. Information has been received by A. T. Tadlock, director of the chamber of commerce traffic bureau, from the National Industrial Traffic League, of which he is a member, that the railroad administration has canceled the 15 emergency penalty charge for delay in unloading storage cars loaded at the expiration of five days after the hour at which free time begins to run under the demerage rules.

TO HELP LOCAL JOBBERS. W. H. Dent, formerly chief clerk in the quartermaster corps in the El Paso military district, has offered his services, through the chamber of commerce, to the manufacturers and jobbers of El Paso, in an advisory capacity, on transactions involved in the sale of material to the government. Mr. Dent has not only handled

the bids and purchases of the department, but also all matters referring to leases in the El Paso district.
